DURHAM, MARCH 12, 1914.

BUTTER IS BUTTER

Butter is 20 cents a pound. quality not considered. The practice of paying the same price for all kinds is not fair; in fact, we don't think it's honest. We have very decided views on this question, and we think that butter should be graded and paid for according to quality, just the same as other commodities. Eggs are 28 cents a dozen, but the rotten ones will not be accepted. There seems no good reason why rotten eggs should be refused, while bad butter is taken at the highest price. The merchants will tell us you can't make a difference, or if you do, you'll lose customers. That is, you'll lose poor butter-makers. By giving the same price for all kinds of butter, you'll lose the good butter-makers, who find a ready market in the city for the bulk of their output, and that's where a lot of the good butter is going to-day, while the merchants and consumers here have to put up with an inferior article in many cases. The merchants will tell you they can't pay any more than they do, as returns from the commission merchants show a loss in many cases. We believe them, and we don't see how it could be otherwise. We have many good butter-makers in this vicinity, and some say we have poor ones. Good butter is as well worth 25 to 30 cents a pound as poor stuff is worth 10 to 15 cents, but mix the good and bad together, and where grading is done, as in the city, it will all go into an inferior class and command an inferior price. Under present methods of paying the same price to everybody, there is no inducement for a good butter-maker to worry and the indifferent ones can go on in the same old way as long as she can find local buyers. We could say more, but perhaps we have said enough for this time. Those who wish to exercise the trick of thinking can figure out the question for themselves.

TRIBUTES TO SIR GEORGE ROSS

Sir James Whitney has issued a statement in which he pays a tribute to the late Sir George Ross. He says: "Although not unexpected, the announcement of the death of Sir George Ross conveys a shock to the people of this Province. Very few of the public men of Ontario were better known to the people. He was one of the ablest men our Province has produced—a man of great force of character, and at all times a sturdy defender of the British connection and a very prominent figure in our public life. He will be missed, indeed. His widow and the other members of the family have the warm sympathy of the entire community in their great bereavement."

Mr. N. W. Rowell, leader of the Ontario Opposition, says: "There will be universal sorrow at the death of Sir George Ross. Few men have fought so heroically against physical ills as he, and always with a cheerful courage which made you forget his suffering. Of the outstanding features of his character those which most impress me were ardent Canadianism, his strong imperialism, and his great capacity for lucid and eloquent exposition of public questions, particularly the exposition of the ideals and aspirations of the Canadian people. He was one of Ontario's most devoted and most gifted sons. There will be wide-spread sympathy with Lady Ross and the members of Sir George's family in their great bereavement."

A BETTER REMEDY THAN NASTY SALTS.

Few people like to take physic, especially salts, because they are so disagreeable to take and because of the griping and pains they cause. Rexall Orderlies enable you to take less physic, and all without griping, purging or excessive looseness. Salts and harsh physics usually give only temporary relief and often leave the bowels worse off than before.

Rexall Orderlies move the bowels promptly, and soothe, tone and strengthen the intestinal muscles, leaving them healthy and regular in action. They taste like candy, and the movement they cause is as easy and natural as though your bowels were in perfect health and you never had to take any physic at all. We have so much faith in Rexall Orderlies that we urge you to try them with the understanding that, if they do not satisfy you in every way, all you have to do to get your money back is to tell us. We honestly believe them to be the best bowel remedy made. In vest pocket tin boxes; 10c, 25c, 50c.

You can buy Rexall Orderlies only at The Rexall Stores, and in this town only of us. Macfarlane & Co. My2

working for Mr. A. B. McArthur.

Mr. and Mrs. Hugh Edwards left on Monday for their new home in East Luther township, Dufferin county.

Mrs. McCannel, and son Donald, of Egremont, visited the former's sister, Mrs. McFarlane, Monday.

Mr. Martin Murphy is working for Mr. Henry Beaton at present.

Mr. and Mrs. N. A. McQueen, of Boothville, were callers in this burg the last of the week.

Mrs. E. Davis of Toronto is visiting her parental home at present.

