**THE LATE ARCHIE B. McDONALD**

The following from the Strathmore, (Alberta) Standard, refers to the late Archie B. McDonald, whose death we reported two weeks ago, and whose funeral under Masonic auspices, was held to Latona cemetery:

Archie McDonald, aged 48 years, died in the General Hospital, Calgary, after a short illness. He was a native of Grey County, Ontario, and came west twenty-three years ago.

He worked for several years on the construction of the C. P. R. irrigation canal and also with the firm of Hayden & Skene, and the Campbell Construction Co., having come to Strathmore when there was only a box car for a depot.

The deceased was of a very kindly and jovial disposition, and had many friends in Strathmore as well as the Langdon, Gleichen and Queenstown districts. He was a member of the Masonic lodge here and a charter member of the Forrester's Lodge in Ontario. In religion he was a Presbyterian and in politics a staunch Liberal.

He leaves to mourn his loss his mother and several brothers and sisters in Michigan, and an uncle and two aunts near Durham, Ont.

**WOMEN'S INSTITUTE MEETING**

The regular meeting of the Allan Park Women's Institute met at the home of Mrs. John Sharp on April 11th with fifteen members and sixteen visitors present. The meeting opened with the usual opening exercises. Mrs. James Park, Sr., read the Scripture lesson, taken from the 8th chapter of Romans.

The minutes of the last meeting were read by the secretary and adopted. The secretary also read several papers of interest to the members concerning the Institute. The Institute sent \$5.00 to a Spanish station in New Ontario, where help was needed.

Letters of thanks were read from Mrs. William Willis, Sr. and Mr. Alexander McLean. The roll call was answered with a sunshine bag, one copper for each sunny day since February, also a favorite verse from the Bible pertaining to Easter.

Miss Gladys Breutigam read a paper on "A spring tonic in every meal". Mrs. Kennedy gave a paper on "How to care for hardwood floors." The president, Mrs. Byers gave a paper on "How to grow onions and how to cook them".

Miss Myrtle Sharp gave a few selections on the violin. Miss Audrey Byers swung the clubs in her usual capable manner. Mrs. William Mather and Miss Gladys Breutigam sang an Easter hymn. All the items were very much enjoyed. The meeting closed with the National Anthem. A dainty lunch was served with the usual social half hour.

The next meeting will be held at the home of Mrs. Wm. Kerr on May 18. This being the annual meeting all the members are requested to be present. There will also be a lady speaker from Hanover.

**KU KLUX KLAN IS UNMASKED**

(Continued from page 1)

off in a Klan hall at Dayton, Ohio, as a means of increasing interest, and bringing new members into the order. As the stories were told, John H. Connaughton, of Washington, D. C., Chief Klan counsel, fought every step of the way objecting time and again as Van A. Barrickman, himself a defendant, and counsel for five banished members, drew testimony from the witnesses.

The most dramatic story of the day was brought from Clarence W. Ludlow, of Pittsburgh, who said that as a member of Dallas, Texas, Lodge No. 56, he witnessed the burning alive of seven or eight men, one at Terrell, Texas. He said a white man was convicted by a "Kangaroo Court", taken to an isolated spot, tarred and oiled, and then set afire as some 300 or 400 hooded Klansmen looked on. In another instance, he said, a man named Smith was tried, convicted of failing to support his family, and under the direction of Imperial Wizard Hiram Evans was tarred and feathered.

**DIED**

Smith—At his late residence, at Royal Oak, Michigan, Friday, April 6, 1928, of pneumonia, James T. son of the late John W. and Janet Smith, Aberdeen.

Canadian Forest Week is an effort to make the people of Canada think, and no work that the Honorable Charles Stewart sponsors will be more fraught with results if it accomplishes its purpose, and the Canadian people realize the need for care in preventing fires in the forests.

When will Canada learn that her forests must be "cropped", not "mined"?
