J. PEELE, H. PEELE, JULIA PEELE } Executors.

Serious consequences were averted at Kingston by Zam-Buk. Blood Poison through stocking dyes has on more than one occasion proved serious, and such might have been the case with Mr. Thos. Foster, of Kingston, had it not been for Zam-Buk.

COUNTRY SCHOOLS.

Fifty-eight per cent. of the whole school population of Ontario, according to the Report of the Provincial Department of Education, attend its country schools. Only five per cent reach a High School.

What is the present character of the rural schools of Ontario? They are said to be inept as related to the life and work of the people. The curriculum of the rural school, it is alleged, is planned to send the pupil as rapidly as possible to a High School.

It is not to be supposed that there are not trustees, inspectors and teachers connected with the rural schools of Ontario who appreciate and aid in carrying out the proper work of a country school.

System Requires Frequent Cleansing.

Not only outside but inside as well, your body must be frequently cleansed. Otherwise it becomes loaded with wastes that clog up the wheels of health.

Dr. Hamilton's Pills bring vim and vitality so much sought for to-day; they infuse a feeling of freshness and spirit in those who have been ailing for years.

The Brockville Recorder (Hon. Mr. Graham's paper) prints an account of a Brockville wedding under the heading, "At Hyman's Alter."

STARVE THE POOR.

Shocking Treatment of Inmates of Grey House of Refuge.

(Toronto News.)

Some startling charges have been made in connection with the management of the Grey County House of Refuge at Markdale. The Grand Jury at the Owen Sound Assizes, made a presentment to Mr. Justice Mudge last week, which has been forwarded to the Provincial Secretary's Department in which they state that in their opinion, the real object of the institution has been lost sight of in the desire to make a good financial showing.

BUTTER AND CREAM SOLD.

"To particularize," says the presentment, we find the inmates have not been supplied with either butter or sugar, which, we consider, two of the necessities of life, and which, naturally, would be much missed by these aged people.

"The bedrooms are locked early in the morning so that the inmates have no access to them, and have no other accommodation than to lounge around on hard board benches, or on a few hard-seated kitchen chairs.

MAKE THEM ATTEND CHURCH.

"The practise of enforcing the attendance of every inmate to worship in the chapel at the dictation of the manager (who has his own peculiar creed to maintain, and who is often the only preacher available) should be abolished by the manager.

"We find there is a dark hole or room in the basement without proper ventilation, light or heat, into which the manager forcibly places any of the inmates who disobey orders, or who show the least sign of insubordination.

The presentment concludes by recommending "that the manager in charge of this institution should in all cases use good human judgment and tact, and at all times temper justice with mercy."

THE COUNCIL TO BLAME.

The presentment concludes as follows:—"In justice to Mr. Harness, the manager, we wish to state that he is practising much of the unwise economy complained of under instruction of a committee of the County Council."

The attention of the Inspector of Hospitals and Public Charities will be called to the matter.

Greatest Female Strengthener on Earth.

Thousands of women are wan, pallid, run down and dispirited. What they need is that nourishing tonic, Ferrozone. Soon they regain those laughing eyes, bright spirits and rosy cheeks.

Frequently you pick up one of the local papers and after glancing at the headlines wearily thrust it aside, remarking, "Nothing in the paper to-day." Did you ever stop to think what that phrase—"nothing in the paper to-day"—means?

How to Cure a Cold.

The question of how to cure a cold without unnecessary loss of time in which we are all more or less interested, for the quicker a cold is gotten rid of the less the danger of pneumonia and other serious diseases.

MAKE IT YOURSELF.

There is so much Rheumatism here in our neighborhood now, that the following advice by an eminent authority, who writes for readers of a large Eastern daily paper, will be highly appreciated by those who suffer:

Get from any good pharmacy one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces of Compound Sarsaparilla. Shake these well in a bottle and take in teaspoonful doses at or each meal and at bedtime; also drink plenty of good water.

It is claimed that there are few victims of this dread and torturous disease who will fail to find ready relief in this simple home-made mixture, and in most cases a permanent cure is the result.

This simple recipe is said to strengthen and cleanse the eliminative tissues of the kidneys so that they can filter and strain from the blood and system the poisons, acids and waste matter, which cause not only Rheumatism, but numerous other diseases.

Our home druggists say they will either supply the ingredients or mix the prescription ready to take if our readers ask them
