The business, which was founded 25 years ago by the late Herbert Strain, stands to-day, says The Tribune, as one of the foremost business enterprises in the northwest. Durham People Praise Simple Mixture

Many in Durham praise the simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka. This remedy is the most THOROUGH bowel cleanser ever sold being even used successfully in appendicitis. ONE SPOONFUL relieves almost ANY CASE of constipation, sour or gassy stomach. ONE MINUTE after you take it the gasses rumble and pass out. Adler-i-ka cannot gripe and the INSTANT action is surprising. Macfarlane & Co.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever: nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness caused by Catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

AFTER THE WAR.

When the weary war is ended and the nations cease to groan, when the Right has been defended till it's fit to stand alone, when the Hun has ceased to pillage and the Vandals' work is through, when the wrecked and shattered village starts to build itself anew; may the world be saner, wiser, chastened by its frightful loss, putting down the king and kaiser, who'd be universal boss! If a crazy King's ambition to be War Lord of this sphere, threatens such a dire condition as the world has known this year, if he gads as Wilhelm's gadded in his military pride, he should have a cell that's padded where the lunatics abide. You may talk through forty seasons of the causes of the war, you may spring a hundred reasons that the men are fighting for; but this fact above the riot stands, and little comfort yields; Had Old Bill been sane and quiet, there would be no blood-soaked fields. Had he quit his endless bluffing, had he ceased to kick his hat, telling how he'd knock the stuffing from this nation and from that, had his headpiece been less rattled, had he known less martial heat, all the nations now embattled would be busy growing wheat. When the bugles sound "Cease Firing," let us block the little game of the monarch who's aspiring to an Alexander's fame.—Walt. Mason.

Latest reports from Toronto are to the effect that the sight of his eye will be somewhat impaired, but not so seriously as was at first anticipated.—Sheburne Free Press.

IT WAS ABOUT TIME.

One evening the young minister, who had seemed rather attracted by "big sister" Grace, was dining with the family. "Little sister" was talking rapidly when the visitor was about to ask the blessing. Turning to the child, he said in a tone of mild reproof:

"Laura, I'm going to ask grace." "Well, it's about time," answered "little sister" in an equally reproving tone. "We've been expecting you to do it for a year, and she has, too."

LISTOWEL BUSINESS COLLEGE

Profit Sharing Year

AT

Listowel Business College

BEGINS ON

TUESDAY, SEPTEMBER 7, '15

WE already have more students enrolled for the coming year than have ever entered at a fall term opening in the history of the school. Our aim is to enroll 100 new students during the school year from September 1915 to June 1916, and if successful in this—and we fully expect to be—we will share our profits by handing each student registered during the year, a check for

10 per cent. of the Tuition Paid

Our past record of fair dealing, coupled with the success of our ex-students and graduates, who, by the way, are our best advertisements, is going to enable us to reach our ideal of

100 New Students for Profit Sharing Year

Write now and let us know when you are coming.

The best time to enter is at our fall opening—or as early after that date as possible.

ADDRESS

Edwin G. Matthews, Principal
