SAYS IT IS FACT.

The Chronicle Confirms Guarantee on
Hyomei, Cure for Catarrh.

The question having been raised as
to whether or not the money will be
refunded if a Hyomei outfit does not
do all that is claimed for it in curing
catarrh, the Chronicle wants to state
positively that this guarantee is an
absolute fact.

A guarantee like this is the best
proof that can be offered as to the
curative powers of Hyomei in all ca-
tarrhal troubles. You do not risk a
cent in testing its healing virtues.

If you have catarrh, try this won-
derful medicated air of Hyomei. It
does not drug or derange the stom-
ach, but is breathed through a neat
pocket inhaler that comes with every
outfit so, that its medication reaches
the most remote air cells in the nose,
throat and lungs, where any cat-
tarrhal germs may be lurking. It
quickly destroys them, heals and
soothes the irritated mucous mem-
brane and vitalizes the tissues so that
catarrh is no longer possible. You
can lose nothing by giving Hyomei a
trial, nothing but the catarrh, and
that is good riddance.

We positively guarantee Hyomei,
for should you buy a complete outfit,
price \$1.00 and be dissatisfied with
results your money will be refunded.
Hyomei is sold by druggists every-
where. Write for literature. Booth's

Corner Concerns.

(Intended for last week.)

Last week being a stormy one it
was with difficulty that things
around St. Paul's church were got
ready for the opening. The stick to
itness of the faithful ones was what
did the job. The building committee
certainly did well, and we might just
mention their names before the pub-
lic: Rev. Bice, Wm. McFadden, Wm.
Davis and Jas. Eden. At one time
during the week the carpenters,
painters and seat makers were all at
work together in the building but by
Saturday night it looked as cosy as a
parlor and ready for the dedication
services. The seats were made by
Mr. Smith, of Desboro', and are re-
ceiving much admiration and inspec-
tion by others contemplating the
purchase of seats.

Mr. Henry Lawrence, of Glenelg,
was down through our township last
week looking through the herds of
thoroughbred cattle, and purchased
from Mr. Robb a very fine specimen of
a Durham cow, four years old, that
had been imported from the old land.
Cattle raising will be more interesting
to him now than it has been with
common stock. We don't know the
price paid as he said it would frighten
us. We certainly did not insist.

Mrs. John Lawrence was able to be
brought home on Saturday night,
her injuries from the runaway acci-
dent having sufficiently recovered.

Mr. and Mrs. John Sharpe feel
thankful for the good hopes of recov-
ery from appendicitis of their little
daughter Grace. Dr. Brown has giv-
en the case his best attention, and
the nurse, Miss Martinoni, has fol-
lowed instructions to the letter. The
faithfulness with which she has at-
tended to duty with her other admi-
rable qualities has made her a great
favorite with the family.

Mr. Robt. Maine, an esteemed old
pioneer who moved from our neigh-
borhood about three months ago to
Holstein on account of ill health,
passed over to the great majority
last week. Some from this neighbor-
hood attended the funeral on Friday.
We leave the obituary notice for your
able correspondent of Holstein.

Messrs. Jas. and Alex. Allan, and
Arch Baird and Wm. Pettigrew are
home from Souix City for a brief
holiday. They report having had a
good summer, and certainly look it.

The social people, who raised \$80
last winter by their effort to present
the new church with an organ after
a good bit of looking around in the
neighboring towns, purchased last
week a Doherty organ from Mr. John
Clark, of Durham. It is a handsome
looking instrument, sounds well, and
the knowing ones say it is a good
one. It gives satisfaction to all.

The scarcity of feed is having the
effect of clearing the stock of this
part. Only choice, sound animals
are being kept. Inferior ones are be-
ing disposed of in some way, even
though it be with a shot gun.

ment was a grand success, the weath-

BY MAIL**

In Your Spare Time at Home,
Or Take a Personal Course at School.

To enable all to learn, we teach on cash or instal-
ment plan. We also teach a personal class at school
once a month—class commencing last Tuesday of
each month. These lessons teach how to cut, fit and
put together any garment, from the plainest shirt
waist suit to the most elaborate dress. The whole
family can learn from one course. We have taught
over 7,000 dressmakers and guarantee to give \$500
to anyone who cannot learn between the ages of 14
and 40. You cannot learn dressmaking as thorough
as this course teaches it if you work in shops for
years. Beware of imitations, as we employ no one
outside the school. This is the only experienced
Dress Cutting School in Canada, and excelled by
none in any other country. Write at once for par-
ticulars, as we have cut our rate one-third for a
short time. Address

or, roads and everything else being
favorable and the results of the
School for the season most gratifying
to all concerned. The tea and esta-
bles manifested the skill of the Nor-
manby ladies in the culinary art and
their generosity in a good cause.
The program was chiefly by the
scholars under the skillful training
of Miss Adair, teacher of No. 1, who,
by the way, is a strong help in the
S. S., and the officers feel very grate-
ful to her for her cheerful assistance.
The pastor, Rev. Kendall, was the
speaker of the evening and delighted
the audience with an account of a
recent visit to New York City, espe-
cially his account of such entertain-
ments are conducted there. Of
course there is great variance in the
elevating nature of programs provid-
ed, but we presume there is also as
much difference in the people of New
York and Knox Normanby, so that
the S. S. workers there are still doing
comparatively good work. Misses
Sirs and Mead sang in their usual
pleasing way; in fact those present
tell us that they excelled themselves
on the occasion. Superintendent
Wm. Allan gave a report of the
School, which was possibly the most
to his liking of any he has given dur-
ing his long experience. A notable
feature was that out of the ten teach-
ers the average attendance was nine
and a fraction. The average of
children eighty-five. No. on roll 126.
Miss Byers presided at the organ for
the School and Miss Edith Allan for
the other singers. The singing of
the National Anthem brought the
meeting to a close. Proceeds \$18 40.

