THE IMPLEMENT SHED

Farm Machinery Worth Careful Caring For.

Practical Hints as to Location and Size—As to Foundation and Floor—Walls, Roofing and General Frame Work Described—About In-breeding.

(Contributed by Ontario Department of Agriculture, Toronto.)

Implement sheds should be so designed that the accessibility of the implements stored therein will always be easy.

The implement shed should be so located that time will not be lost in travelling more steps than absolutely necessary with, or to get implements, either going to or returning from work.

For a 100-acre grain and live stock farm fully equipped with the necessary machinery a shed 60 feet long and 24 feet wide is generally amply large.

The implement shed does not require a heavy foundation. A light cement wall six inches thick and set on firm ground is all that is required.

A dry earth or gravel floor is all that is necessary if the shed is located on well-drained ground. Cement is desirable where the cost of such is not excessive.

The implement shed walls need only be heavy enough to keep out the sun, the wind and rain, and strong enough to give rigidity to the structure.

For narrow implement sheds the cheapest durable roof is the wide roof board and batten. Galvanized iron sheets if well supported on a strong pole or 2 x 4 inch roof frame makes an excellent covering.

The Frame of the Implement Shed. The width and height of the structure will determine in a large measure the dimension of the structural material.

Application To Be Taken Out of The Town of Durham. All and singular that certain parcel or tract of land and premises situate lying and being in the Township of Glenelg (now in the County of Durham) in the County of Grey and Province of Ontario, containing by admeasurement ninety acres be the same more or less, being composed of the Second and Third Divisions of Lot 24 in the First Concessions of the said Township and which may be more particularly described as follows that is to say:

SCHEDULE "A" Description of parts of the 2nd and 3rd Divisions of Lot 24 in the 1st Concession of the Township of Glenelg.

Weakness in breeding stock is often laid to inbreeding, but facts prove that the greatest progress in producing fine cows has been by skillful men who have used inbreeding. But such breeders have known the blood lines of their stock, and they are thus able to mate so that strong points will be made stronger instead of weak points make weaker, as is often the case when breeding methods are careless.

DOG BY-LAW TO BE ENFORCED BY COUNCIL

Council Recently Drafted and Passed Accompanying By-law, Which is to be Enforced.—Many Complaints Have Been Made by Citizens Regarding Dogs Running at Large.

Owing to the number of complaints that have been made to the Council regarding nuisance and damage caused by dogs running at large, the Council recently passed a Dog By-law, a copy of which is printed herewith. The Council are desirous that citizens owning dogs will co-operate in observing the terms of the By-law and thereby abate any further repetition of annoying complaints by residents of the municipality.

Following is a copy of By-law No. 783: The Municipal Council of the Corporation of the Town of Durham enact as follows:

1. (a) In this by-law the word "dog" shall include "bitch" unless the word "bitch" is specifically mentioned. (b) Any person in possession of a dog, or who shall harbor or suffer any dog to remain about his house or premises shall be deemed the owner of such dog for the purpose of this by-law.

2. The owner of every dog over three months old shall within ten days of his becoming such owner and on every succeeding first day of April cause the same to be registered, numbered, described and licensed at the office of the Town Clerk, and shall cause such dog to wear around its neck a durable collar to which shall be attached a metallic plate or tag to be furnished by the Clerk, upon which shall be inscribed letters and figures indicating the period of time for which such license has been paid, and the number corresponding with the number under which such dog is registered and every such owner shall pay for such license tag and registration for such dog the sum of \$3.00, and for each bitch the sum of \$5.00.

3. It shall be the duty of the said Clerk to keep a record of the particulars hereinafter stated; to give receipts for payments herein required, retaining the stubs of said receipts in pad form, and to issue all licenses and tags. Any person who has paid his license and loses his tag will be entitled to another on application to the Clerk and paying 25 cents therefor.

4. No owner shall allow his dog to run at large in any of the public parks, squares, drives, streets, lanes, alleys and other public places in the Town unless such dog is accompanied by and is under the immediate charge and control of some competent person, and any dog found running at large contrary to this provision shall be liable to be destroyed by the police.

5. No owner shall permit his dog to be in any of the places mentioned in paragraph 4 hereof without having around its neck the collar and metallic piece mentioned in the second paragraph of this by-law.

6. No person shall remove a collar or tag from a licensed dog.

7. No person shall register a bitch as a male dog.

8. No dog attached to a sleigh or other vehicle shall be allowed upon any sidewalk or street in said Town, and no dog so attached shall be allowed in any public place in said Town unless it is muzzled, and the owner of any such dog and any person in charge of it when it is so attached and on such sidewalk, or when it is unmuzzled as aforesaid, shall be liable to the penalties of this By-law.

9. No owner of any dog shall suffer or permit such dog to attack any person on a street or other public place, or to run at horses or rigs, or to do any damage whatsoever. And to do any damage whatsoever, in case of a conviction under paragraph 10, 13 of this By-law, the convicting Magistrate may order the police to destroy the dog.

