ANOTHER "OLD GRIT U. F. O." HAS SOMETHING TO SAY

To the Editor of The Chronicle:

Dear Sir,—I read with considerable interest in the letter in a late issue of your paper signed "An Old Grit U. F. O." and as I come under that list myself, I wish to express my approval of most of the sentiments expressed by him, although I differ in his conclusion. I certainly agree that political contests should be entirely free from all personalities and false statements, and the correspondent of The Review who called Jamieson and Lucas a couple of "hoboes" should be ashamed of himself. However, I do not suppose either of those gentlemen are thin-skinned enough to worry about the opinion of this irresponsible individual.

I also disapprove of the slighting remarks made in reference to our present member, Dr. Leeson. It is quite true he made a number of promises in regard to economy in all public matters, and especially as to expenditure on roads, salaries of members, etc., which he has not been able to carry out, but give him time and he may yet surprise us. You know, Mr. Editor, all people are apt to make professions about which they are probably in earnest at the time, but circumstances or political feelings compel them to take a different course. Take, for instance, the editor of The Review, who has always been an earnest advocate of prohibition, but when it was given by Sir William Hearst, the same editor immediately knifed him and exerted himself in every way to put him out of business. I am sorry to say I also did the same thing by voting against his government last election. I was honest about it and hoped we would better our condition on the farm by having a U. F. O. Government, but have been sadly disappointed and "never again."

I hope there is enough life left in the Liberal party in South Grey to meet and select a candidate and put up a fight as in the old times. Surely we are not going to become the tail end to the incompetent and extravagant combination now in possession at Toronto. Rather than allow the coming election to go by default I would vote for Dr. Jamieson, although he says he will not again be a candidate, and I am prepared to be one to join with many other Liberals in asking him to come out, and pledging our support, provided we cannot get one of the right kind to stand. I, along with many others, am just hoping to remedy the serious mistake we made in 1919.

Thanking you for the space given for my rambling remarks, Mr. Editor, I am,

Yours truly,
—Another Old Grit U. F. O.

THE TOWN COUNCIL

THE LATE CHARLES McARTHUR

Mr. Charles McArthur, a resident of Glenelg from boyhood, died on Thursday morning of last week at the home of his daughter, Mrs. Anderson, in Niagara Falls, N.Y. He was born in Mull, Scotland, on the 19th of October, 1835 and was therefore in his 88th year. He came to Canada at seven years of age with his parents, who settled in the Township of Vaughan, but eight years later came to Glenelg and purchased the old homestead near Rob Roy.

On the 16th of March, 1871, fifty-two years ago, he married Miss Mary Fisher of Glenelg and to them were born one son and six daughters. Of the family the son and one daughter died a number of years ago. He is survived by his widow, and four daughters, as follows: Mary (Mrs. Anderson), of Niagara Falls, N. Y.; Lizzie (Mrs. Sutherland), of Stratford; Sadie (Mrs. Geo. Ries), Dilke, Sask.; and Kate (Mrs. David Gibson), Kitchener. He also leaves a brother, John, in Glenelg, the only surviving member of a family of eight. He leaves nine grandchildren and a host of other relatives.

The remains arrived here Saturday to the home of his niece, Mrs. Thomas Banks, and interment was made on Monday afternoon from the Presbyterian Church, the obsequies being deferred in order to give Mrs. Ries an opportunity to be here from the West and complete the family. Rev. Mr. Smith had charge of the services and spoke briefly and well, and suitable music was furnished by members of the choir.

The floral tributes consisted of many beautiful wreaths and sprays that accompanied the remains from Niagara Falls. The pall-bearers were six nephews, all McArthurs, as follows: Colin, Angus, Dan., Archie, Stewart and Archie B.

From settling here with his parents when fifteen years of age, the deceased spent his whole life in Glenelg up to four years ago, when he and Mrs. McArthur went to live with their daughter. Though he lived to a good old age, the end was hastened, no doubt, by rheumatism from which he suffered severely for a number of years. In religion he was a Presbyterian and in politics a Liberal, though he is said to have been always a supporter of Dr. Jamieson in recording his vote.

MRS. JENNIE FERNEAUX

Mrs. Jennie Ferneaux, 77, a resident of Pittsburg for 15 years, died Wednesday, March 14. She was born in Edinburgh, Scotland, and came to Canada when she was 12 years of age. In 1866 she moved to Kansas, where she has lived ever since. Surviving her are five children: R. O. Ferneaux, Moran, Kansas; J. W. Ferneaux, Fresno, California; Mrs. Grace Vancoy, also at Fresno; Miss Nellie Ferneaux and George R. Malcolm, both in Pittsburg. She was a member of the Baptist church.

The above item of news was copied from the Pittsburg, Kansas, Sun. Mrs. Ferneaux, before her marriage to the late Mr. John Ferneaux, was Miss Jennie Lawrie of Glenelg. She was the last of the older generation who moved to Kansas in 1868 or 1869.

OLD MIDDLESEX RESIDENT DIED LAST WEEK

Mrs. Alex. Love, who for the past two weeks had been critically ill, passed peacefully away on Tuesday afternoon of last week at the home of Miss Margaret Stewart at Ailsa Craig. Mrs. Love was highly esteemed among a large circle of friends and never refused to do a kindness when the opportunity offered and it was while caring for others that she became ill. Four children, two sons and two daughters, Mr. Love predeceased his wife about two years ago. The funeral took place on Thursday to Nairn cemetery from the Presbyterian church of which Mrs. Love was a member.

[We had no personal acquaintance with the deceased, but know her husband intimately over forty years ago but never saw him since. About two years ago we had planned to visit him at Ailsa Craig but abandoned the idea on receipt of a brief note written by himself advising us he was very ill and unable to entertain us for "even five minutes." Though he hoped to recover sufficiently to see us later the next intimation we had was from a daughter, announcing his death and burial.—Editor Chronicle.]

