The late James Watson, whose death at Deseronto on April 20 we reported briefly last week, was born 74 years ago in Vaughan Township, County of York, from where when but a little lad he came to Artemesia with his parents, the late Mr. and Mrs. Joseph Watson, who were among the earliest settlers in the township. He grew to manhood at Mount Zion and was an industrious and highly respected member of the community. Many years ago he moved to Deseronto, where he was married and has since resided. In religion Mr. Watson was a Baptist and lived a consistent, Christian life. With many others he was converted in Artemesia about 50 years ago under the preaching of Rev. Mr. Currie, Baptist minister, who conducted a remarkable old-time religious revival seldom witnessed now. The deceased is survived by his widow, in Deseronto, and three sons and one daughter in Toronto. He also leaves one sister, Mrs. Elizabeth Beatty, in Osprey, and two brothers, William, at Dauphin, Man., and Joseph H., at Mount Zion, Artemesia. The above three are the survivors in a family of nine.

The Presbyterian congregation was cited on Sunday that the resignation of the pastor, Rev. F. G. Fowler, would be considered at the meeting of Presbytery at Orangeville on May 8. At the close of the service, Mr. Frank Chard presiding, the congregation appointed Messrs. T. R. McKenzie, Charles Stewart, James Harrison, Mrs. Turnbull, Mrs. Duncan and Mrs. Blackburn delegates to convey to the Presbytery from the various organizations of the church the high esteem in which Mr. Fowler is held, the appreciation of the faithful services rendered by him and the sincere regret felt by all at his removal.

At the Presbyterian Church on Sunday Mrs. (Rev.) Fowler favored the congregation with a beautifully rendered solo and sang in a duet with Mrs. Blackburn. Mrs. Fowler's valuable services in the choir and other work of the church have been much appreciated and this her last favor in song touched the congregation deeply.

Signs of Spring and other signs.—A large variety of the spring birds are again with us, the grass fields have a greenish shade and the farmers are in the fields with teams and implements, so the doubting ones can rest assured that "seed time and harvest will always return to us in their season."

Courting through a knot-hole—love-sick laddie finds it necessary to go over street to get a pail of water in the evening before closing-up time; convenient window overlooks pump; lady love raises inside sash, and pair talk sweetly through auger hole in outer sash.

R. Conkey is having the brickwork and foundation repaired at the corner of the post office building.

We are sorry to say that Mr. D. G. McLean, our genial general merchant is not improving as quickly as his friends would wish. Mr. McLean was a victim of pneumonia about two months ago and has never fully recovered. The warm weather it is hoped, however, will bring him back to his usual health.

Mr. G. A. Watson, our sawmill man, who was stricken with a paralytic stroke a couple of months ago, made his first appearance up town the first of the week and is now about with apparently as much pep as many who are much younger. He was successful in landing the first trout of the 1923 season on Tuesday. The fish was about a foot long and weighed accordingly.

Our drovers, Messrs. Froom and Stothart, have been busy the past week shipping out cattle and other stock. These two men are a genuine benefit to this village and in the course of a year distribute a lot of money among the residents of this vicinity.

Work on the good roads is expected to start on Monday next. We understand that Mr. Thomas Nichol of this place will be in charge again this season.

The fox ranch here is doing well this season. Several good litters have arrived.

From present observations it is not likely that the residents are going to take any more chances than possible with the coal supply for next winter. Already two cars have been ordered and are expected in the village shortly.