Mrs. Dennett is enjoying a visit
from her daughter Mary, of Dakota,
also her brother and others of the
family from the same place.

Mr. Wm Johnston after a good
bit of suffering from some kidney or
similar trouble, went to Stratford on
Monday to have an operation per-
formed. Dr. Guu, who has been
treating him, accompanied him, and
his brother Jim also went along.
We hope soon to see him return in
good health.

COULDN'T WEAR BOOTS

bad that you could not bear anything
to touch it, and then some one sent
you a small sample box of Zam-Buk,
half of which healed you after 12
months' suffering, what would you
say? Why exactly what Mrs. Bap-
tiste Jeanlouis, of Vankleek Hill,
said when finishing her letter, viz.:

THANK YOU A THOUSAND TIMES.

There are crowds of others in the
Dominion who write nice things to
us, and they are all anxious that you

BEER* BENEFITS THE WHOLE BODY
(NO OTHER FOOD-BEVERAGE DOES THAT MUCH)

NOT six people in a thousand (and those six
have either diabetes or gouty tendencies)
can get anything but real good from the use
of good beer with their meals. Because
that kind of beer (and no other kind is brewed in Ontario)
benefits the whole body of the normal adult,—enriches
the blood, vitalizes the stomach, makes kidneys and
liver active, builds flesh and betters nerves.

Beer Is Not A Mere Tonic

Good beer, drank with meals and at bedtime, is not merely a
tonic—for a tonic simply gets one part of the system to work
better for a while, by stimulating its activity, while beer, rightly
used, does the whole system permanent good.

Beer Builds Up Thin Folks

That is why good beer is such a notable flesh-builder, and why
it is so effective in changing the too-white blood of anemic
people into the red, strong, healthy blood of the vigorous. It
has qualities that are very valuable to women, especially. It is
distinctly NOT an intoxicant, nor a hurtful stimulant. Ask
your doctor if beer wouldn't be good for you as an item of
daily diet.

*BEER is a term which covers lager, ales, porter and stout; and, in the practise of Ontario
brewers, implies beverages made under most hygienic conditions from Ontario barley (the best in
the world) malt, hops, and pure water.

Sackett's Corners.

Well, Mr. Editor, it is some time
since our budget has appeared in
your very much esteemed paper.

The Sunday School at the Corner
closed for this year on the 24th, and
the attendance was good considering
the lateness of the season. Little
tots came as cheery looking as if it
was sunny June. The people in this
vicinity have much to be thankful
for with regard to the very prosper-
ous condition of their Sabbath School.
All seemed to join heart and hand to
make it a success.

We regret to learn that Mrs. Geo.
Haw, of this place, is under the
weather. We trust she will soon
recover.

Wm. Sackett has procured a situa-
tion as head sawyer with Sime &
Miller, of Normanby, and has moved
with his family to that place. Mrs.
Sackett will be much missed in our
Sabbath School, as she took a leading
part both in singing and as teacher.
We wish Mr. and Mrs. Sackett and
family success in their new home.

Friends from Durham visited Mr.
H. Ernest this week.

Hard times and scarcity of feed is
the prevailing cry, but if this fine
weather continues it will benefit the
stock feeding very much.

The "big head" is a popular way
of expressing a common and very
frequent ailment. It arises from
various sources, but the real founda-
tion is a lack of sense. A little
money develops it in some people; a
few good clothes gives it to others; a
little office, where a chance is given
to exercise a little authority, is often
the cause of it, while others get it
having a little better job than their
associates. The truth is, no sensible
person gets the "big head." The
one who becomes stuck up and stiff-
necked from sources of any kind, are
weak in the intellectual caliber.

SHE WAS WILD WITH PAIN.

From Willow Creek, Ont., Miss E.
Diegel writes: "A few years ago I
was drenched with rain and got lum-
ba o; it was like a steel rod piercing
my back. I also had earache and
was just wild with pain. I applied
batting soaked with Nerviline to my
ear and rubbed on Nerviline for the
lumbago. That rubbing relieved and
in a few hours I was well. No other
liniment could do this." It's the
penetrating power of Nerviline that
makes it superior to all other linim-
ents. Nothing beats it. 25c at all

Money Seems Easy in Toronto.

Mr. H. E. Bywater, editor of the
Arthur Enterprise, was in the city
this week a guest of the Iroquois
Hotel. Before leaving for home he
met a member of our staff and re-
lated a curious experience.

"I never had anything like it hap-
pen to me before," he said. "When
I was leaving the hotel and went to
settle, I found that somebody else
had paid my bill. No explanation of
it exists."

Mr. Bywater has returned to
Arthur prepared to refuse the state-
ment that money is tight in Toronto.
Money seems to be running around
loose, doing unexpected things.—
