CORNER CONCERNS.

Mrs. Jas. Tucker is spending a couple of weeks with her sister, Mrs. Ruddy, of Wingham, who was stricken with a paralytic stroke, which we hope will prove of a mild type.

Mrs. Alex. Black of Hespeler, formerly a resident of this place, spent the past week or two visiting relatives and old friends in this neighborhood.

Miss Tucker of Greenside spent last week with her friend, Miss Agnes Allan.

Mr. and Mrs. Robt. Aitkins of Holstein, spent Sunday with Mr. and Mrs. Barbour and attended the harvest thanksgiving service.

Mr. Robt. Barbour is building a cistern at his house. The long droughts that occurred these years make the old rain barrel of poor service.

The hot spell of the past week has possibly not been felt so much anywhere as by those engaged in threshing. The grain is dusty from the long wet spell, and there is also a good bit of smut. We understand in some instances a breathing spell out doors has to be given every half hour.

The Children's Fair is to be held this Wednesday in Holstein but we imagine there is not so much interest being taken this year as last.

The thanksgiving service in St. Paul's on Sunday was well attended, the church was neatly decorated for the occasion and the sermon most appropriate.

We are all sorry to hear of Mr. Peter Black being so unfortunate as to break his leg. Although he will remain cheerful during his affliction, yet he has had to suffer a good deal since his accident of three years ago in the woods. While some dread the spring of the year, the fall will always seem the worst to him.

Mr. Thos. Wilson has had lightning rods placed on his barn and house. The last storm gave his barn a close call, and had apparently fired the roof, but the rain put it out before much damage was done.

As there are no great events happening in this part our budget must in consequence be short, besides, people are so interested at present with events at a distance that they give but little time reading home news, and we believe everyone is beginning to feel his or her responsibility. We all claim to be good citizens, and loyal to our country and wish to do pretty near the right thing. Under any circumstances it is to be hoped war may not come again to Britain during the present generation, and the opportunity to show our loyalty in reality may never be with us again. So we fancy our people will all help with the burden of war, according to their ability.

Winnipeg expects to have a religious campaign next May, under the conductorship of Billy Sunday.

HOLSTEIN.

Mr. Mayor of Toronto is assisting Dr. Ellis to establish an optical department.

Rev. T. H. Ibbott left Wednesday morning for a trip to Calgary and other points.

An excellent program was rendered in the hall on Wednesday evening of last week, the funds of which are to be applied to the patriotic fund. Rev. Mr. Gorman of Dunganon gave an excellent address along patriotic lines. The character and object merited a better attendance. The proceeds amounted to \$23.

Bush fires have been raging south and east of us, but the rain on Tuesday evening cooled matters.

Milford Dowling's driver decided Tuesday to take a spirited trip on its own account. The track chosen was Main street, Holstein, rate 25 knots an hour, destination the G. T. yards; result, a badly damaged buggy. Nobody else hurt.

Died.—In Toronto, Mrs. J. Ferne nee Maggie Stephens, aged 25 years. Maggie was well and favorably known here, being the second daughter of Mr. and Mrs. John Stephens, now of Hanna, Alberta. She leaves two children, the youngest being only three days old. The remains were brought to Holstein Monday. The funeral service was held in the Methodist church, Rev. T. H. Ibbott conducting it. The remains were then interred in Woodland cemetery. A husband, two children, her parents, four sisters and four brothers mourn her early demise.

Judge Sutherland of Owen Sd attended the final revision of the Voters' List for Egremont on Friday of last week.

Jas. W. Hunt is in the cement business as a business. He has purchased the land east of the hall along the river edge and has erected a building and installed machinery for the manufacture of tile. His machine has a capacity of about 1,500 per day. He has already commenced operations.

Mr. Mayor of Toronto assisted the Methodist choir Sunday, and rendered two solos in the evening. Before another issue, the Egremont Agricultural Society will have held its 47th annual show.

PERSONAL

Mr. Will Harris is home from Fort William for a time.

Miss Agnes Tookey is visiting her cousin, Miss Florence Clark.

Mrs. N. W. Campbell and Miss Harris were judges yesterday at the Egremont school children's fair, held at Holstein.

Mr. J. R. Mundie, representing the Maclean Publishing Co. of Toronto, was in town Tuesday on business.

Mr. Wes. Williams, of Edmonton, after an absence of ten years in the west is visiting his parents, Mr. and Mrs. Ben. Williams, and other relatives and friends. He will likely remain over until spring.

Mrs. E. D. Campbell, wife of the late Dugald Campbell, of Los Angeles, Cal. visited her brother, Alex. Campbell, and sister, Mrs. J. Dunsmoor, and other friends in Rentinck during the past couple of weeks.

Mr. and Mrs. A.W.H. Lauder and son, Martin, returned Friday night from a three or four weeks' trip to Hamilton, St. Catharines, Brantford, Niagara Falls and several other places in the Niagara peninsula. On the home trip they were accompanied by Dr. and Mrs. P. C. Park and child, of Hamilton.

HOUSEHOLD HELPS.

To cut down expenses without cutting down the comforts of home, to encompass the need, to save without losing, is worthy of intense study. Certain simple rules underlie all successful attempts at domestic economy:

1. Have an allowance and keep within it.
2. Eliminate the unnecessary.
3. Substitute the inexpensive.
4. Utilize the by-product.
5. Buy carefully.

A true economist is not only a good saver, but a good buyer. Here again, certain simple rules blaze the way:

1. By careful investigation determine the best place for general trading.
2. Do your own marketing.
3. Watch the scales.
4. Consider quality—the cheapest in price is not always the cheapest in value.
5. Buy staples, as flour, potatoes, etc. by the barrel.
6. Do not buy in quantity when a forced using must follow the purchase.
7. Buy the smallest possible amount of perishable goods.
8. Take advantage of food sales when quality is guaranteed.
9. Buy country produce directly from the farmer. Company buying has its advantages.
10. Pay cash. This is the key-stone of the arch. Without this the structure has no stability, the individual no economic independence.

To clean willow furniture use salt and water. Apply with a brush and rub dry.

Old stocking legs covered with part of an old kid glove make excellent iron holders.

When pouring boiling water into an empty glass, put a spoon into the glass first. This will prevent it from cracking.

After frying onions, pour a little vinegar into the frying pan, let it get hot, and it will remove the smell from the pan.

To make white linen a good color, add a squeeze or two of blue to the water in which it is boiled.

To render articles non-inflammable, dissolve two ounces of alum in one gallon of cold water and use for rinsing.

To wash lace, squeeze in hot, soapy water, then in cold. Dip in milk to stiffen it. Press on the wrong side with a fairly hot iron.
