COMING TO DURHAM

Headaches Cured In Most Cases

Children's Eyes Our Specialty

Toronto Eyesight Specialist

COMING SEPTEMBER 28th to OCTOBER 7th

I have made arrangements with FREDERICK W. MAYOR, of Toronto, to take a special advanced course in the SHADOW TEST SYSTEM OF EYESIGHT TESTING.

HE LOOKS INTO THE EYE
Consultation Free

SHADOW TEST SYSTEM
Prices Reasonable

I have gone to great expense to get this specialist here for the benefit of the EYE and HEADACHE sufferers of the surrounding district. The old system of trying on glasses and the confusing guess-work system is entirely done away with. This SPECIALIST "LOOKS INTO THE EYE" and scientifically measures the defects and corrects them in a very few minutes. As I said before, I am taking this special advanced system of sight testing in order to carry on the successful work that this specialist will start. Many headaches are caused by defective vision. Many children are suffering from defective vision unconsciously, therefore I appeal to all parents to avail themselves of this opportunity.

Come one, come all—
MORNING, 8.30 a.m. to 1 p.m. AFTERNOON, 2 p.m. to 6 p.m.
Glasses not prescribed unless needed
WEDNESDAY AND SATURDAY EVENINGS 7 p.m. to 9.30 p.m.
Evenings are just as good as daytime, as all work is done by artificial light

In Conclusion I say to every Man, Woman and Child, CONSULT THE SPECIALIST. SATISFACTION GUARANTEED
