LINGERING COLD.

Withstood Other Treatment But Quickly Cured by Chamberlain's Cough Remedy.

"Last winter I caught a severe cold which lingered for weeks," says J. Urquhart, of Zephyr, Ontario. "My cough was very dry and harsh. The local dealer recommended Chamberlain's Cough Remedy and guaranteed it, so I gave it a trial. One small bottle of it cured me. I believe Chamberlain's Cough Remedy to be the best I have ever used." This remedy is for sale at Parker's Drug Store.

SEEKING TO THWART LOCAL OPTION BY-LAWS.

Rev. B. H. Spence Says Hotel Interests are Asking Petitioners to Withdraw Their Names.

Rev. B. H. Spence has returned from a trip to Parry Sound and Otter Lake with news of a "new scheme to kill the local option campaigns."

"The liquor men are trying to influence the Councils to withdraw the by-laws for local option votes," said Mr. Spence to The News to day. "I do not think they will succeed. Every member of a Council who takes part is open to disqualification for two years."

Mr. Spence gave the following explanation of the new move:

"The first of November was the last day for receiving petitions for local option. After that they could not be altered. The liquor men are getting some who signed the petitions to write and ask that their names be taken off. This would in some cases reduce the total number of signatures below the 25 per cent. that they were at first. The next suggestion will be that as the petitions are now not sufficiently signed the by-law should be rescinded."

"The liquor men don't care what hot water they will get these councilors in provided they save their own skins."

"These petitions were closed on Nov. 1st, and no names can be removed from them after that. The law requires the vote to be taken if the petitions contain 25 per cent. of the voters. Now these petitions had that; if any Councils are so simple as to withdraw the by-law owing to names being taken off after Nov. 1st it is at their own risk. It is illegal and they can be disqualified for two years."

"The scheme will not fool many. I am confident, but there may be some back townships where it will go down. Some of the withdrawals have been sent in to Eobicoke and other Councils already."

"Outside of this the whole situation is very favorable. The liquor men are busy on the voters' lists. This plan has been tried in several places, but has so far failed. The councilors won't put nooses around their necks."—Toronto News.

WHEN YOU EAT TOO FAST.

You have indigestion, perhaps cramps, or in any case the system is overloaded with matter that should be eliminated. Breath gets bad, eyes look dull, headaches are frequent.

Why not cleanse and purify the whole system, why not strengthen the stomach, enrich the blood and assist your overtaxed digestive organs? Easily done with Dr. Hamilton's Pills; their action is most gratifying. In every case they give the exact assistance the ailing organs require. You'll feel fit and fine, eat with a relish, sleep like a top, have a clear count, and restful sleep if you regulate your system with Dr. Hamilton's Pills. Price 25c per box at all dealers.

JAMESTOWN EXPOSITION.

Will be Kept Open Another Year If Funds Can be Raised.

Norfolk, Va., 15—The directors of the Jamestown Exposition last night adopted a committee report favorable to keeping the Exposition open next year, provided \$200,000 can be raised by popular subscription.

The Warton Echo concluded an editorial on the conditions prevalent to-day incident to the rather poor crops and the tightness of the money market with the following sane remarks:—But how shall we meet changed conditions? It is just here where we must become very practical and where we must not pursue a pennywise but pound foolish policy. In a town it would surely appear good judgment to keep all the circulating medium at home, that is trade with our own merchants and give the departmental stores a wide berth. This applies to the country people as well for if they expect to have a good market in this town they should not systematically send to Toronto for the goods they need. Instead of consulting the catalogue of a departmental store it would be far better judgment to give the order to a local merchant and thus keep the money at home. And that wide retrenchment is all right within certain limits it should not be carried too far. This thing is contagious and leads to a panic, and inevitably brings about hard times. But the best way to meet it is by push, business enterprise, good judgment, and full confidence in the future. Everyone expects that the industrial conditions next summer will be satisfactory, so let us be optimistic. It is an excellent tonic.

THE BUTCHERS' BY-LAW.

A motion to rescind the Butchers' By-law as brought in by Councillor Tovell at the Town Council meeting on Monday night. The motion aimed at throwing open the market to farmers and others and allowing them to cut and sell meat in any quantities they desired. Most of the councillors were in favor of an open market, but some of them had so many suggestions to make that the broth was spoiled by too many cooks. For instance Councillor Young wanted an open market, but he also wanted the farmers to kill their cattle in Walkerton slaughter houses. This course would offer few inducements to farmers, although the councillor thought it would prevent them bringing in diseased meat. The councillor has evidently not read "The Jungle," or he would understand that more diseased meat comes out of slaughter houses than ever comes off farms. The meat coming from Walkerton slaughter houses undergoes no more inspection than meat coming from township farms, and why the diseased meat cry should be used against the farmers any more than the butchers is a problem for the Council to solve. As it is, the farmers are allowed to sell by the quarter, and they have now the same opportunity of leading people with diseased meat as if they sold by the piece. Councillor Robertson thought an inspector should be appointed and all meat undergo a strict scrutiny. But as Dr. A. G. Fortune is about the only man in Walkerton qualified for such a job, it would be costly and almost impossible to carry out Mr. Robertson's scheme. The best and only protection at the disposal of the people is the heavy penalty exacted by the law against any person selling or offering for sale diseased meat. Councillor Robertson also suggested leaving the market as it is and compelling the butchers to pay a license for the protection afforded them. The people, however, want cheap meat, not butchers taxed. The motion was adjourned till next meeting of Council, which will be held on Nov. 25th.—Bruce Times.

