DISAPPEARANCE OF THE MALE TEACHER.

We notice by an exchange that in Kincardine Model School the teachers in training stand: ladies 15, gentlemen 3. What is true of Kincardine is the case of nearly every Model School in this Province, with this exception, that in the majority of cases the proportion of lady to gentlemen teachers is more than 5 to 1. In Normal Schools the lady teachers are having it nearly all their own way. The standing is:—Toronto, 185 lady and 5 men teachers; London 162 lady and 14 men teachers; Ottawa, 115 lady and 7 men teachers.

To what this will eventually lead, thoughtful parents and students of child development do not like to think. It is not a question of the fitness of the lady teacher. Many of them are quite as capable and as well prepared as the best man teacher can possibly be; and most of them have a rare skill in the management of pupils, particularly of backward pupils and those who are in need of sympathy, which few men can rival. But that is not the whole question. The training of a boy requires the presence of a man's influence, and it is better that he should have the example of a moderately well equipped man than of the best lady instructor who ever stood before a blackboard.

If we are going to turn our schools wholly over to the ladies we shall rob the rising generation of boys of an influence in the upbuilding of a character which cannot well be over-estimated. Our fathers had it; and so did we, tho' to a lesser degree. To put before the growing boy as the person to whom he is to look up to in the matter of education of knowledge or of conduct, a woman no matter how clever is to give him a ladylike ideal which will either weaken his character on the side of the manly virtues or lead him to revolt against authoritative leadership as represented by his school mistress.

We should have men teachers as well as lady teachers. We can leave arithmetic, geography and grammar to the ladies, but we must provide men to give our boys inspiration and instruction in manliness. Not to do so is to wrong the boys. We may save money, but we will lose in manhood; and as we have frequently said, the school system is the poorest possible place for the community to practise economy.—Chesley Enterpriser.

Heaviness, Lassitude, Drowsy and Dull.

DO YOU FEEL THAT WAY?

How provoking these symptoms are! You sleep well, but when you awaken there is none of the exhilaration that sleep and rest should confer.

Instead of being alert, having quickness of apprehension, there is languor, dullness, a disinclination to do things.

These causes for this feeling. Lazy liver, lazy kidneys, and a mighty lazy stomach which does its work very poorly and compels the other organs to do things they are unequal to for any length of time.

Note the consequence—blood is filled with wastes—poisons weigh down the nervous system—rebuilding processes are absolutely stopped.

You'll note an instant change when you take Ferrozone. Appetite improves, digestion becomes good as ever—skin grows ruddy and clear, all sense of languor, unsteadiness and depression fades away and finally disappears.

Ferrozone clarifies the brain, supplies tone and vigor imparts clearness and strength. You'll feel like a new person, full of life, full of ambition, ready to do things,—and able to do them also.

Think it over. Ferrozone is a tonic that uplifts, upbuilds, that nourishes and restores the sick by supplying the elements their weakened system need.

It can't help but do you good. For men, women and children, in fact anyone seeking strength, Ferrozone is invaluable; try it, sold by all druggists in 50c. boxes.

It looked like a monster gorilla; Its shoulders humped up like an ape.

And gliding along in the twilight Presented a horrible shape; But those whom it passed in the darkness Seemed nothing of terror to feel, It came not from forest or jangle— It was only a man on a wheel.

THE STANDARD BANK OF CANADA

Head Office Toronto

The Standard Bank pays interest four times a year on all Savings Bank deposits.

Savings Bank Department in Connection with all Branches.

DURHAM BRANCH John Kelly, Manager BRANCHES ALSO AT HARRISTON AND PRICEVILLE

Local Option Fills the Jails

In twenty American cities under local option, with 378,752 total population, one arrest is made for every 42 residents.

In twenty-two Wisconsin cities, under license, with 689,232 population, the arrests are only one for every 98 people.

