Mather-McDonald—That we adjourn to meet on Monday, the 17th of September, for appointing a Collector and transaction of general business. —J. H. Chittick, Clerk.

**Priceville.**

(Our own correspondent.)

We are glad that Mr. T. Stewart Cooper, Agricultural Representative, of Markdale, is putting on a poultry demonstration on this Thursday evening, August 9 on H. E. Karstedt's ranch. This will be of great interest to this community, as we have some good stock hereabout.

Our young folks keep coming and going. We are glad to see such good cheer in our locality. We have the Misses Olive McLean, Nellie McLean, Sadie McKinnon and Bertie Aldcorn home again. Miss Aldcorn has completed her nurse's training course and now enters the field with the other girls as a full-fledged nurse. Our community supplies the nursing service with some excellent nurses. They would be a credit to any profession. We are glad to have Miss Aldcorn with us again.

Mr. James McLeod is visiting his father here for a time. Mr. and Mrs. Stanley Ferguson and little daughter of Toronto are visiting his parents, Mr. and Mrs. T. A. Ferguson. Stanley is another Priceville boy who has made good, and at present holds a lucrative position on the staff of the Central High School of Commerce in the Queen City.

Mr. Neil Shortreed spent the holiday with his parents, Mr. and Mrs. R. Shortreed, gravel road, West.

The sympathy of this community goes out to Mr. Hemphill and family of Ceylon in the loss of their son, the

late John Hemphill, who was drowned last week in the Wilcock Lake, near Ceylon.

Mr. G. A. Watson and son Murray are holidaying with friends in Michigan.

Mr. A. J. McVicar has purchased a fine Jersey cow and calf, and, according to reports, is well satisfied with the bargain made.

Mr. J. L. McKinnon, B.A., of Saskatchewan, is visiting his old home on the South Line, Glenelg. John is a Priceville old boy who is 'making good' in Saskatchewan.

Mrs. Legate is visiting with her brother, Mr. Thomas Nichol on the gravel road.

We are sorry to hear of the illness of Mrs. Charles McNally from typhoid fever, but are glad to know that she is on the road to recovery. Mrs. D. H. McLean of the South Line, is improving nicely; also Mrs. Catharine McMillan.

R. J. Si mis improving the appearance of his home by having it resingled. This will improve the residence and give it a very comfortable appearance.

We are being entertained by some more railway news. We like to read about it and also we would much rather see the electric road materialize. We certainly could do with an improved service through this well-settled country.

Miss Jessie Black is visiting with friends here at present.

Mr. D. G. McLean and party spent Civic Holiday in Chesley and all re-

port a well-spent day.

Mrs. I. A. Pinkerton is home from the West after a flying trip. Mrs. Pinkerton brought back her grandchildren with her, their father, the late Angus McPhail, having died recently, leaving the care of the children to his mother, Mrs. Pinkerton.

We wonder if the Good Roads Committee are going to fix up the drainage system through our village. We see Mr. McVicar hiring a man to clean out the drain to carry off the water from his frontage. We were hoping for a tiling system. Are we going to get it? Something ought to be done—and that this season.

Albert Hazard spent a few days with his mother for a week-end and returned to Owen Sound on Tuesday. Donald N. McLachlan is returning to the West for the harvest, after having spent the last two years in our locality.

Dr. Carr is back to his practice here, and Dr. Sackin has returned to the city.
