

Priceville.

(Our own correspondent.)

The trout fishers are commencing on the establishment of 1923 records. Last week we reported Major McGillivray as having landed a couple of nice ones, and this week two of our citizens caught a couple of beauties. Both catches were made on Tuesday of this week. Mr. William Watson, who is visiting his uncle, George A. Watson, caught one 16 inches long and weighing a pound and thirteen ounces. Postmaster McConkey on Tuesday evening captured another measuring 16 inches in length and weighing a pound and seven and a half ounces. So far as we have learned, these are the biggest fish landed here this season.

Next! Mrs. T. A. M. Ferguson, who has been ill and confined to her home since last October is, we are pleased to say, apparently recovering. The County Road surveyors were in the village Tuesday taking measurements. We understand, unofficially, of course, that there is liable to be some trouble between Mr. Geo. A. Watson, our miller, and the County road authorities over the manner in which the entrance to the mill property was left when the road was put through here last summer. This, however, is only rumor and we cannot vouch for it.

Rev. Mr. Jones has traded in his Briscoe car to H. Down & Sons, at Flesherton and now drives a new Ford. The Reilly sale rumor reported last week was all rumor so far as the sale was concerned. Citizens are pleased to know that Mr. Reilly is not selling his blacksmithing business and will remain in their midst for a time longer.

The Good Roads program is again held up. Twice on previous occasions we have reported the good roads gang as going to work "next Monday." Our information was all right, and the intention of the superintendent, Mr. Thomas Nichol was to get going on all the dates mentioned, but the inclement weather interfered. We will now announce that the work will commence just as soon as the weather permits.

Priceville Masons, almost 100 per cent. strong, are attending the big semi-centennial celebration of the Durham Lodge at Durham this Tuesday afternoon and evening.

Mr. H. B. McLean is repairing his barn and other outbuildings. Angus Clark is doing the work. It is rumored that Mr. McLean intends to erect another barn on his property this summer.

Our sick, Messrs. D. G. McLean and Dr. McNulty, are reported improving slowly. Mrs. Catharine McMullan, however, is not making any improvement, we regret to say. Her son has arrived from the West, and is at her bedside.

Born.—On the Town Line, Artemesia and Glenelg, on Friday, May 11, to Mr. and Mrs. William Mather, a son.

Mrs. Mather, who has been suffering with an affection of her heart for the past two months, is on the mend. Agent Hogz is back again and on duty as C.P.R. Agent after his recent illness. Citizens of Priceville will welcome him home.

Albert Hazard has gone to Owen Sound, where he has secured a position.

Reports from the fox farm are encouraging, several good litters having arrived this spring, and all doing well.

The Andrew Ford property here has been graded and otherwise improved, and it will now be in order for Major McGillivray to make good on his promise of a first-class flower garden this summer.

Southeast Bentinck

(Our own correspondent.)

Messrs. Charlton and Wells of Vickers have rented the Langriff farm and are putting in the spring crop.

Miss Marion Pett of Fergus spent a week-end recently at her home here.

Mr. and Mrs. John Morice and son Murray visited on Tuesday at Mr. William Picken's.

Mr. Will Knisley went to Harrison on Tuesday, where he has accepted a position with the Bell Telephone Company.

Mr. and Mrs. Robert Hopkins visited on Sunday with the latter's parents, Mr. and Mrs. Anthony Lawrence.

Rev. Mr. Cameron made pastoral calls in this vicinity last Saturday.

Miss Alice Doyle of Sullivan is spending a few weeks at Mr. Herb Vollett's.

Traverston

(Our own correspondent.)

The snow-storm of Wednesday night last caused a three-day stop in seeding.

Miss Mina Edwards attended the graduating exercises of the G. & M. Hospital, Owen Sound, on Wednesday evening of last week. Her cousin, Miss Essel Edwards, was one of the nine graduates.

"Mother's Day" was very fittingly celebrated in Zion's services on Sunday.

There are many electors in this part highly pleased because the Hon. Dr. Jamieson was selected as Conservative candidate at the big rally held in Durham last Friday.

A real estate deal of more than ordinary interest took place in the early part of last week when Mr. James Hastie sold his house, blacksmith shop and land to Mr. Lindsay White, who has already got possession and will turn it into a garage. Mr. Hastie has been pounding the anvil for a third of a century and has made a reputation for himself far and wide as a first-class workman, but he feels the need of a rest and will knock around for a while. While the garage will prove a great convenience, many wish that a good smithy were in the old stand, as a big stretch of country got their work done here.

Mr. Ed. Cook, of the G. T. R. station Palmerston, spent the week-end at the old home on the 6th.

Ray McClocklin was a very sick youth all last week with a double dose of measles, but is now on the way to recovery.

At the annual meeting of the Zion Women's Institute, held at the home of Mrs. A. G. Blair on Thursday afternoon of last week, the following were elected to office for next year: President, Mrs. W. J. Greenwood; Vice-President, Mrs. J. J. Pearl; Secretary-Treasurer, Miss Hazel Firth; Directors, Miss Jennie Davis, Mrs. G. E. Pearl; Auditors, Misses Katie Cook and Margaret Greenwood. The Institute meets next month at the home of Mrs. G. E. Pearl.