IN MEMORIAM

Hopkins.—In loving memory of my dear husband, James Hopkins, who departed this life April 4, 1922. No one knows the silent heartache. Only those who have lost can tell Of the grief that is borne in silence. For the one we loved so well. Sleep on, dear father, your cares are ended. Rest in peace, your work is done; You have gone where those who loved you Soon will meet you, one by one. —Wife and Family.

Problems of the Farm

Contributed by Gray County Department of Agriculture

The Value of Advertising.

Farmers are the least appreciative of the value of advertising of any producers. Whenever a paper is consulted, column after column of advertisements will be found. Some of the most widely-read city dailies place this section on the front page. Advertising pays.

But farmers never tell what they have for sale. Quite frequently neighbors require what others have a surplus of.

Right now several inquiries have been received at the Department of Offices at Markdale for Seed Barley, Oats, Mammoth Clover, Home Grown Alfalfa, etc. Advice cannot be given where these can be secured. Have you any for sale?

The lack of advertising is seen in the selling of our exports. Every nation has stencils attached to all their exports showing the place from which the material originated. Canada has largely forgotten such action, consequently her products are not so well known because not advertised.

Sun-Maid Raisins and Sun-Kist Oranges are known all over the world because the farmers of California advertise. Why is it Canadian farmers will not tell the good qualities of their produce through the newspapers?

Bacon Hogs.

Farmers, do you know you are producing 1,500,000 hogs in Ontario? Do you know you should be producing 10,000,000? The British market can take them. The Ontario farmer is only producing a few to the number it is possible to produce.

There is a market. Britain uses over half a billion pounds of bacon annually. Ontario last year only sold Britain 65,400,000 pounds, or one-eighth of her total imports.

The only way to increase our sales, however, is to improve the quality. If Ontario farmers were producing as good hogs as Denmark they would be getting 2 to 3 cents per pound more for their live hogs. Do any of the farmers think that would pay? We produce some hogs that are just as good as the Danes but that percentage is very small. This results in a large amount of bacon going to Britain from Canada which is lacking in uniformity because of the cross-bred and off-type hogs which Canadian farmers are growing. We must breed right and feed right.

Bacon Hog Ear Tags.

Farmers, are you being paid for your select bacon hogs? If not, why? Every hog going on to the Toronto market and into the abattoirs is graded by Government hog graders. A large number of farmers are not being paid for their select hogs because they have no ear tags. This is a loss to you. When you have the opportunity to be paid for your hogs according to quality why do you not take advantage of it? Get your ear tags from Mr. A.B. McDonald, 35 Adelaide street, Toronto, or write to this office. They cost you \$2.50 per 100. A copy of the Hog Grading Regulations will be sent you.

Some have said that hog grading will never be carried on. Such a statement is entirely wrong. The regulations will be enforced without doubt. If they are not, the hog producers of Ontario will suffer because the day is fast approaching when there will be no market for Ontario hogs unless the quality is improved and it requires grading to accomplish this result. Get your ear tags and get the extra pay for your select hogs.

DISTRICT TEACHERS' ASSN. HELD MEETING AT MARKDALE

The Markdale Teachers' Association held their first meeting at Markdale Public school on Saturday afternoon. The attendance was somewhat larger than at the former meeting and the hope is entertained that other teachers in the vicinity will attend the next meeting, scheduled for May 12. An extensive program is being prepared for the next meeting.

Inspector Wright of South Grey was present and his instructive talk was one of the main features of the meeting. He spoke on "What the Association is Not, What It Is, and Conditions for Its Success." He also suggested a list of questions for discussion at future meetings.

Miss M. Leslie ably handled the topic, "Seatwork in the Primary Room."

Mr. W. J. Messenger in his able manner led discussions on History, Spelling and Composition. Miss M. Mann gave a splendid talk on "Discipline in the Primary Room" dealing separately with the various problems of governing successfully the little folk.

WALKERTON CITIZEN DEAD

Arthur Collins, B.A., one of Walkerton's best-known citizens, died at his home in that town Friday night.

Mr. Collins was in his usual health until Monday when he complained of feeling unwell, but in spite of this, being an ardent curler, he went to the rink to play a challenge game for the club medals, which he and his rink have held for two seasons. At the end of the game it was seen that he was ill and he had to be assisted to his home. Although medical aid was at once summoned his condition became rapidly worse and hope of his recovery was given up the afternoon previous to his death.

Mr. Collins was well known by the Durham curling fraternity and for a score of years, with the exception of the present season, we believe he never missed a battle or two with the local clubs in the great winter pastime. His death is much regretted. He was a cousin of Mr. A. H. Jackson of this place.

FIVE YEARS' AGONY ENDED

When He Took "Fruit-a-tives" For Rheumatism

The Medicine Made From Fruit

There can be no doubt that "Fruit-a-tives" is the long sought remedy for Rheumatism and Lumbago. From all over Canada come letters testifying to this fact. Mr. John E. Guilderson of Parrsboro, N.S. writes: "I suffered badly with Rheumatism for five years—tried different medicines—was treated by doctors in Amherst—and here at home—but the Rheumatism came back. In 1916, I saw an advertisement for "Fruit-a-tives" and took a box and got relief, so I took them for about six months and the Rheumatism was all gone and I have never felt it since". 50c. a box, 6 for \$2.50, trial size 25c. At dealers or from Fruit-a-tives Limited, Ottawa, Ont.

And no doubt, in years to come, when they have aeroplanes scouting all over, the conductors on them will shout out, "Jump lively, please." The next time a man passes you and won't give you a ride in his car just say to yourself, "I bet he's behind in his payments on it."
