Baseball has been revived in town, and the boys are growing quite enthusiastic and proficient in the game. A good crowd is out for practice every night, and it is expected some good games will be pulled off next month. Several new players, who have recently moved to town, and we understand a good battery is also available.

An Essex county autoist passed a farmer's rig on a dark night recently, both rigs being travelling in the same direction. The horse became frightened, threw the buggy into the ditch, and injured the occupant. Because the auto driver gave no warning that he was going to pass, he was ordered by the court to pay the farmer \$250 damages, and also to pay the court costs.

Word has been received here of an accident which befel Mr. G. J. Bretz of Shelburne, son-in-law of Mr. and Mrs. S. McCracken of this place, on Tuesday of last week. A gun, in the hands of a friend, was exploded, the charge entering Mr. Bretz's foot, and severing the large toe. We understand that though the accident was serious enough, no fears are entertained at present regarding his recovery.

The nominations were held on Monday. Dr. Jamieson and Mr. Ramage being the candidates chosen by the Conservatives and Liberals respectively. Mr. W. B. Vollet received the nominations and after the business closed Mayor Black acted as chairman while the speech making was going on. Dr. Jamieson spoke first and gave a good review of the Whitney administration, referring particularly to Bilingualism, the Workmen's Compensation, Agricultural and Educational questions, as well as Temperance, which seemed to be the only point on which the Liberals could find fault. He demonstrated clearly the contrast between the former Liberal government of promises, and the Whitney government of fulfillments. Mr. Ramage did well, considering the poor nature of the material he had to work on. Both received a good hearing.

The Provincial elections will be held next Monday. Vote early.

Darling's anti-bug poison and fertilizer. The old reliable. At Central Drug Store.

For wedding presents, see W. Black's north window of silverware.

The horse fair last week was quite a success, over 30 horses having changed hands.

The Canadian Order of Foresters attended service at the Baptist church last Sunday night. There was a large turn-out and the Order listened to an excellent sermon by the pastor, Rev. Mr. Wylie. The band was in attendance.

We notice in The Review of this week that Reverends Cooley and Prudham are giving vent to their wounded feelings. We are glad to know we are of sufficient importance to be taken notice of by the higher powers.

A hard frost in certain sections on Friday night of last week is reported to have done a lot of damage to gardens and crops, especially on low-lying lands. The rain of Sunday and Monday, however, has helped a lot. The cold spell affected only certain sections, and the frost seems to have been felt in patches, injuring one farmer's crops, and possibly missing his neighbor. The recent rains have also worked wonders with the hay crop, which, while it will not be heavy, will be considerably better than was expected two or three weeks ago.

The Canadians included in the King's birthday honors are the Right Hon. R. L. Borden, premier of Canada; Geo. E. Foster, minister of trade and Walter E. Davidson, governor of Newfoundland, who were made Knights of the Grand Order of St. Michael and St. George; Hon. Adam Beck, chairman of the Ontario Hydro Power Commission; J. A. M. Aikins, K.C., M.P., of Brandon, Man., president of the Canadian Bar Association and Senator Eugene de Boucherville, ex-premier of Quebec, are made Knights Bachelor. W. K. McNaught, ex-M.P.P., of Toronto, a member of the Ontario Power Commission, is made a companion of the Order of St. Michael and St. George.

The remains of Donald McDonald of Bentinck, who disappeared from his home early last November were found on Saturday last, and interment took place in Durham cemetery on Monday. Mr. McDonald left his home shortly after the dinner hour on the day of his disappearance, and despite numerous search parties, nothing was seen or heard of him since until last Saturday. It was the family dog that gave the clue, the animal coming home with the dead man's shoe, in which was encased what remained of his foot. The family recognized the shoe, and another search party was organized, which found the dead man's bones in a swamp about 75 yards from the barn. The bones of the deceased were found in different places, indicating that dogs, or other animals, must have disturbed them. A tin cup found near the remains, started a rumor of suicide, but this was dispelled Monday morning at the inquest, when evidence was taken showing that the cup had always been there being used by the workers in the fields in securing drinking water from a spring near by. The finding of the remains will be a relief to the sorrowing family, as the deceased's complete disappearance had caused them untold anxiety and worry. At the inquest the coroner, Dr. Gun of Durham, found a verdict of death from natural causes.

