

Nov. 21, 1907

Scott's Emulsion strengthens enfeebled nursing mothers by increasing their flesh and nerve force.

It provides baby with the necessary fat and mineral food for healthy growth.

ALL DRUGGISTS: 50c. AND \$1.00.

WE TELL NO LIES

About selling below cost and other such nonsense. What we say, we do, and we believe we are giving as good value for the money as in any house in town.

What we do

In Blankets, Tweeds, underwear, Prints, Cottons, Flannels, Flannelettes, and groceries of all kinds is to sell at a very low margin of profit for cash or trade.

Look! Look!

Saturday next commencing at noon we will continue to sell Prints and Shirting at great reductions dont miss this opportunity.

THE COUNTY COUNCIL.

WARDEN'S ADDRESS

Gentlemen of the County Council:

It is my privilege and pleasure to again welcome you to the Council Board, at this the closing Session of this year's labors, and I am very pleased to see your smiling countenances, and to feel assured that you have come prompted with a desire to discharge, with wisdom and prudence, the various duties appertaining to the County Council of this important County.

The recent Harvest seems to have been a variable quantity in different parts of our County; but on the whole I have no doubt there is room for thankfulness to the Giver of all good, and that there is abundance for man and beast throughout our borders.

Among the many railway accidents which have been occurring of late—and they have indeed been many—one seemed to come nearer home to us of the County of Grey, I refer to the accident at Caledon mountain, at that point on the Canadian Pacific Railway known as the 'Horse Shoe.' The train starting from Markdale, with happy excursionists, and meeting so suddenly and unexpectedly, with so serious a catastrophe, resulting in the death of seven of our citizens, was indeed a sad occurrence. I telegraphed, as Warden of the County, expressions of sympathy to the bereaved and afflicted ones; and I am sure you all felt strong sympathy with the sufferers.

There are several matters of importance which will engross your attention during the Session—and First—I would refer to the expected visit of A. W. Campbell, the Deputy Minister of Public Works, whom we invited to be present at this Session, to explain to us the working of the Act of the Ontario Legislature, in aiding what is known as the Good Roads System of Ontario. I anticipate an interesting address from Mr. Campbell, fraught with abundance of information: and as I know that the farming community would be greatly benefited by the extensive improvement of the Roads in this County, I trust that you will be able to carry home with you such suggestions as to desirable improvements of our County System of roads as will enable you to formulate a system which will prove of advantage to the entire County. I expect Mr. Campbell will be with us on Wednesday afternoon.

Another matter in which I am sure you are all interested, and which doubtless has been a source of regret to every member of this Council, are the statements contained in the Presentment of the Grand Jury at the Fall Assizes, in which serious charges of mismanagement are brought against the officials of the County House of Refuge. As a member of the Standing Committee of the House of Refuge, I feel that I am in a position, from personal knowledge, to give a flat contradiction to the charges contained in the said Presentment. Visiting the House of Refuge once in every quarter of the present year, I know whereof I speak, when I say that the statements contained in that document as to the inmates not being properly fed and cared for, is entirely without foundation. The Inspector—Dr. Bruce Smith—I am glad to know, has made an investigation into the whole matter, and his Report—now in the hands of the County Clerk—will be laid before you. Cleanliness and contentment reign supreme in the House of Refuge, and every comfort which could be reasonably expected by the inmates, is freely furnished them; and I have heard from many of them hearty expressions of thankfulness for the comforts with which they are surrounded. I fear there have been some chronic fault-finders on that Grand Jury—we find them everywhere—and that even these have gone somewhat out of their way to malign the management, perhaps from some petty

personal motive. One thing deserving of passing notice, is the fact that though the members of the Grand Jury who signed the Presentment, were all notified by the County Clerk to be present at Dr. Smith's enquiry, only one of the three attended; and although the Foreman of the Grand Jury was in Markdale at the time of the investigation, and was personally asked to be present, he curtly sent back the message, that if Dr. Smith wanted him, he might come where he was. You can draw your own inference as to the reliability of the statements contained in that Presentment. I will ask you, through the appointment of a Special Committee, or in whatever manner may to you seem best, to make full enquiry, and Report at this Session upon the whole matter.

I understand that some of the Bridges which were recommended to be built at the June Session, have been completed. I might mention amongst these, the steel and concrete bridge at Priceville, (which had been left over from 1906), being on the townline of Artemesia and Glenelg; also, the cement bridge over the Pottawatamie river, on the boundary line between Owen Sound and Sarawak. No doubt the chairman of the Road and Bridge Committee will place the particulars of these matters before you.

Trusting that we shall have an interesting Session, and that the County's business may be completed for the year, and left in good shape for our successors, believe me to be, gentlemen, Your obedient servant,

HY. PEDWELL,
Court House, Owen Sound, } Warden
November 18, 1907. }

Top Cliff.

Died on Saturday morning the 15th Nov. at his father's residence Durban Road, Glenelg, Wm. Smellie Jr., after a long ailment of inward trouble at the age of 37 years. Funeral on Monday the 18th inst to Priceville cemetery, where his mother grandfather, and grandmother are buried. Rev. Mr. Matheson officiated at the burial.

Died while engaged at his work ploughing, Mr. Ed. Foy of the North Line, Glenelg, near Priceville, on the 12th inst at the age of 65 years, Mr. Foy had Captain D. McLachlin's farm rented and was only a resident in the locality for about three years. He was buried at St. John's cemetery Pomona on Thursday the 15th inst.

We have snow for the last few days partly sleighing and splendid wheeling.

A number from here attended the S. S. Anniversary at Ebenezer on Friday evening the 15th inst and report a good time.

Water is very low in some places and deep wells are nearly dry.

