20 YEARS CURED BY ZAM-BUK

Mr. W. H. Leason, of Wychwood, Ont., says: "For 20 years I suffered from Eczema. My body and legs were covered with spots which itched and irritated terribly. My legs down to the knee were like one mass of sores. These discharges and were very unpleasant apart from the pain.

Heals Cuts, Burns and Bruises rapidly and is "Nature's First Aid." Also cures Piles, Rheu- matism and Sciaticas. Sprains, etc. disappear at ZAM-BUK'S touch if it is "well rubbed in." 50c a box at all druggists and stores. 11 Z 3

town. The increase in the general volume of business may be better understood from the fact that the post-office has increased its stamp sales from \$1,100 to \$1,800 per month in the past year, and the money or- der business grew in the same period from \$6,000 to \$10,000 per month.

Facilities for transportation and the previous establishment of manufac- turing industries may have given Toronto Junction a start, but it is only just and fair to recognize the temper and spirit of the citizens which has helped on the progress and advancement of their town. They have not been content to sit down and let nature and fortuitous circum- stances do it all, but have acted on the knowledge that fortune favors the alert and strenuous as well as the brave, and that it is possible to very materially assist circumstances to conduce to human welfare by display- ing the proper courage, energy and persistence along carefully-planned lines.

STOP THE STRENUOUS LIFE Weakens the Tissues and Lessens Organic Vitality.

The stress and strain of the strenu- ous life in both city and country tends towards stomach troubles. The frantic rush for pleasure, money and excitement is bringing serious results. Elaborate food, late suppers, over eating and too much drinking are some of the causes of stomach weakness for which the in- dividual is responsible.

Five people suffer to-day where one did ten years ago with sick head- ache, dizziness, flatulence, distress after eating, specks before the eyes, bloating, nervousness, sleeplessness and the many other symptoms of in- digestion.

All who are suffering with stomach troubles and that means at least two out of three in Durham and other towns, should use Mi-o-na stomach tablets. Nothing else is as safe yet effective; nothing else can be so thoroughly relied upon to relieve all troubles from indigestion as Mi-o- na. It is unlike any remedy hereto- fore known, and is actually one of the most valuable discoveries in modern medical science.

It is not a mere digestive taken after the food is eaten, but a true tonic stimulant and strengthener for the muscular walls of the stomach, increasing the flow of digestive fluids and putting the stomach into such condition that it does the work Nature expects of it. It is an absolute and lasting cure, for it banishes all weak- ness and debility from the stomach and bowels.

Mi-o-na is sold by druggists every- where for 50 cents, and we positively guarantee to refund your money should you purchase a box and be dissatisfied with results. Write for free sample, addressing Booth's Mi-o-na, Box 977, Buffalo, N. Y.

A very regrettable occurrence took place here on Tuesday morning when Mr. Thos. Doersam took a shot at a sparrow with a 25-calibre rifle. The bullet was diverted from the direc- tion intended by striking some object and instead struck the second storey of Mr. Fred Dietriche's wagon shop. Unfortunately Fred happened to be upstairs painting. The bullet crashed through the siding of the building and struck Mr. Dietriche about the shoulder blade. Dr. Easton was called and probed for the bullet with- out being able to locate it. The sup- position is that the force of the bullet was pretty well spent before reaching him, and that it was stopped when coming in contact with the bone and dropped out. At all events Fred is suffering very little pain, and expects to be able to attend to the shop again after a few days.—Ayton Advance.

Farm for Sale! BY TENDER.

SEALED TENDERS WILL BE received by the undersigned adminis- trators of the Estate of the late William Lunney up to Wednesday noon, the First Day of January 1908, for the purchase of the west half of Lot 28, Con. 5, of the Township of Bentinck, being the estate of the late Wm. Lunney, containing 50 acres, more or less. The highest or any tender not necessarily accepted. All Tenders must be sealed and marked "Tender for Farm," and forwarded by mail to the administrators.

DAN McDUGALL, MALCOLM McEACHERN, Administrators Muloch P. O., or to J. P. TELFORD, their Solicitor Durham, Ont.

IN THE GOOD OLD DAYS.

Nothing is as it was in those good old days. Then a boy was a boy, he wore overalls and was dressed for work. He had half a day's work to do before going to school and another after his return, and you could kick him ten feet and he would bound back. Now a boy is a "kid." When he gets ready to go to school he can't bring in a pail of water for fear of spoiling his clothes. If he gets home before the evening meal is done some- thing is wrong, and if you keep him home after 6 p. m. you will require a gating gun.

Then the clothing was all made at home, and the only way you could tell which was front or rear was to watch the forepiece of his cap. The clothing was so that he could turn round in them after they were on, and thus fool his friends. Our sisters worked and helped to cook and wash and mend and all other work. Now they have good luck if they get duds on in time to eat breakfast and go to school. When the preacher came the boys and girls were expected to sit straight as a cop and speak when spoken to. Now they are brought to the front and put through their paces. The girl must knock a few stars out of the organ or piano and the boy must "speak his piece" and look like a sick monkey begging for raisins. Everything is progressive.

