**ADDRESS AND PRESENTATION.**

On Tuesday evening of last week some of the neighbors and friends of Mr. and Mrs. W. J. Young met at their home to spend a pleasant social time with them before leaving for their new home in town. The following address was read by Mr. Geo. Binie and at the proper time a couple of fine Morris chairs were brought in by Mr. John Bell and Mr. Geo. Smith and presented to Mr. and Mrs. Young. Mr. Young replied for himself and family, referring to the warm and kindly feelings that were displayed by their neighbors towards them, and also to his father and mother in days gone by, and which he fully appreciated. He had always taken a deep interest in the welfare of the community and had done all he could to promote its best interests socially, morally and spiritually, and had taken great pleasure in the work. He thanked them all for their very kind address and for the beautiful presents which he appreciated at their true value, and gave all a hearty invitation to visit them in their new home. Brief addresses were made by Messrs. Wm. Ramage, John Bell, Chris Firth, Thos. McGirr, Geo. Aljoe and George Binie, referring to the neighborly qualities of Mr. Young and family, forgetting their departure and expressing the hope that they might have a long and happy life in their new home. A beautiful fruit dish was presented by Mr. and Mrs. Firth to Mrs. Young and handsome albums to the young ladies as a token of the kindness received from them. A very pleasant evening was spent in social chat, story, games and song, Mr. W. Ramage giving liberally of his well known musical talent, and Mrs. Geo. Smith presided at the organ. At the close a lunch was served by the ladies of the good things they had provided for the occasion. Following is the address:

To Mr. W. J. Young.

DEAR SIR,—As you are about to leave this neighborhood and take up residence in Durham we, your friends and neighbors, have assembled here to-night to spend another pleasant evening with you and to say good bye before you take your departure. We have to express our regret that you are leaving us and had hoped you might spend your life here amongst us. However, you have decided otherwise and we are glad to know that your prospects for a happy and comfortable life in your new home are bright and rosy, and we have no doubt that it will be a life of activity in the future as it has been in the past. You have taken an active part in the social life of the community, as well as in its more important interests. For many years you have served faithfully as a trustee of the school section and taken an intelligent interest in educational work generally. But more especially along the lines of Sunday School and church work have you been a leader, being always active in the moral and spiritual uplift of the community. We have, too, to express our sincere regret in parting with Mrs. Young and family, ever bright, cheerful and obliging they will be much missed. We now ask you to accept these small gifts to yourself and Mrs. Young as some slight tokens of the esteem in which you are held by your friends. We hope you may accept them as such, and that you both may long be spared to enjoy them in comfort.

And now in taking leave of you and your family we hope to meet you often yet in friendship, and when we finally part in life may we all meet in the land above where parting is no more.

Signed on behalf of all:  
 JOHN BELL,  
 GEO. SMITH.

On Monday the 18th in the Presbyterian Church, Rev. R. J. M. Glassford will give his celebrated lecture on "The Home of the Bible". The lecture will be illustrated by over one hundred lime light views. There will be no admission fee. A silver collection will be taken at the door in aid of the manse fund.

A SERIOUS fire occurred in Toronto on Saturday night last, at 76 Bay Street. The loss is estimated at eighty-seven thousand dollars, mostly covered by insurance.

**Have You Defective Eyesight?**

Most people, you included, perhaps, are extremely negligent to their eyes. This is because the public have literally no idea of the number and variety of eye defects. They know in a general way of near sight, old sight, squint, etc., and many with one or other of these defects foolishly think it is only necessary to pick out at random from a number of spectacles a pair that suits. Alas! many of those selected in this way that seem to suit exactly, prove most injurious and cause permanent injury. The fact is that optical defects occur in such varying degrees that only the competent eyesight specialist with a complete eye testing equipment, such as I possess, is qualified to discover the exact nature and degree of the trouble and properly correct it. If the glasses you now wear are not right do not neglect the opportunity of having them properly attended to.

Pain in, over over the back of the eye, granulated eyelids, inflammation, watery eyes, pain in the temples (supposed neuralgia) and cross-eye. If so it will cost you nothing to consult me. If you require glasses I will frankly tell you so.

REMEMBER I make no charge for examination whether you purchase glasses or not.

**Evangelistic Services at Athens**

Beginning with the last Sunday of September special union services were carried on in Athens for two weeks by Crossley and Hunter, the well known Canadian evangelists. The resident ministers gave all the help in their power to further this great evangelistic work, and many earnest workers gathered around the men who stood at the head of the movement. The results of this two weeks' campaign are most gratifying. More than 150 men, women and young people have professed a new-found hope in Christ and assurance of fellowship with Him; and the entire community has received fresh inspiration and increased hope and courage. Not a single unpleasant feature marred the gracious impression made by the visiting evangelists, and Messrs Crossley and Hunter left respected, honored and beloved by all. Many prayers will follow them that the Divine Spirit may continue to bless them and make them a blessing.

These special services are still in progress at Athens. Rev. Walter Russell, a Presbyterian evangelist, is assisting in the work for a few days, and it is expected that Mr. Russell's ministrations will result in confirming the faith and hope of new converts, and leading other souls into the Kingdom. May this good and gracious work go on to the end, that the Divine Christ shall be glorified in the community, shall "see of the travail of His soul and shall be satisfied."—The Presbyterian.

**BEER BUILDS BODIES**

**PURITY**

Ontario beers are pure, above all else—far more pure than most of the milk sold in cities, because made under conditions of absolute hygiene.

**FOOD-VALUE**

Boiled potatoes contain not nearly the nutriment that is in pure beer; milk will not feed most folks so well, nor digest so thoroughly.

\*BEER is a term which covers lager, ale, porter, and stout; and, in the practice of Ontario brewers, implies beverages made under most hygienic conditions, from Ontario barley (the best in the world), malt, hops, and pure water.