On Tuesday evening, March 3, the home of Mr. and Mrs. Hugh Edwards was the scene of a very enthusiastic gathering, the occasion being the holding of a farewell party in honor of Mr. and Mrs. Edwards, prior to their departure for their new home in Luther township, Dufferin county. Friends and neighbors to the number of over fifty assembled, and the high esteem in which Mr. and Mrs. Edwards are held was evidenced by the hearty spirit of social enthusiasm which characterized every feature of the gathering. At an appropriate time, Mr. T. H. Binnie read the address given below, while Miss Susie Kennedy and Miss Katie McFarlane presented the mementoes, two beautiful chairs. Mr. Edwards, though visibly overcome, briefly replied on behalf of himself and Mrs. Edwards. Mr. T. H. Binnie acted as chairman, and called on Thos. McComb, John Gray, Geo. Binnie, Archie Beaton and others for short addresses, all expressing regret at the early removal of Mr. and Mrs. Edwards. The following is the address:

To Mr. and Mrs. H. Edwards and Family:

Dear Friends,—It is with sorrow we have learned that you have decided to remove from our midst and make your home in a distant part of the country. We are sorry to part with you, sorry to lose your companionship and social intercourse.

To-night a number of your friends and neighbors have gathered to spend with you a social hour in your hospitable home: to express our appreciation of you as a friend and neighbor, and to wish you a long, happy and prosperous life in your new sphere. For a long time you have been amongst us, and we have ever found you true friends, kind and obliging neighbors and pleasant social companions, ever ready to help where help was needed and greet a friend with a genial smile. For a number of years you had control of Bunessan Post Office, and the kindly, obliging and orderly manner in which the business was conducted was much appreciated by the patrons of that office. While you are living far from us we hope you will sometimes think of your friends and neighbors in old Glenelg, and to keep our memory green, as well as in a small measure to mark our appreciation of your work and integrity, we present you with these tokens of our esteem. We hope you will accept them, not for what they are worth in themselves, but as what they represent in your old friends and neighbors.

In bidding you good-bye, may all good things attend you: may the ills of life be few and light; may the joys be many and sweet, and may happiness to the full be yours now and ever.

Signed on behalf of your friends and neighbors.

VITALITY REGAINED KIDNEYS CURED

Health Restored By "Fruit-a-tives"

HAGERSVILLE, ONT., Aug. 26th. 1913. "About two years ago, I found my health in a very bad state. My kidneys and liver were not doing their work, and I became all run-down. I felt the need of some good remedy, and having seen "Fruit-a-tives" advertised, I decided to try them.

Their effect, I found more than satisfactory. Their action was mild and the results all that could have been expected.

My liver and kidneys resumed their normal action after I had taken upwards of a dozen boxes, and I regained my old time vitality. Today, I am as well as ever, the best health I have ever enjoyed, and I unhesitatingly give you this testimonial for publication if you wish."

B. A. KELLY. In hundreds of letters received by the Fruit-a-tives Company, the same expression is used "Fruit-a-tives is the best kidney remedy in the world". McWILLIAMS.

On Wednesday of last week an interesting event took place at the home of Mr. and Mrs. W. R. Watson, near McWilliams, when their eldest daughter, Irene, was united in marriage to Mr. Crawford Harrison of Egremont. To the strains of the wedding march sweetly played by Miss Ethel Morrison, the bride, leaning on the arm of her father, advanced to the altar, and was gracefully given away. The nuptial knot was well and securely tied by the Rev. J. Albert Leece, B.A., in the presence of a number of invited guests, near relatives and intimate friends of the contracting parties. The number of presents show the esteem in which the young couple are held, the groom's gift being a gold watch and chain, and to the organist a gold brooch. After the usual congratulations were extended all partook of a sumptuous and dainty wedding dinner. The fair bride was tastefully attired in white figured voile, with trimming of duchess' satin and shadow lace. Her going away suit was a pale blue serge, with hat of white mohair braid with bows of white satin ribbon and wreath of hawthorn blossoms. Our best wishes for a long and happy wedded life accompany Mr. and Mrs. Harrison to their new home. Mr. Geo. Grigsby, who has been working in Mr. Wm. Moore's bush for the past couple of months, has now secured a job in the furniture factory.

KNOX CORNERS.

Mr. Elgin and Miss Carrie Wilton entertained a number of their young friends from around the Corner at their home one evening recently. The night was spent in various games and music until the hour was late, when all returned to their homes, thanking their host and hostess for another truly enjoyable evening. This is a little out of our scope, but Carrie is one of Knox's most estimable young ladies.

The Massey-Harris celebration in Durham on Thursday must have been a grand success, judging by the new implements that came this way. Walter Ferguson and Charlie Keller got cultivators, John Sharp a binder, and John Leith a drill.

A London, England, despatch says a Victoria, B.C., man is seeking a wife, "preferably fair, domesticated, and not one of the flighty type." The qualifications may be all right, and good wives may be obtained by the mail order method, but we would like to see what she looked like before buying the license. We presume a mail order wife could be sent by parcel post if she doesn't exceed the eleven-pound limit.