They used to get married for two dollars and begin housekeeping for \$50. The bride made her own clothes and the groom's mother made his. One suit lasted a year for "good," and one or two more for every day. They rocked the baby to sleep in a "saptrough" and had a chunk of salt pork for desert. The whole communi- ty would work sixteen hours and then go to a "shindig" and old and young dance till twilight. They had no "brainstorms," "heart failures" nor "appendicitis."

"Brainstorms" were cured with a water elm club, heart failures were called "fits" and appendicitis was called belly ache. They rolled the patient on a barrel or rubbed with a hot brick, and no one knew that he had a vermiform docker that was liable to get full of chug stones or ground cherry seeds. We used to eat soup and have "sass" of all kinds. Now we have fruit salad and con- somme and have biscuits made from baking powder that look as though some one had sat on 'em. We had bread made from "rising" that smell- ed like a glue factory when it was rising, but tasted better than any- thing from XXX roller process flour ground into dust. One suspender was enough for any boy. And if the girls chewed gum they had to climb a tamarac tree and dig it out with a screwdriver. Progress don't always mean betterment. Those old pioneers were as happy as any other people on earth, they needed less than a quarter the luxuries of to-day and had six times the necessities.

Gained Both In Strength and Weight.

Another Case That Proves The Merit of FERROZONE. "I was in poor health nearly all last winter," writes Mrs. Cross, of Walkerville, Ont. "My appetite was variable, I was weak and unfit for work. I suffered a good deal from nervous prostration. My digestion was generally out of order. By springtime I had lost flesh, color, and had a bad cough. The doctor didn't help me very much, so I decided to try Ferrozone. It did me ever so much good in one week. I gained strength looked and felt a lot better. When I had used six boxes of Ferro- zone I weighed myself and found a gain of fifteen pounds. Ferrozone rebuilt my constitution, and made me a new woman. I consider Ferrozone worth its weight in gold to every weak woman. It cures quickly and saves big doctor's bills. (MRS. R. CROSS.)

No tonic so certain so helpful, so safe; try Ferrozone yourself, 50c per box at all dealers.

A few minutes more and nothing would be left to tell the story of the going out of the lives of a family of five during the night, but the pres- ence of coal gas in their room next morning. On Monday, after mid- night, Mr. John Werner, our popular merchant tailor was awakened by the stifled moaning of his two little girls. He got onto his feet but reeled about the room. He managed to awaken his wife who went about to help him get out the children. In an instant she threw up her arms and fell rigid to the floor. This was the moment of Johnnie's life. He kept his head cool and fortunately his strength held out. He carried the three chil- dren down stairs, got into the street and secured help. The apparent dead body of Mrs. Werner was carried to the apartment wherein lay the chil- dren and the work of resuscitating commenced. This lasted from one o'clock till four with the happy re- sult of all being restored. It was a miraculous escape, however, and one that will make the family shudder to contemplate. A strange feature is that the stove has been doing service in the same capacity for over two years, and never showed any sym- ptoms of emitting gas fumes before. Users of this mode of heating may learn a profitable lesson from this experience.—Ayton Advance.

Walked 200 Miles Hunting Work.

The News:—Long distance walking contests have become quite the rage of late, but a walk of over two hun- dred miles, not performed for the sake of making a record, but for the purpose of finding work and the means of obtaining the bare necessities of life, is a thing quite removed from the realm of sport. Such, how- ever, was the actual experience of an English immigrant about forty years of age, who arrived in the city last night, and came to the British Wel- come League to ask for something to eat. He had tramped all the way from North Bay, and had nothing to eat for the previous 48 hours, he de- clared. Mr. Albert Chamberlain, president of the League, was im- pressed with the honest appearance of the man, and believed he was tel- ling the truth. The man had worked for a farmer near North Bay, then got out of work and had spent all his savings before securing another job. He kept walking from place to place, depending on charity for his support, and finally reached Toronto.

INVITE A TEST. Catarrh Sufferers Should Try Hyomei on This Guarantee.

There is no other treatment for ca- tarrh that in any way resembles Hy- omei, none that gives such quick curative results and lasting satisfac- tion, no medicine that can be sold on a guarantee like this, to refund the money unless it cures.

Catarrh is a germ disease and can be cured only by breathing Hyomei, so that the most remote air cells in the nose, throat and lungs are reach- ed by its antiseptic healing powers. In this way all catarrhal germs are killed, the irritated mucous mem- brane is healed and catarrh is driven from the system.

This wonderful medicated air treat- ment does not drug and derange the stomach, but is breathed through a pocket inhaler that goes with every outfit. We positively guarantee Hyomei, for should you buy a complete outfit, price \$1.00, and be dissatisfied with results your money will be refunded. Hyomei is sold by druggists every- where. Write for literature. Booth's Hyomei Co., Buffalo N. Y.

The reason why this little verse Upon this spot we place, Is 'cause the other ones we've got Are too big for the space.