10. It shall be lawful for the Mayor of the Town of Durham to issue his proclamation (and he shall do so when so directed by resolution of Council), forbidding any dog to run at large without being securely muzzled during the time mentioned in such proclamation; and any dog so found running at large without being muzzled may be summarily killed and destroyed by any Constable of the Town of Durham, within the time mentioned in the said proclamation, notwithstanding the fact that the dog may have been registered as hereinafter provided.

11. Any dog known to be rabid, whether licensed or not, may be lawfully destroyed by any person.

12. It shall be the duty of the Police Officers and of the Dog Tax Collector to prosecute all owners of dogs who have not registered and taken out a license under this By-law and any other person so prosecuting on conviction shall be entitled to one-half the penalty imposed by the convicting Magistrate.

13. Any person offending against any of the provisions of this By-law, shall upon conviction before a Magistrate or Justice of the Peace having jurisdiction, forfeit and pay to the discretion of said Magistrate or Justice of the Peace a penalty not exceeding the sum of Twenty dollars and costs for each offence, and in default of payment of said penalty and costs forthwith, the penalty and costs may be levied by distress and sale of the goods and chattels of the offender, and in case of there being no distress found out of which such penalty can be levied, the convicting Magistrate or Justice may direct that the offender be committed to the common Gaol of the County of Grey, with or without hard labor, for any period not exceeding twenty days, unless the fine

and costs, including the costs of the distress and of the committal and conveyance to gaol is sooner paid.

All By-laws relating to dogs are hereby repealed. This By-law shall come into force and effect on the 11th day of September, 1923.

Council Chamber, Durham, September 11, 1923. J. L. SMITH, Mayor. W. B. VOLLET, Clerk.

WHY KILL THE BUFFALO?

At Least One Man Very Sensibly Voices His Disapproval of the Proposed Slaughter of Over Two Thousand of the Government Buffalo at Wainwright Park.

"One of the greatest crimes in Canadian history," is the description applied by F. E. Leushner of Toronto to the proposed slaughter of 2,000 buffalo in the West to relieve the overcrowding in the Wainwright National Park. Mr. Leushner ventured to hope that all interested in the protection of wild animals and game generally would protest against the proposal.

"These buffalo country and turned loose, to increase and multiply. There are millions of acres between Hudson Bay and the Mackenzie River Valley where timber is sparse and where there is plenty of wild grass, and the buffalo could pasture and live through the winter, with their warm coats, just as the great herds of caribou now do. They would soon increase to great herds, and ultimately be a source of food supply. If they wandered south to the settled portions of the West, they could be killed if they got in the way; but why kill them until we have to do so?"

NEW YORK "SAND HOGS" FIND RARE COINS

Bronze or Copper Currency Discovered While Digging Foundation for Skyscraper in Gotham.

"Sand hogs," working 80 feet underground on the foundations of the New York Telephone Company's building at West Street and Park Place, New York City, have unearthed several rare American coins dating back to the latter part of the eighteenth century, according to a dispatch from New York City.

An official of the New York Telephone Company, which has charge of the work, said that 50 feet underground the men found the bulk of an old vessel about the size of a modern canal boat.

While digging out the bulk of the old vessel the men found the coins, which are bronze or copper. One bears the word "Libertas," and is dated 1793. On the reverse side is the inscription "Constitutione Nova." Another coin found is dated 1780, of the nine coins found no two are alike. Another find was that of a ram's head, with the horns attached. This was dug out of the mud twelve feet below the bulk.

MOTHER OF LARGE FAMILY

Recommends Lydia E. Pinkham's Vegetable Compound to Other Mothers

Hemford, N. S.—"I am the mother of four children and I was so weak after my last baby came that I could not do my work and suffered for months until a friend induced me to try Lydia E. Pinkham's Vegetable Compound. Since taking the Vegetable Compound my weakness has left me and the pain in my back has gone. I tell all my friends who are troubled with female weakness to take Lydia E. Pinkham's Vegetable Compound, for I think it is the best medicine ever sold. You may advertise my letter."—Mrs. GEORGE I. CHOUSS, Hemford, N. S.

My First Child

Glen Allen, Alabama.—"I have been greatly benefited by taking Lydia E. Pinkham's Vegetable Compound for bearing-down feelings and pains. I was troubled in this way for nearly four years following the birth of my first child, and at times could hardly stand on my feet. A neighbor recommended the Vegetable Compound to me after I had taken doctor's medicines without much benefit. It has relieved my pains and gives me strength. I recommend it and give you permission to use my testimonial letter."—Mrs. IDA RYE, Glen Allen, Alabama.

and were each fined \$5 and costs. A number of cattle were shipped by Robert Shaw, drover, of Eastnor, on the steamer Pedwell from Lions Head to Owen Sound on October 4. On the arrival of the boat two of the cattle were found absolutely blind, and their heads were terribly swollen. The Owen Sound Humane Society laid the charge. Evidence was submitted by Robert Shaw, Joseph Bray, Dr. Follis, B. Butchart and J. Thompson.
