GET THE BEST PIMPLES

Facial Blemishes, Blackheads, Eruptions.

They Have One Common Cause. An Impure Condition of the Blood.

Make the blood normal and you cure the pimples.

But unless elimination is perfect the blood can't be normal, can't be anything but foul.

In elimination nothing plays a more important part than the skin, and if it gets too much work it becomes diseased, and pimples, blotches and eruptions are the result.

Not a bit of use to try external applications. The foundation of life, the blood, must be purified.

More than that, the blood must be supplied with the elements necessary to furnish the organs with increased power to do their work.

Ferrozone supplies exactly these constituents, and it does more.

It stimulates through the nervous system all the eliminative functions of the body.

By stimulating the kidneys and liver and the skin is relieved of an excessive work, and it soon resumes its normal mode of action.

Ferrozone destroys the poisons in the blood, gives it new and rich material through the thorough digestion of food.

The skin resumes its normal, rich color.

Every vestige of blotch, pimple or eruption then disappears.

You see then that Ferrozone is not only a blood purifier, but a blood fortifier, and when your blood is pure and strong, not only will the skin be freed from blemishes but the whole body will be rejuvenated and fortified, and given the power of endurance, vim, the natural outcome of health. Ferrozone is sold by all dealers in 50c. boxes.

Also Webster's Collegiate Dictionary
1125 Pages, 1400 Illustrations.
Regular Edition 7x10 1/2 inches, 3 bindings.
De Luxe Edition 8 1/2 x 11 1/2 inches, 2 printed from same plates, on like paper, 2 beautiful bindings.
P.L.E., "Dictionary Wrinkles." Illustrated compiles.

Most travellers carry medals for telling fish stories, but there is one which is a little off the common run.

We were camping in the north, says a man of the road, and one evening after our supper of black bass and bacon we lay under the pine trees smoking and telling fish stories in which it was always the "bigger bass" that got away.

The guide listened with the gravity of a man who knew all about fish stories, and finally he knocked the ashes from his pipe and told us a fish story.

"Once long ago," he said, "there was a terrible big trout up in Smith's pool. Every fellow who fished in the pool had hooked him one time or other, but he always got away, bit off the snood or something. I tried to catch him myself a dozen times. One day I was sitting by the pool, when splash, a young robin fluttered out of a limbo above the pool in the water below. In a minute there was a rush, a gleam of yellow, and the old trout had thrown himself clear out of the water, and had swallowed the young robin whole. What did I do? Well, I climbed that tree in short order, got another one of those young robins, baited my hook with it, and threw it in just as lightly as I could. In a minute there was another rush, another gleam of yellow, and again the old trout jumped clear out of the water as he swallowed the robin, and in a few minutes more I had him hooked. It was lucky I wasn't fishing with any of this new-fangled rigging these boys use, and that I wasn't bothered with a reel to look after, or I would have lost him sure. As it was, it took me a devil of a time to get him out. Good to eat? Great Scot! We didn't try to eat him. He was so full of hooks we sold him for old iron, you know." That ended our fish stories for that night.

Last Fish Yarn of the Season

Met at Dornoch on Saturday, the 19th October, 1907. Members all present the Reeve in the chair. Minutes of last meeting read and passed. By law no 8 appointing deputy returning officers, polling places and place of nomination; and by-law No 9, appointing poll clerks at next municipal elections were duly passed. The Reeve reported having expended \$101.39 in the erection of a new bridge at Welbeck and \$31 in the repairs of other bridges. The commissioners reported money spent on roads in their divisions since last meeting—No 1 \$8.15, No 2 \$110.10, No 3 \$7.66, and No 4 \$29.53. The following accounts were ordered to be paid—Messrs Wilson and Kennedy of Owen Sound, \$3 each for expert evidence in the Smith engine case and the Reeve \$3 for his personal expenses in the same case; \$3 for Superintendant at Brown's bridge (new), and \$2 for selecting jurors; Dr Smith, \$13.63 for 5 1/2 barrels cement and in making sidewalks at Dornoch. The following expenses in connection with the revision of 1907 Voters' List were ordered to be paid:—H H Miller \$5 rent of hall, the clerk \$9.32 for services and Henry Pratt \$13.37 for notices; total \$27.32. \$2.50 for insurance on grader; Geo H Mitchell \$5.00 on printing account. Wilson—Grier—That the Reeve and Clerk be instructed to sign plans now shown by C. P. E. Engineer Degherby as follows:—1st, su-way crossing at Livingstone's Island at Camp Creek, 2nd, third side road at mile 23—37, 3rd, Woelhe's side road crossing, 4th plan of highway bridge at Camp Creek. Council adjourned to meet in Clark's office Hanover, on the 15th day of December next.