Local option swaps the reputable bar for the disreputable "speak-easy" with its vile, adulterated liquor; but it never yet has lessened crime nor checked the abuse of alcohol.

Your local jail will be a busier place if local option carries your town.

MRS. ROBERTS DECEASED.

This week we are again called upon to chronicle the death of a life long resident of this vicinity in the person of Mrs. J. D. Roberts, whose maiden name was Mary Main, second daughter of the late Nelson Main. Mrs. Roberts was born on the first day of July 1866, on the farm now owned by her brother, J. D. Main, and therefore at the time of her death was 41 years, 5 months and 18 days old. She grew up to womanhood on her father's farm, and a little over nine years ago she became the partner of her now bereaved husband. Her illness was somewhat protracted. About four months ago she underwent an operation for appendicitis and her life then was despaired of. Later, disease of a tubercular nature developed, and she gradually became weaker until the morning of December 18 at a little after eight o'clock the summons came and she was no more, for "God took her." In the death of Mrs. Roberts the village and community lose a kind and obliging neighbor and friend, and the Methodist church one of its most consistent and enthusiastic supporters. Yet in the language of the poet we have to say: These severe afflictions Not from the ground arise, but oftentimes celestial benedictions Assume this dark disguise. She is not dead—she loved our affection, But gone to that bright school Where she no longer needs our poor protection, And Christ Himself doth rule. She leaves to mourn her loss her husband and two little girls. Reta, about 8 years and the baby about 7 months old, also two brothers, John on the homestead, and James of Waterdown, near Hamilton. The funeral takes place to the Mt. Forest cemetery on Friday at 2 o'clock. We extend our heart felt sympathy to the bereaved ones.—Holstein Leader.

Hono. Roll.

For any of the ordinary diseases of the skin Chamberlain's Salve is excellent. It is not only allays the itching and smarting but effects a cure. For sale at Parker's Drug Store.

The Late Neil McColman.

Clarkburg Relector. The deceased was born in the parish of Killoonan, Island of Islay, Argyllshire, on the 15th of February, 1834. He is a son of Peter McColman and Ann McAffer daughter of Duocan McAffer of the village of Kilarne, on the west coast of Islay. Our subject's father adopted the life of a farmer, and with the outflow of emigration came to Canada in 1845. He settled in Caledon West, where he remained for four years, then he removed to the Collingwood township and began as a farmer. He lived to about ninety. Mrs. McColman died in 1878. There was left a family of six, Neil being the second youngest. In Islay, Scotland, he received a common school education. After coming to this country, being only twelve years of age, he began farming and continued at this occupation until 1882 when he retired, and rented his farm of one hundred acres. He then removed to Thornbury to superintend the construction of the harbour works in the village where he still resided. In 1867 Mr. McColman was elected to the township council of Collingwood, and in 1869 was elected reeve for the same township, and he was re-elected for several years afterwards. In 1884, upon the death of the late A. W. Lauder, M. P. P., he contested the representation of East Grey in the Ontario house against Robert Myles of Euphrasia township and he succeeded in defeating his opponent by a majority of 622 votes which was a very decided victory. He was a member of the Orange Association and has held the office of Master for several years. And he was Chaplain of Collingwood District, being a member of Ravenshoe L. O. L. 1087. He was a man of wide and ripened experience, and has travelled through the greater part of Canada and the United States. For six or seven years he was President of the East Grey Conservative Association, resigning this office at the time of his election. In 1857, he married Martha Green, daughter of Mayor Green of the County of York, a native of Yorkshire, England, and by this lady had a family of three. Mr. McColman's public career has been a credit to him and those who have watched his administrative abilities in municipal matters considered him a shrewd level headed man, and fit to take a place in any deliberative assembly.

When the new County Council Act came into force in 1896 he was elected as one of the representatives of division No. 7, and occupied the office of County Councillor continuously for the old act took effect in 1907.

The funeral took place on Friday last at Union Cemetery Thornbury, and was attended by a large concourse of friends.