Mr. W. J. Cook received word last week that his sister, Mrs. Ed. Embury, of Port Perry, was seriously ill with pneumonia on both lungs.

Later word reported the patient as some better.

Church Stewards are wonderfully pleased when members and adherents of the church hand out their support unsolicited, but they are enthused beyond measure when any former supporter in far away places remembers the old home church. Last week your scribe received a snug donation from Mrs. R. T. Cook of Detroit, to be applied on General Fund and Missions.

Rocky Saugeen

(Our own correspondent.)

The farmers have a lot of bad weather to contend with this seeding. Last week we had the snow and this week the wet weather, and we had a late spring to begin with. A lot of people are pretty well on with the seeding.

The monthly meeting of the W.M.S. met at the home of Mrs. Duzali Clarke, with a good attendance of members and several visitors. There were some interesting papers read. The next meeting will be held at the home of Miss Ada Banks.

Some off this line attended the evangelistic meeting in the Baptist Church in town on Sunday evening.

Who was the young lady off this line who took the car to chase the pig out of the fall wheat. No wonder women are getting in power.

THE CANADIAN NEWSPAPER DIRECTORY

(The A. McKim Limited Advertising Agency has just issued the 1923 Canadian Newspaper Directory. This is the sixteenth edition of this comprehensive directory of Canadian Publications and Gazetteer. The first edition was published in 1892 when many Canadian papers, now recognized as great influences in moulding the country's destiny, were weak, struggling enterprises. The Canadian Newspaper Directory has kept step with the great advance made by Canadian publications. Each edition has been in advance of the previous issue. New features have been introduced, geographical, physical and commercial. In fact, the book serves as a commercial gazetteer for all Canada and is on the desk of practically every national advertiser.

GLENELG COUNCIL

Council met May 12 as per adjournment. Members of Council all present, the Reeve occupying the chair; minutes of last meeting read and confirmed. Communications read from:

H. Jardine, district engineer of Municipal Roads; MacMurehy & Spence, solicitors for C.P.R. re Glen Station roadway; Canadian Red Cross Society re typhoid epidemic at Cochrane, Ont.; accounts from Municipal World, Sawyer-Massey Co.; accounts from Commissioners for Wards 2 and 4, winter work, and from James Peart and James Vasey for breaking roads.

By-laws 642, 643 and 644 were introduced and read a first time.

Aljoe—J. J. Black—That By-laws Nos. 642, providing for expenditure on roads in 1923; 643, appointing Road Overseer for township for 1923 and 644, defining area and extent of school sections in township be now read a second time.—Carried.

Aljoe—M. Black—That By-laws 642, 643 and 644 be now read a third time, signed, sealed and engrossed in By-law book and that the Clerk comply with the necessary procedure therewith.—Carried.

Brodie—Aljoe—That accounts for winter work be paid as follows: Ward 1, \$15.40; Ward 2, \$22.95; Ward 4, \$19.60.—Carried.

M. Black—Brodie—That James Peart be paid \$2.00 for winter work with teams, Lot 10, Con., and that Joseph Vasey be paid \$12.00 for winter work on McPhee's sideroad.—Carried.

M. Black—Brodie—That J. J. Black be given permission to refund \$2.80 to Treasurer, error in P. J. Haley's account for winter work.—Carried. J. J. Black—Aljoe—That account of

Municipal World of April 25, \$4.60, and May 8, \$5.33, be paid.—Carried.

Aljoe—J. J. Black—That accounts of Sawyer-Massey Co. for wheel for grader, \$24.04, and G.T.R. freight on same, 88c., be paid.—Carried.

Brodie—M. Black—That the Treasurer be paid \$4.86 postage and stationery.—Carried.

Aljoe—J. J. Black—That the Clerk be paid postage account \$5.00.—Carried. Brodie—M. Black—That David Young be appointed pathmaster in Division No. 68 in place of George Torry.—Carried.

J. J. Black—Aljoe—That this Council regrets the error of collecting from Mrs. Trafford the sum of \$4.00 for dog in 1921, that should have been collected from William Edwards, and that the Clerk is hereby requested to take necessary action to have same collected from

the proper party and refunded to Mrs. Trafford.—Carried. Council adjourned to June 9 at 10 a. m. —H. H. McDonald, Clerk.

THORNBURY HOTELKEEPER

HAS LOST HIS EYESIGHT

Mr. Rufus Oliver, the proprietor for about a year or more of the Revere Hotel at Thornbury, suffered the complete loss of his eyesight on Saturday and is now unable to see anything. He is being kept in a dark room for the time being. The doctor thinks that Mr. Oliver has strained his eyesight by playing checkers, but is inclined to believe that he may regain it in the course of a week or so. One of the eyes has been defective for some years, but Mr. Oliver was not disposed to complain so long as he had the use of the other eye.

SELF-OILING — SELF-REGULATING With the Strongest Tower Built It's the "Toronto" Self-Oiling Windmill—requiring "oil only once a year". All gears operate in a bath of special oil affected by neither heat nor cold—every bearing and working part thoroughly and automatically lubricated. JOHN SHUTZ, DURHAM, ONTARIO