Biliousness and Constipation.

For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been to-day had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, helping the system to do its work naturally.—MRS. ROSA POTTS, Birmingham, Ala. These tablets are for sale at Parker's Drug Store.

If any person wishes to know what a party telephone line is like, says a correspondent in the Grand Valley Star, let him ring up some offices on a line having a number of private telephones and then listen to the click-click as numerous receivers come off the hooks, the music of the babies and other household sounds, but if the office called fails to respond it will be useless to ring again as the inquisitive ones have effectually cut off the ringing power.

ROSY CHEEKS FOR PALE GIRLS.

Don't be debarred from strength and spirit, don't give in to illness and despair. Ferrozone supplies tone and vigor through which all functions of womanly life are maintained and fortified. From New Richmond, Que., comes the following statement from Mrs. Isidore Boissoneault: "I take deep pleasure in testifying to the powerful influence of Ferrozone. For years my daughter has been pale and sickly—showed signs of advanced anaemia. Her lips got so white and her cheeks so devoid of color I feared consumption. I can certify Ferrozone made an excellent cure, and to-day my daughter's health is the best." 50c. per box at all dealers.

Priceville.

(Markdale Standard.) Fine November weather. A good deal of plowing has been done.

A large number of ratepayers are grumbling at the higher school taxes this year authorized by the new Provincial Act; it is particularly irritating to some of the old bachelors

The latest sensation is caused by the late Grand Jury's Report on the House of Refuge, Markdale, and the people are anxiously waiting for the final report of the investigation. We have talked with inmates of the institution and also with members of the County Council and we cannot see where the Jury had ground for such a report. If the Grand Jury's report turns out to be a grand mistake, or incorrect in the main, then Grey County will never rest quiet under a scandal, and if heavy damages resulted it would likely be a check to that kind of wire pulling.

Railroad constructing is still advancing, the steel is laid seven or eight miles west of Priceville.

Mrs. (Rev.) Berry visited her sons in Toronto last week.

Mrs. J. C. and Miss McInnis, of Cheboygan, Mich., and Miss M. Ferguson, of Priceville, spent Thanksgiving with Shelburne friends.

Mrs. McInnis and Mrs. T. A. Ferguson are visiting their brother, G. L. Watson, at Walter's Falls, and other friends in North Grey this week.

McInnis and Stothard have bought and shipped a large amount of farm stock to Toronto this season and are becoming quite popular with the farmers.

We understand that a new hardware store will be opened soon in our village. We should also have a drug store in this town.

MOTHERS, HERE IT IS!

A friend and comforter, an unceasing aid in every house for the hundred and one ailments that do turn up. Nerviline is too valuable to be without. If some things eaten cause trouble, if it's cramps, indigestion or headache, Nerviline cures. For cold on the chest, aching limbs or lame back rub on Nerviline and get ease at once. As a family safeguard nothing is known to excel Polson's Nerviline. Get the large 25c bottle from your dealer.

WINTER

MILLINERY

Last week we held our second Millinery Display, it was as usual a grand success. Many came in to see the New Winter Styles in Fur and Velvet. Since then, we made a special trip to the city and got some very New Ideas how Fur and Velvets are done. We will show the New Styles and be in a position to give you something exclusive. You won't be meeting your own hat every time you turn around. We bought a large stock of New Goods at a great discount and we will give our customers the benefit of it. Our stock is larger than ever—a larger variety than ever to choose from.

We shall keep a large stock of goods all the season. Our trade is so extensive, we find it necessary to always keep on hand a large supply of the latest and best of everything in the millinery line.

PANDORA RANGE

HOLDS FIRE ALL NIGHT

The good housewife always feels like bestowing upon the Pandora a cheerful "good morning."

Why? Because the Pandora always has a nice bed of hot coals as a reward for checking off the dampers closely before retiring to rest.

In five minutes after turning on the drafts she will have a good, strong fire.

Should she sleep two or three hours longer than usual there will still be a fire ready for her.

The fire-box, flues and dampers are so scientifically arranged that the Pandora can be

regulated to hold a fire from 24 to 36 hours.

Pandora owners never have their sleep disturbed with dreams of making a new fire in the morning.

If your local dealer does not handle this most perfect of all ranges, write direct to us for Free Booklet.
