The monthly meeting of the Women's Institute held last week at the home of Mrs. F. H. W. Hickling was well attended and specially interesting. Mr. G. W. Littlejohns, Toronto Line, had a trying experience a few days ago saving one of his horses from drowning. While being watered at a nearby creek the animal went out on the ice over a dangerous sink hole and, breaking through, sank until only its head was above the water and mud. A neighbor came to assistance but all efforts to get the beast out were futile until another horse was hitched to the perishing one which, with difficulty, was hauled from its dangerous position and taken to its stable. With blankets, quilts, etc., the shivering animal was wrapped from head to feet and a coal oil stove was used to restore warmth to the body. After several hours' care circulation was restored and the animal came back slowly to normal condition, apparently none the worse for its chilling. Mr. Littlejohns and neighbor got a cold drenching but were gratified at saving the beast's life.

The home of Mr. and Mrs. J. H. Duckett, four miles from Flesherton, was the scene of a pretty wedding at 7.30 o'clock on Wednesday evening, February 7, 1923, when their youngest daughter, Mary Maude, was married to Mr. Alfred R. Genoe of Eugenia. About seventy-five guests witnessed the ceremony, which took place beneath an artistically decorated arch of evergreens and was conducted by Rev. F. G. Fowler, B.A., of Flesherton. Miss Muriel Caruthers played the wedding march. The bride, who was given away by her father, wore a pretty gown of blue silk and was attended by her niece,

Miss Mary Duckett. Mr. Roy Genoe, cousin of the groom, was best man. After the ceremony a choice wedding supper was served and the pleasure of the occasion continued until a late hour. The house decorations were pretty. The bride received many beautiful wedding gifts.

Rev. J. F. Latimer, for many years a supernumerary Methodist minister, died last week in Toronto in his 91st year. Mr. Latimer was one of the early pioneer ministers here who labored successfully and endured the hardships of those early days. He was stationed on the then large Flesherton circuit from 1861 to 1864. There are but few living now to whom he ministered then. London, England. For generations the tea market of the world is faced with a most serious tea shortage. Recently the world consumption has greatly increased, also, it is estimated there has been 80,000,000 lbs less tea produced this year than is ordinarily consumed. As a result of this, the stocks in London are now practically exhausted. Prices are at the highest level ever reached and may go still higher.
