We offer congratulations to Miss Rose West on her passing her Junior examination in piano for the Toronto Conservatory of Music. Miss Ethel N. Sharpe, her teacher, is also to be congratulated on her success in the careful training of her pupil in this class of music.

The Buller and Hrebner turning factory had a narrow escape from being destroyed by fire on Monday night. At 11:30 o'clock the fire bell rang and soon the villagers were on the scene. Unfortunately, the chemical engine was not loaded and before this could be adjusted the blaze was under control through the efforts of the bucket brigade. The roof over the engine room was somewhat damaged. The fire originated in the roof a few feet from the smoke stack. No other damage was done and work was resumed again Tuesday morning. It is to be regretted that there is no regularly organized fire brigade and that the chemical engine is not kept ready for use, especially during the summer months. The football match between Mildmay and Holstein last Friday evening ended in a tie, each scoring a goal. As the record now stands, Mildmay has won the round by one goal, but a protest has been entered by Holstein in both games and the central executive has been asked to decide.

Much sympathy will be felt for

Corner Concerns

(Our own correspondent.)

St. Paul's people are looking forward to their anniversary services on July 22 with great expectation. All who know and have heard Rev. Mr. Hartley will wish to hear him again, and others will wish to avail themselves of the pleasure. The home choir are preparing special music for the 3 o'clock service and Durham choir will supply the music for the service in the evening. For the garden party on Monday night they are having the grounds lighted with Delco lighting that the attractions may be clearly seen.

of Toronto are visiting old friends throughout this section and feel delighted to see the old home and old friends again.

Mr. William Morrison raised a drive shed on the morning of July 12 and Mr. William Gordon raised one the next evening.

Messrs. William Lawrence and Arthur Thomas have each invested in some pure bred Hereford cattle, the former five head and the latter three, we are informed.

Mrs. Arthur Thomas is spending a few weeks in Toronto. We were in error when we reported her away in our budget the week after the election. We don't remember how the mistake occurred but will lay it on the numerous truck loads of whiskey that were reported among the Conservatives at the time.

Jim Eden is raising his barn this Tuesday. It is a rare occurrence now. Twenty years ago it was like a football or lacrosse league. We would have at least a half dozen exciting barn races each summer.

The Orangemen were well satisfied with their day in Holstein on Thursday. They say they never

spent a more enjoyable twelfth. The village was nicely dressed for the occasion and it not only showed respect, but was a good advertisement. As it is being said on every side, we never thought Holstein was such a pretty place we would like to locate there.