The New Railroad BRIDGE

across the river in Town is causing a great deal of talk since it was started. Many are predicting that it will not stand the test when the floods come in the spring; others that there will be a big jam when the fresh comes, and will be carried away. Well we would not like to have that come to pass, but we would like to see people jam and fill our store up, and get the

BARGAINS
we are giving in New Dress Goods, Furs, Boots & Shoes, and Underwear etc. Come and see how we will manage to wait on you.

TELEPHONE DEAL CLOSED.

Bell Company to Cease Doing Local Business.

(Dunnville Gazette)

The telephone deal referred to in last week's issue has been closed, and will take effect on November 1, after which date the Bell Co. will cease to do business in the territory covered by the system of the Dunnville Consolidated Telephone Company. This territory includes the entire county of Haldimand, the township of Tuscarora in Brant county, the townships of Caistor and Gainsboro in Lincoln, and that portion of Wainfleet in the vicinity of Winger.

The Consolidated Company has purchased the poles, wires and all other outside plant of the Bell Telephone Company in this territory except what is reserved for long distance service. The Bell Company agrees to maintain no exchange and do no local business in this territory during the term of agreement, which is for ten years, and as much longer as the two companies desire, it being terminable after ten years on 60 days notice prior to the expiration of any yearly period. The Bell Company will handle all the long distance business, and for this purpose will have an exchange at Cayuga, but nowhere else in the district, and the Consolidated Company will give all the long distance business to the Bell Co.

A Certain Cure for Croup—Used for Ten Years without a Failure.

Mr. W. C. Bott, a Star City, Ind., hardware merchant, is enthusiastic in his praise of Chamberlain's Cough Remedy. His children have all been subject to croup, and he has used this remedy for the past ten years, and though they much feared the croup, his wife and he always felt safe upon retiring when a bottle of Chamberlain's Cough Remedy was in the house. His oldest child was subject to severe attacks of croup, but this remedy never failed to effect a cure. He has recommended it to friends and neighbors and all who have used it say that it is unequalled for croup and whooping cough. For sale at Parker's Drug Store.

NOT LIKE THE OCEAN.

Many people do not realize that navigation on the Great Lakes is very different from that upon the ocean, not because of the lakes being fresh water and the absence of tides, although there is a slight tidal influence in Lake Superior, but because of the decreased depth of water after a dry summer, in which respect the lakes resemble rivers. This summer has not been a particularly dry one, yet Lake Superior was the only one of the Great Lakes which did not fall during the month of August. During the month it rose two and a quarter inches and has now practically the same level as it had during the corresponding month of each of the last three years, but it is nevertheless a foot lower than it was in 1876 at the same period of the year. During August Lakes Michigan and Huron fell a little more than an inch and they are likely to fall two inches this month. At the present time they are both more than two feet lower than they were in 1876. During July and August Lake Ontario fell three and a half inches, but is six inches higher than last year, thirty inches higher than in 1895, and fourteen inches lower than in 1876.—Shipping Illustrated.

EAT WHAT YOU WANT

Science Has Now Found a True Way to Cure Indigestion.

A few years ago, when a sufferer from indigestion went to a stomach specialist the result was a rigid diet that almost meant starvation.

By dint of the most patient experiments science has finally found out that to make sure of good digestion you should eat what your stomach asks for; of course using moderation.

But the first thing to do in the case of indigestion or stomach weakness is to strengthen the muscular walls of the stomach and intestines, so they will care for the food that is eaten. In no other way can this be done as well as by taking a Mi-o-na tablet before each meal. This restores strength to the stomach muscles and stimulates the pouring out of gastric juices, so that the food is digested readily and its nourishment retained in the system to build up energy and vitality.

Do not think the sick headache, heartburn bad taste in the mouth, coated tongue, spots before the eyes, sleeplessness and the many other symptoms that are the direct result of indigestion, will go away of themselves. The stomach must be built up and strengthened by Mi-o-na before you can be well and strong, free from suffering and distress.

In many of the best homes in Durham and adjoining towns, the handy little Mi-o-na tablets, so pleasant to take, yet so effective, have given quick and lasting relief from indigestion and that disagreeable full feeling after eating.

Mi-o-na is sold by druggists everywhere for 50 cents, and we positively guarantee to refund your money should you purchase a box and be dissatisfied with results. Write for free sample addressing Booth's Mi-o-na, Box 977, Buffalo, N. Y.

THE DAVIS CLOTHES REEL

brings the clothes line to you. You can stand on your own back steps in winter time and hang out a whole washing without having to drag the basket a foot.

