Miss Millie Leeson, teacher and her sister, Mrs. Hooper, of Mount Forest, went through Varney one day last week, turned at Blyth's store and were speeding on their way, no doubt to their brother's, Dr. G. Leeson, who lives out that way.

With the changeable weather we have been having, a great many have severe colds, but are hoping when the sun gets warmer and the air milder, that the colds will disappear.

Eugenia

(Our Own Correspondent)

The people here were shocked to hear of the untimely death of Mr. Robert John Pedlar at the age of

52 years. Mr. Pedlar was suddenly seized by pneumonia on Wednesday, April 25, and was taken to Lindsay Hospital, where he received good treatment, but efforts were in vain to save his life from the fatal disease and death claimed him on Monday night.

Last fall, he with his daughter and family moved to Oakwood to reside. For a number of years previous to this he was a steady employee at the Durham Furniture Factory mill at Rock Mills. He was a great artisan in renovating cars, motorcycles, clocks, guns, etc., and got much employment along that line.

The remains came up on the noon train Wednesday and were taken to the home of his sister, Mrs. W. McKee, Flesherton, where a very comforting sermon was preached. Interment took place at the Meaford Road cemetery beside the remains of his wife who predeceased him 26 years ago. His wife's maiden name was Ida Wilson, daughter of the late Thompson and Mrs. Wilson.

The flowers from the friends were very pretty. The pall-bearers were Eugenia neighbors. He leaves to mourn his loss two daughters, Mrs. Harry Tate (Leone) of Hillsburg; Mrs. Dan. Fawcett (Griselda) of Oakwood and 10 grandchildren. Two brothers and one sister also survive.

We extend our sympathy to the bereaved ones.

We are sorry to hear that Mrs. Henry Williams has suddenly taken ill again. We hope it is not serious.

Born—To Mr. and Mrs. Henry Tudor, on May 4th, 1928, a daughter.—Congratulations.

The children had a fine time at school Arbour Day. Some of them did not think so when they returned to school Monday. The boys took a hike off by themselves on Friday afternoon and were treated to a taste of black strap on Monday.

Not all, though, the boys who cried when they saw the "black strap" were let off. Was this quite fair?

Swinton Park

Seeding operations are well under way and with a few weeks of fine weather the grain will be in the ground. Already the grass is making wonderful headway for this time of the year.

Road dragging is the order of the day and the roads are rough yet. If good weather continues they will soon smooth down.

Too Late

Willie: "What will happen if the baby was to eat a goldfish?"

Father: "I'm afraid it would kill him."

"Well, it didn't."

This hospital is made of cake icing, not stone. It is a model in cake and icing of the new Women's College hospital in Toronto, and is the work of one of the chefs of the King Edward hotel, Louis Ricciardelli, whose talents in the culinary line lie in sculpture with icing. The model is four feet high and five feet in length.

Mr. Wm. Jacques has treated himself to a new Ford car. He had one of the early makes of the Ford and has now one of the latest.

Mr. Wm. Bogle has rented one of Mr. Peter Black's farms for pasture. There seems to be a lot of land going into pasture of late years. The scarcity of farm help and the high wages are responsible.

The Misses Martha and Ethel Lawrence of Mount Forest spent Sunday with their grandparents, Mr. and Mrs. Richard Morrison.

Another pair of twins have been added to the list in this neighborhood, which is so noted for its numerous pairs of twins. Mr. and Mrs. Robert Webber are the proud possessors of a pair that were born to them the middle of last week.

Sunday school reopened at St. Paul's last Sunday with a good attendance and promises to go strong. The officers will be pleased to see all who can, attend, as it takes the scholars to make a good school.

Older ones will be equally welcome and much benefited, as Rev. Mr. Hayes, who has charge of the Bible class is an interesting teacher.

Sunday next is Mother's Day and will be duly observed at St. Paul's church. Both parson and choir expect to give something special and all mothers, and fathers, too, would do well to attend.

Arbor day was fittingly observed at our school and everything made to look neat and tidy.

Mr. Robert Mighton has leased Mrs. Carrie Aljoe's farm for this year, purchased an extra team, and secured the services of Mr. John Trafford to help with the work end of the business. If farming pays at all surely doubling the business should be profitable.

Two steamed Egrmont residents, amongst the first born in pioneer days, Mr. William Chapman and Mr. Robert Moore have recently passed over the great divide. The former was Sunday School superintendent here for many years back in the nineties, before going West, and the latter was a highly esteemed citizen in the section east to us.

Mr. and Mrs. James Tucker have received some nicely gotten up invitations to a reunion of the old school section in Morris Tp., where the latter got her education, to be held on July 5th. This leads us to enquire if Durham has their invitations printed for that old home week we have been promised. If so while the town and our worthy

M. P. are busy fighting out the preliminaries of opening the new post office, could not those of us who are not engaged be rounding up all the old timers and extending hearty invitations to that great social function to which we have been looking forward with pleasant anticipation for the past few months?
