But no public school could rid

William of the feeling, carefully encouraged by his circle, that he at anything he has undertaken: follows:but he was not clever. He could not get above tenth in a class of seventeen boys. His brother, Henry, now head of the German spy system, was with him, and was blunt and idle and mischievous.

One day the French master read to the lads for dictation a passage that went thus; "Besides her natural distinction she had that august majesty which is the appanage of princesses of the royal blood." Henry laid down his pen and said the man who wrote that had not lived much with queens, and that they had no august majesty whatever. William solemnly wrote the passage. One day, discussing France, he said he would be a republican if he lived there: but another day, talking of the prompt recovery of France after 1870. William declared that Bismark had not demanded enough "and that they would be more ex-