We believe the "Davis" is the best reel made and we want to prove it to you. Send us your name and address and we will send you one on trial without it costing you a cent.

YOU CAN SEE THINGS GROW.

Rev. T. J. Marsh Tells of his Parish 1,000 Miles North of Edmonton.

Among those coming in from the north to Edmonton last week was one of the pioneer Anglican missionaries of that country in the person of Rev. T. J. Marsh, who has spent the past fifteen years among the Indians there. Fourteen years of that period were spent at Hay River post on Great Slave Lake and one year at Fort Leard. Rev. Mr. Marsh says Hay River post is, roughly speaking, about 1,000 miles north of Edmonton. For 360 days out of the year our continuous diet, three times a day, is fish and potatoes and imported luxuries, which are your necessities," he said. "To take goods to the Hay River post costs \$8.75 a hundred-weight, and at this rate any importation is a luxury."

"Rapid growth of vegetation in summer months," says Rev. Mr. Marsh, "is one of the wonders of the country. Potatoes grow visibly in a day and other crops come up with marvellous rapidity. The reason is the almost perpetual summer sunshine which in June and July continues for twenty out of the twenty-four hours. [Mr. Marsh, we believe was a native of Clarksburg, this County. We omitted to note the exchange from which this clipping was taken.—Ed.]

YOUR WISEST COURSE.

If you are caught in the wet, get sore throat neuralgia or muscular pain, don't wait for worse troubles. Begin prompt treatment with Polson's Nerviline. It drives away all trace of cold, eases rheumatism, neuralgia and pain, saves you from a lay-up in bed. No 25c purchase can bring more comfort than a bottle of Polson's Nerviline; it's the cleanest, strongest liniment made. Sold every where in large 25c bottles.

A CHANGE IS IN SIGHT.

A Movement on Foot to Alter Historic Name of Town on Georgian Bay to Osbrooke.

(Meaford Express.)

Some of the citizens of Owen Sound are desirous of changing its present historic name to Osbrooke, which name is derived from the initials of Owen Sound, prefixed to Brooke, a village just outside the town. Their idea would be to join with Brooke and make the two corporations the city of Osbrooke. They claim that the present name, which was given it by an early explorer named Owen, is misleading, as the so called Sound is not a sound at all, merely a bay. That is quite right, but the Owen Sound citizens take into consideration the fact that their town is known not only all over Canada, but all over the world to tourists who have passed through it on their way to the west. Those who oppose the change state that as its present name appears on all the railway and steamboat timetables which are scattered over the country endless confusion would be the result of such an action. There is also an agitation to number all the streets after the fashion of the up-to-date United States cities. In that case Poulette street, the main street of the town, would be Fifth avenue. Charles Poulette Thompson, Lord Sydenham, after whom the street was named, would be forgotten. The names of many of the other streets have similar associations.

A Rushing Business.

On the 31st day of August 1906 W. R. Davis, editor of the Mitchell Advocate, was appointed Police Magistrate, for Mitchell, Fullarton, Logan and Hibbert. Since then he has disposed of eighty-six cases, summary and criminal. The town treasurer, during that time, received in fines \$175 and the Liquor License Inspector \$140. Four prisoners were committed to Central prison; three to mixed trial at the assize court, three to terms in the county jail, one to the House of Industry, one to the Mercer Reformatory and one to London Asylum. Bro. Davis seems to have done his share towards handing out justice to evil-doers.—Gorrie Vidette.

Afflicted with Sore Eyes for 33 Years.

I have been afflicted with sore eyes for thirty-three years. Thirteen years ago I became totally blind and was blind for six years. My eyes were badly inflamed. One of my neighbors insisted upon my trying Chamberlain's Salve and gave me half a box of it. To my surprise it healed my eyes and my sight came back to me.—P. C. EARLS, Cynthia, Ky. Chamberlain's Salve is for sale at Parker's Drug Store.

DURHAM SCHOOL.

STAFF AND EQUIPMENT.

The school is thoroughly equipped in teaching ability, in chemical and electrical supplies, fittings, etc., for full Junior Leaving and Matriculation work. The following competent staff are in charge:

THEOS. ALLAN, 1st Class Certificate, Prin.
MISS LOLA McLEOD, B. A. Hon. r Graduate of Queen's University, Classics, Modern s, and English.

MISS M. S. MOLLAND, First Class Certificate and third year undergraduate of Queen's University, Science, History and Geography.

Intending students should enter at the beginning of the term if possible. Board can be obtained at reasonable rates. Durham is a healthy and active town, making it a most desirable place of residence.

Fees, \$1.00 per month.
WM. JOHNSTON, Chairman.
C. RAMAGE, Secretary.
