TUBERCULOSIS DAY IN ONTARIO SCHOOLS

The following is an extract from the circular issued by the minister of education to 11,823 school teachers throughout the province, with reference to the third Tuberculosis Day in the schools, to be held on Monday, November 15:

"A very special effort is now being made to save the lives of children. Education in the means of prevention and cure is one of the most powerful weapons that can be used. With this object in view there is a general movement to direct attention to the work of the National Sanitarium Association, and therefore the minister desires to notify school boards, and through them the parents of the pupils, and rate-payers generally, that the department approves of the object aimed at by the Association and recommends that on Monday, the 15th of November, the principals and teachers of the schools call attention to the necessity of putting forth all possible efforts to prevent the spread of the disease and of availing themselves of the means supplied for this purpose, and of making such use of the printed statements that have been issued as may be deemed expedient."

In addition to the department circular, an Outline of Lecture and a small pamphlet, "Tuberculosis, what it is," will be distributed in the schools, asking and answering a number of popular questions regarding the nature of the disease and its prevention and cure, and giving in simple form a great deal of exceedingly useful information.

All the teachers, and particularly those who have been stimulated to action by sermons delivered from the pulpits on Tuberculosis Sunday, November 14, will be able to give their scholars the benefit of their inspiration on the Monday.

Teachers in this district would be well advised to use the "question" rather than the "lecture" method on this subject, finding out what the children already know and, instead of spending time on that, emphasize the important points about which they are still ignorant.

Teachers should also ascertain what are the local conditions. If ten per cent. of all deaths are due to tuberculosis, what does this mean to our own community? What is the actual tuberculosis situation? What is being done to remedy it?

Teachers should endeavor to carry out some of the ways suggested in the material supplied to them, of giving the children some practical way of co-operating with the Anti-Tuberculosis Association to emphasize in the minds of the children that their own active help is one of the most important weapons in combating this deadly disease.

MAN'S BODY FOUND.

A gruesome find was made by some boys who were picking apples on the old Craig homestead on the 10th concession of Arthur township last Saturday. A young son of Mr. John Craig went into the log house, which has long been unused, and in an upper room found a badly decomposed body. Dr. Jones, coroner, of Mt. Forest, was notified, and the facts ascertained by him indicated that the body was that of a Toronto young man, Harry J. Minch, who has been missing from his home since last July. In July the boy's mother wrote to her cousin, John Craig, with whom her son had visited some seven or eight years ago, telling him the boy had disappeared from home and asking Mr. Craig to keep a lookout for him. Just a few days before the discovery of the body another letter reached Mr. Craig from Mrs. Minch saying she had not heard from her boy yet. The body was too badly decomposed to be identified in the usual way, but the clothing tallied with the description given by Mrs. Minch of what her son wore when he left home. One of the articles was a christy hat which had the boy's initials on the band. It is thought the unfortunate youth, who was weak both mentally and physically, came to Kenilworth by train and walked to the old house where the Craigs resided when he last visited them; found the place deserted, Mr. Craig now residing in a new house a quarter of a mile away and, being exhausted, laid down to rest, and never rose again. The coroner phoned the circumstances to County Crown Attorney McDonald at Guelph, who did not consider the holding of an inquest necessary. The remains were removed by W. Gibson, undertaker, of Mt. Forest, on Monday.—Representative

STATISTICS OF RED CROSS WORK IN ONTARIO

In a great many towns joint Red Cross and Patriotic Fund campaigns have been conducted in which either 50, 25 or 40 per cent. of the proceeds went to the Red Cross. These campaigns have been remarkably successful.

In Bowmanville, for instance, nearly \$22,000 was raised, in Midland \$17,000, in Campbellford \$11,000, in Orangeville \$7,000, in Alliston \$5,000, in Shelburne \$5,100, in Beaton \$2,000, in Creemore \$2,500, in Stayner, \$2,600, and in Sault Ste. Marie \$70,000.

This campaign method produces large sums of money, as can be seen in the published results of Trafalgar Day, but that should give no discouragement to the small branches which by faithful and systematic work keep alive the Red Cross idea from one end of the year to the other.

These few figures are a good indication of the way in which in Red Cross matters, Ontario is discharging its duty as the province of largest population and greatest wealth.

Red Cross news The Beaches Red Cross Auxiliary of Toronto have in the past year collected \$4,700 cash and have made 14,800 articles.

The Vancouver Red Cross reports a total cash contribution of \$75,147 during the past year. Shipments of Red Cross supplies have consisted of 1,080 cases containing 861,000 articles.

The year's record of the Toronto Red Cross Society shows a total cash contribution of \$166,873 and supplies comprising 675,000 articles of a value of \$108,500.

Since August the St. John Red Cross has used 52,000 yards of material in making garments for wounded soldiers.

Miss Mary Hall, an African explorer, who is a member of the Royal Geographical Society, is on a lecture tour in Nova Scotia in aid of the Red Cross.

Saltfleet township, near Hamilton, has decided to give \$200 monthly to the Red Cross until the end of the war.

The students of McDonald College, Guelph, have contributed \$190 to the Red Cross Society.

A lady of Scotch descent in Amherst, Nova Scotia, has offered to the Red Cross two antique chairs which are over 150 years old.

Sussex, N. B., Red Cross has raised \$1,448 during the past year.

The Red Cross in the villages of Grand Pre and Hortonville, N. S., have raised \$409 in cash and \$337 in supplies.

Members of the Brook chapter of the Daughters of the Empire have organized a new Red Cross branch at New Dublin, near Brockville.

A new Red Cross auxiliary branch has been formed at Naskup, B. C.

The Red Cross at Eganville, near Ottawa, has collected \$793 during the past year.

The inmates of the Hospital for Incurables, Toronto, have during the past year made for the Red Cross 2,000 bandages, five cases of surgical supplies and over 500 knitted articles.

Andrew Schaab of Wilkie, Sask., has donated a town lot to be sold at auction for the Red Cross.

The St. John's, Newfoundland Red Cross has raised \$1,500, which is to go toward the establishment of a Newfoundland ward of 25 beds in one of the British Red Cross hospitals. In addition, St. John's raised over \$5,000 on Trafalgar Day.

Employees of the Saskatchewan division of the C. P. R. recently donated \$500 to the Red Cross.

The Cobalt branch has recently sent out its record shipment of Red Cross supplies. It amounts to 89 cases, making a grand total of 475.

The Connaught Red Cross Society is the name of a new branch recently organized in Grand City, Man.

The city post office employees in Ottawa have donated to the Red Cross, a motor field ambulance received by the Ottawa R.-d. Cross.

Richard Livingstone, charged in the London police court with making a false statement that the Red Cross is selling socks, before securing his release was forced to sign a legal affidavit repudiating this allegation.

The Melford, Man., Red Cross has raised \$1,575 as shown by its annual statement.

wounds, otherwise they would not be exchanged, arrived in Holland on a German Red Cross train. During their brief stay prior to their transhipment to England, they receive many attentions from the Dutch Red Cross. "If the people at home," says the writer, "could have seen what I saw in those few hours, Red Cross organizations and prison-funds would have to refuse funds instead of appeal for it."

The prisoners were somewhat critical of German prison life. They complain of the hardships of German prison camps, the petty tyrannies, the bad and insufficient food. Their opinion of the Red Cross was invariably expressed in the formula, "I don't know what we should have done without the Red Cross parcels. We have to thank the Red Cross and its parcels that any of us are here today."