IS YOUR CHEST WHEEZY?

Tightness and wheezing means your trouble is deep seated. To delay is dangerous. Inflammation must be drawn out at once. Rub the throat and chest with Nerviline and put on a Nerviline Plaster. Relief comes in an hour. The counter-irritant effect of the plaster relieves the tightness and strain, draws out the soreness, eases the pain. The penetrating qualities of Nerviline enable it to soak to the very core of the trouble, and you experience a feeling of warmth and relief that proves the danger is past. For weak chest, sore throat and tendency to colds, the Nerviline Treatment beats all others, try it.

THE SCHOOL CLOSING

SAY, Ella Brown hez a fearful "n-ck." A-savin' The Boy on the Barnin' Deck. While I, a feller what's nearly 'leven Mus' recite that slush, To Mary In Heaven. The teacher says, don't know what fer, That Mary in Heaven is easier. 'Course Cassy Byanky's hard all right, But gee, that Brown girl can't recite. She swings her arms, an' she rolls her eyes, An' opens her mouth, like fer ketchin' flies. An' gives herself sich crazy twists Jus' like dad-fetched elocutionists. I seen her practisin' after four, And oh, by jing, but it made me sore! But teacher thinks she is simply great. An' smiles an' smiles at a fearful rate. I kin see right now 'at the Christmas Tree Ain't goin' to be any fun fer me Jus' think o' that their Ella Brown A-givin' "a Bust o' Thunder Soun'." An' me gittin' up on my feet to say To Mary in Heaven. The crazy thing! It's a wonder: I wasn't ast to sing Ye see I'd like to recite instead A thing like The Loss o, the Birkenhead. Or some good tale of a bloody fight Like "Cal-nons to Left of 'Em, +uns to Right."

That Marco Buzzaris 'd be a beaut, But Teacher said it 'd never suit. An' give me the silliest thing there is, To Mary In Heaven. Oh, gee whiz!

IS YOUR CORN TROUBESOME?

Why not cure it—erradicate it with Putnam's Corn Extractor? No pain or sore—"Putnam's" is a guaranteed success, try it.

AND HE WORRIED ABOUT IT.

The sun's heat will give out in ten million years or more; And he worried about it, It's sure to give out, so the scientists said In all science books that he had r. ad. The whole mighty universe then will be dead; And he worried about it, Some day the earth will fall into the sun; And he worried about it, Just as sure and as straight as a shot from a gun; And he worried about it, When strong gravitation unbuckles her straps Just fancy, he said, what a fearful collapse Will come in a few million years, perhaps; And he worried about it. THE FUNNY PART. His wife took in washing at a dollar a day; And he didn't worry about it, His daughter sewed shirts the rude grocer to pay; And he didn't worry about it, While his wife beat the tireless rubber a dab tub, On the washboard drum of her old wooden tub, He just sat by the stove and he let her scrub; And he didn't worry about it,

SAID THIS IS BEST

A leading health journal in answering the question, "What is the best prescription to clean and purify the blood?" prints in a recent issue the following: Fluid Extract Dandelion, one ounce; Compound S. Latone, one ounce; Compound Syrup Sarsaparilla, four ounces. Stir well and use in teaspoonful doses after each meal and at bedtime. A well-known physician states that these are harmless vegetable ingredients, which can be obtained from any good prescription pharmacy. This mixture will clean the blood of all impurities. In just a few days the skin begins to clear of sores, boils and pimples. It puts vigor and energy into run-down debilitated men and women. For many years Sarsaparilla alone has been considered a good blood medicine. But while it built up and made new blood, the impurities remained within and the good accomplished was only temporary. Sarsaparilla, however, when used in combination with Compound Salatan and Extract Dandelion, works wonders. This combination puts the kidneys to work to filter and sift out the waste matter, uric acid, and other impurities that cause disease. It makes new blood and relieves rheumatism and lame back and bladder troubles.