We met a man going into Durham with a big load of hay on Saturday evening last and on asking what was getting for hay he replied \$25.00 a ton. We hope he was telling a falsehood but we are afraid not.

Mrs. (Rev.) Barry of Priceville, had the misfortune to fall down cellar at the Parsonage, fracturing four of her ribs besides a shaking up. We hope the lady will soon be able to be around. In the meantime she is attended by Dr. Dixon of Priceville and is doing as well as can be expected.

We are pleased to see Mrs. (Dr.) Dixon able to be about again after her sickness of some weeks ago.

Inspector Campbell visited our school here on Monday last and gave a good report of the school besides a lecture to the Trustees and Secretary. Mr. Campbell is cut out for his business, and has completed his twenty-one years in the office. In the afternoon he visited Priceville school and we presume he found everything O. K. there too.

No teacher engaged at Top Cliff school yet. We understand Priceville has secured one but did not learn where from or what's his name.

Otto Konold purchased a manure spreader which is the only one in the neighborhood.

Complaints are numerous in our section for the high taxes this year, on account of raising the \$300 required by the new school act for to pay the teacher quarterly.

In reading about the olden times copied from the Durham Standard of 1859 it reminds us that times were just as hard in other parts as in the county of Bruce. In that year take the township of Proton and part of

THE SOVEREIGN BANK OF CANADA

Notice is hereby given that a dividend at the rate of six per cent (6%) per annum on the capital stock of this Bank has been declared for the period of four (4) months ending November 30th, 1907, and that the same will be payable at the Head Office and at the Branches on and after Monday, the 16th day of December next.

The transfer books will be close from the 1st to the 14th day of December, both days inclusive.

BY ORDER OF THE BOARD,
F. G. JEMMETT,
General Manager.

Toronto, October 22nd, 1907.

BEER* IS A FOOD

LAGER

is a mild appetizing product of malt and hops, with less alcohol than sweet cider, which cannot ferment in the stomach. It is especially suited to women as a dinner drink.

ALES

as brewed in Ontario are so rich in the food elements of malt that they rank above milk as an item of diet, and are far purer than most milk is when city-dwellers get it.

PORTER

differs from ale in that the malt is roasted (like coffee) in the brewing process, and this makes porter so nourishing that it is a real specific for anemic and run-down people.

STOUT

is the richest and most strengthening of malt beers; it contains nearly as much nourishment as eggs, and digests easier. Thin people will find it builds healthy flesh.

*BEER is a term which covers lager, ale, porter, and stout and, in the practice of Ontario brewers, implies beverages made under most hygienic conditions from Ontario barley (the best in the world) malt, hops, and pure water.

BEER*, used with meals and before bedtime, increases digestive power, gets you more good out of the food you eat—and is itself a food.

Beer does not contain enough alcohol to react upon the system—just enough to induce the stomach to do its work better.

Beer is not an intoxicant—it is a beverage with definite value for almost every grown person.

Ask your own doctor whether it wouldn't be good for you and the adults of your household.

Egremont and if any of the old pioneers are living they can tell some thrilling stories of the hardships endured on account of frozen wheat, potatoes, frozen before it came to maturity. Flour \$10.00 a barrel and had to be carried on their backs from other parts of the country more favored. In visiting some of these places that were so hard up in olden days we find that they are the finest farms and most prosperous farmers in South Grey. So it's a long lane that has no turn somewhere.

The Revs. Barry and Mathson exchanged pulpits last Sunday evening last. Mr. Matheson took Mr. Barry's church at Salem, Proton, on account of the severe illness of Mrs. Barry, caused by the accident that befell her lately.

The snow is disappearing fast and we hope that bear ground will continue for a few weeks yet.

Mr. A. McCuaig, announces his intention of running for Reeve for Glenelg at the coming election of which further notice will be given.

The Spring Bank Post must not forget that a man with a load of hay to sell is a lucky man whether he upsets it or turns it over this year.

This Monday morning the 18th inst. looks as if we might have a thaw again, soon. A good many will say Amen.

Farmers Don't Miss It.

Few farm houses in Canada will be found without the Family Herald and Weekly Star, of Montreal. Those homes that do not receive it are missing a great treat. The Family Herald and Weekly Star is to-day easily worth ten cents the subscription price to any farmer. Its value in fact cannot be over-estimated. It is a wonderful combination of a weekly newspaper, family magazine and an agricultural journal without an equal. Farmers, if you do not read the Family Herald and Weekly Star, of Montreal, you should give it a trial during 1907. Do not wait until January but remit one dollar now and you will never regret it.

LOCAL.

RENEW your sub. now.

DID you find the Book of Hezekiah?

DIVISION Court is in session as we go to Press.

LADIES wishing society calling cards will find the correct styles at this office

As usual, Mr. Geo. Morton, of Innisfail, Alta., is in time with his renewal to the Chronicle.

We would like all our correspondents to give us the happenings in their vicinity.

THE first sleigh bells of the season were heard on Thursday of last week, but it was only for a day or so. The ground is again bare and stock grazing in the field, to the delight of farmers who are short of feed.

A Reliable Remedy for Croup.

Mrs. S. Rosinthal, of Turner, Michigan, says: "We have used Chamberlain's Cough Medicine for our selves and children for several years and like it very much. I think it is the only remedy for croup and can highly recommend it." For sale at Parker's Drug Store.

Strayed Heifer.

STRAYED TO THE PREMISES OF the undersigned, Lot 49, Con. 3, W. G. R. Bentinck, on or about the first of November, a one-year old heifer, roan. Owner may have same by proving property and paying expenses. Wm. Cuff, Durham, Nov. 20 1907—3 pd.
