The Order of the Eastern Star, of Dawson City, Y. T., has forwarded the sum of \$304. The people of the Yukon Territory have supported the Red Cross in a generous manner.

workers who are doing so much for our Canadian soldiers in their battle for freedom. It should stir us to greater energy and renewed activity under the Red Cross sign.

### The Red Cross Column

Although we are now entering the eighth month of the great European war and although we hear from time to time of peace and rumors of peace, the official reports of the different belligerent nations clearly show that strenuous fighting is still going on and will continue for some time to come. The great offensive of the Allies is not yet under way though there can be little doubt that the generalissimo is but waiting for a favorable opportunity when the hosts of Britain and her Allies will be hurled against the Teuton hordes to drive them back to their own frontiers.

This offensive movement will necessarily be an expensive one and hundreds of thousands of lives will be lost, while a continuous stream of wounded will have to be carried to the hospitals flying the Red Cross flag. It is only right we should look things in the face and be prepared for heavy losses before the cause for which we are fighting is finally accomplished.

The heavy losses suffered by the gallant troops who took part in the glorious battle of Neuve Chappelle shows clearly that even local successes cannot be gained without great loss of life. The greater portion of these casualties are wounded and lives can only be saved when these wounded men are attended to promptly and when the doctors and nurses have every medical appliance at their disposal. A large amount of medical supplies have been sent from the Red Cross both to England from Canada and from Canada to the front during the past weeks, and as the war progresses a still larger amount will be needed.

Funds are specially needed for these surgical supplies, as the Red Cross authorities know exactly what kind of instrument is needed at the front and in the hospitals and they have to be purchased from the proper sources. Nevertheless, anyone can roll bandages and these are needed by the million but word has been received from England that bandages not properly rolled should not be sent and the Canadian Red Cross Society earnestly requests that all who undertake to send in bandages should not do so unless they are prepared to carry out exactly the instructions given them. These bandages are made 2 inch, 2½ inch, 3 inch, 4 inch, 5 inch and 6 inch, and five yards long. A cheap grade of unbleached factory cotton should be used and they must be torn, not cut, and tightly rolled on bandage rolling machines.

Old linen, cotton and flannel will always be acceptable and there must be many housewives who have table cloths, towels, sheets, which have been used sufficiently to enable them to be replaced. If every householder were to give one sheet, one towel and one table cloth, what a lot of bandages could be made to bind up the wounds that our brave soldiers have suffered in the cause of freedom.

It is of the greatest importance that all supplies should be packed according to directions and that the contents of each parcel should be fully described on the outside, with the number of articles, size of articles, etc. Full directions as to packing and what is most needed, etc., can be had on application to the Superintendent of supplies, 77 King street, East, Toronto. A new leaflet has just been issued in which all information is given for the guidance of all those who are helping in the great cause.

Those who are assisting the work of the Red Cross little realize how their good work is appreciated by the soldiers both in the trenches and in the hospitals. Here is an answer from a Canadian nursing sister who was for some time engaged in a hospital on Salisbury Plain: "Please tell any of the dear people who send Red Cross things that they will never know what a blessing the things they have made are. They cannot make too many handkerchiefs, night shirts and pyjamas. They are valuable, I can tell you." That is one of the many messages of gratitude that comes across the sea to the splendid band of

RED CROSS NOTES.  
One of the most interesting gifts received so far by the Canadian Red Cross Society reached headquarters recently in the form of one scarf and three knitted wristlets, which were worked by Miss J. M. Barnards, of Kohala, Hawaii. Enchosed in the package was a note which said: "With this old lady's prayers and best wishes, accompanying the message was a photograph of the sender who, though far away in sunny Hawaii has not forgotten our brave soldiers."

The Girls' Red Cross Auxiliary of Aurora, Ontario, have for some time been making a small khaki bag containing iodine, wool pad, piece of gauze and waterproof. Altogether, these girls have made 525 of these little bags. Full description and directions are printed in English and French on the outside cover, which also has the maple leaf printed above the directions.

While the appeal of the society for tobacco has been met in a generous manner, a large quantity is still needed if the Canadian troops at the front are to be supplied with this luxury. Pipes, tobacco in tins, plug tobacco, and smokes of all kinds will be welcomed at headquarters and also money to buy them. It is not necessary to point out what a great deal of comfort and pleasure a pipe of baccy affords our soldiers in the trenches and in hospital.

Another large consignment of Red Cross supplies left Toronto a few days ago when 435 cases were sent to Halifax en route to London, where they will be distributed by the Canadian Commissioner. Since September 10, no less than 8,696 cases have left headquarters and supplies from all parts of the country continue to arrive every day. Among the supplies sent last week were 4,861 shirts and 5,865 socks, besides a large assortment of other articles.

It is an interesting fact to note that from August 20 to December 31 last 3,548 cases were sent from Toronto, and from December 31 to April 15 the number shipped totalled 5,148. Thus 1,600 more cases were shipped during the past three and a half months than during the previous four months. These shipments do not include any article sent other than Red Cross supplies.

That the west is doing its share is shown by the fact that in the past three weeks two shipments of 48 cases each arrived from Calgary. A large consignment was also received from Hamilton and 3,600 socks from the Brandon chapter of the Daughters of the Empire. These latter articles were for the War Contingent Association.

Colonel Gorrell, who is in charge of the Duchess of Connaught hospital at Cliveden, England, in a recent letter to Mr. Noel Marshall, chairman of the executive committee of the Canadian Red Cross Society, asked that maple sugar and syrup be sent as the soldiers specially appreciated this luxury. (The society will be glad to receive any maple product and the farmers of Ontario and Quebec are specially asked to assist in this worthy appeal. We cannot do too much for our soldiers and when they express a wish for any particular luxury, they should receive it.)

Although there are only twelve ladies in the town of Carcross, Yukon Territory, including one Japanese and one Indian, they have been doing a splendid work on behalf of the soldiers and have sent a parcel of knitted goods to the Canadian Red Cross. These comforts were sent by the Patriotic League of that little town in the far north.

The citizens of Guelph, through the Canadian Red Cross Society, and the people of Wellington county have presented a motor ambulance to the society for service at the front.