## ROWELL'S MANAGER A LIQUOR AGENT

Toronto, June 22.—It was reluctantly admitted to-day by Liberal campaign officials that the W. F. Summerhayes, appointed by N. W. Rowell, to the office of acting general secretary of the Ontario Reform Association, is the same W. F. Summerhayes who for the past number of years has been in the employ of the liquor interests of Ontario in fighting local option and other temperance contests.

Mr. Summerhayes is the actual director of Mr. Rowell's campaign, appoints speakers, issues "abolish the bar" literature and is otherwise the executive machine of the Liberal leader. Summerhayes was a paid agent of the liquor men recently in Peterboro and other places and gained his living for years from the contributions of distillers and brewers.

Mr. Rowell, knowing these facts, chose Summerhayes as the best man to push forward a campaign designed to hoodwink the temperance people of the province. Summerhayes was at his post of duty as usual this morning and will continue there. Summerhayes conducted the campaign for the distillers in the Province of Quebec, against the Canada Temperance Act.—O.S. Times.

## ABOLISH BAR IS NOT SOLUTION

"The abolition of the bars would not be a solution of the question. It would merely have an ameliorative effect. The bars are not so much a menace as the shops which form a depot of supply for local option territory and blind pigs."

So spoke Benj. Spence, secretary of the Ontario Branch of the Dominion Alliance, and the man on whom Mr. Rowell relied to deliver the temperance vote in aid of the Liberal party.

It was spoken by Mr. Spence on February 26, 1913, in an address before the committee on political action.

H.H. Stevens, M.P., of Vancouver wires to Ottawa that rioting may be expected should the Hindus on the Komagata Maru be allowed to land.

With the late Lord Strathcona's gift of \$25,000 the first leper colony in the United Kingdom will be established next fall in a deserted part of Essex.

Under the West Indian trade treaty, beneficial results in Canada's exports are shown, especially in travelling bags, cordage and twine, cars, carriages, etc. flour this being a striking increase. Farinaceous preparations, meats in brine, paints and manufactures of wood.

The district annual meeting of the South Grey Women's Institute was held in the town hall, Durham on Thursday, June 18. In the district there are nine branches. The total number of meetings held during the year was 89, with a total attendance of 2,063, and 151 papers and addresses were given. A report from each branch was given, showing all in a flourishing condition. Dromore has put drinking cups in four schools planted shrubs and trees in the cemetery, and sent a donation to the Sick Children's Hospital. Holstein has had a splendid year, and with a concert, and the 25th of May celebration, they have now on hand over \$100, with which they are planning to seat the park and assist the Holstein library.

After the reports were given and further business discussed, Mrs. Damm of Ayton read a very instructive paper on Books and Their Influence. Mrs. Groat of Holstein read a splendid paper on Don't Worry and Mrs. Rogers of Holstein read one equally as good on The Other Woman. The following officers were elected: President, Mrs. Dr. Easton, Ayton; 1st Vice, Mrs. J.W. Blyth, Durham; 2nd Vice, Mrs. J. H. Parke, Dornoch; Sec.-Treas., Mrs. Thos. McGirr, Miss Janet Preston of Napanee will give an address on Sanitation in Daily Life at the meeting of the Durham branch of the Women's Institute, in the town hall, Durham, on Saturday, June 4, at 2.30 p.m. All ladies are cordially invited to be present.

## Wine List at Liberal Club

"Abolish-the-Bar" Party Has Magnificent Stock at Headquarters

RUM! GIN! BRANDIES!

Ontario Liberal Club, Toronto, Boasts a Well-stocked Wine Cellar

The Ontario Club is the headquarters in Toronto of the Ontario Liberals. Mr. Charles M. Bowman, chief Liberal organizer, and Mr. Rowell's right-hand supporter, is a devoted officer.

Mr. Rowell himself has given dinners at the Ontario Club. At most hours of the day, groups of his "ardent" followers and his chief platform speakers may be seen within its precincts. These men are the custodians of the Rowell policies and resent any insinuations that their preaching and their practice are not one and the same thing.

But facts are facts. One fact is that the Ontario Club is the headquarters of Rowell's party. Another fact is the Ontario Club's wine list. Every member is presented with a copy and may order the various delectable drinks at his pleasure by day or night. On that list are over eighty kinds of spirituous liquors. This is the way a small section of it reads:
