

ARTEMESIA SHOW.

PRICEVILLE PLEASD.

A SUCCESSFUL DAY.

Tuesday and Wednesday of last week the Annual Exhibition of Artemesia Agricultural Society was held on Wednesday evening. Directors, exhibitors and visitors were unanimous in pronouncing it a success.

Though Tuesday was wet and very disagreeable quite a number of exhibits were put in position and on Wednesday with fine weather success was assured.

To more than one loyal Pricevilleite an added spice of pleasure was felt that a threatened danger to their show had been averted by the rain of Tuesday. Though wishing Flesher-ton people no evil, it was felt that fixing the date of their adjourned show on Priceville's first day was an "unfriendly act," and likely to injure them had the weather been good.

The New Hall close to the grounds is a pronounced improvement on the old scattered arrangements, and Directors and exhibitors seem to be happily working their way out of debt.

Among the crowd were no fewer than four press representatives: Shelburne Free Press, Flesher-ton Advance, Chronicle and Review.

The proceeds of the show amounted to \$78.35 which would have been materially added to had a concert been held.

A very striking exhibit inside the Hall was that of C. McMillan, Harness Maker, Dromore. Several sets of his single and double harness with a collection of collars adorned the south end of the hall, and were themselves adorned with red tickets. Though Mr. McMillan was the only exhibitor his work was very highly spoken of by competent judges.

Mr. D. McLean in Boots and Shoes is also alone in his glory, and his skill and taste in this line is as marked as ever. "Nothing like leather well put together."

Mr. C. Watson, Sr., had the 1st prize Mangolds, great overgrown fellows from North Egremont. He is also a prize taker in other lines, notably in poultry where his hounds are generally prize winners.

Director D. McMillan is also among the Poultry men and takes 4 first prizes, his Plymouth Rocks especially being fine birds. He is also the Potato King of the show, taking a lot of firsts and carrying off the coveted "collection" of 6 of his first prize Swede turnips weighed 60 lbs. In the live stock department he is also a winner.

Pres. D. McCormack is a prize winner in garden products getting firsts in Onions and Crab apples.

On the whole roots and vegetables made a good show and in some respects were superior to anything we have seen this year. The fruit too, though in quantity not extensive was of excellent quality.

The ladies work made a brave showing and was looked at and handled by appreciative eyes and hands. Except in the matter of quilts Durham would not have been 'in it' with this display was the opinion of more than one lady who saw both.

Outside, A. Muir is easily first in Leicester sheep and lambs. As an expert sheep man 'Sandy' has few equals in the country. Wm. Meads has some very fine stock too. "Where is Jas Geddes this year? and Jno Nichol?" were frequent inquiries.

The horse classes as will be seen by the list were well represented and caused more interest than good feeling. Prize winners at Durham and Dundalk had here to take a back seat, and judge Hill's decisions were not accepted as generously as were those of the other judges. It was freely said that Hunters' Greys and D. Ferguson's team deserved more consideration than they got. With horsemen so plentiful we believe it would be more satisfactory to have a board of 3 judges. Though Judge Henry Tucker's decisions in Cattle, Sheep etc., are seldom questioned, he believes that 3 judges should be appointed in each class.

The judges were as follows: Ladies Work—Mrs. Ausum, Mrs. Robertson. Vegetables, Fruits etc.—C. C. James, Jas. Ausum.

Grain and Dairy Products—A. Butler, Jno. Walter. Fowl—Geo. Binnie, G. Lamb. Cattle, Sheep and Pigs—H. Tucker associated with Jno. Nichol. Horses—Jno. Hill.

C. McKinnon, Durham, had his windmill on exhibition in the village and made a few sales. Heard of Flesher-ton had an extensive exhibit of waggons, buggies etc., and S. T. Orchard had an organ exhibit which drew the crowd effectively.

WELL KNOWN VIOLINIST

Traveled Extensively Throughout the Provinces—Interesting Statements Concerning His Experience.

STELLARTON, N. S.—James R. Murray, a well known violinist, of this place, who has traveled extensively throughout the Provinces, makes this statement: "I was running down in health and my weight fell off from 175 to 150 pounds. Prescriptions did me but little good. My trouble was called nervous dyspepsia. I resorted to Hood's Sarsaparilla and after taking five bottles I was greatly benefited. I feel as well now as ever in my life, and have increased in flesh so that I now weigh 177 pounds. I am well known in this part of the country, having followed my profession, that of a violin musician for the last 25 years. I gladly tell my friends what Hood's Sarsaparilla has done for me. Before I began taking the medicine I did not have any dyspeptic trouble perfectly cured." JAMES R. MURRAY.

HOPEVILLE.

Intended for last week.

Mr. Lawson and Miss Burgess Durham have been visiting at the Scarlet's here.

Hopeville was well represented at the Dundalk Show, and by reports the people had a good time.

Mr. Robt. Black, Tara, and formerly of this township is spending a few days with his friends here.

The Chosen Friends had a special sermon preached to them by the Rev. Mr. Hunchrey's in the Methodist Church, 16th con.

The Dundalk Herald gives us a notice last week and pitches into Tom quite hot for mentioning anything about the Hooker - v - township law suits, and our having any costs to pay, and stated that I was a little too quick in making a statement etc. My answer is that the people around this village pay considerable in taxes and have a right to look into township finances, while the editor has no business to interfere and abuse any of our people, even if he does get the township printing for which we help to pay him. No one in our village as far as I know has any ill-feeling against Mr. Mc-

Kenzie, they would rather say a good word or do a good deed for him, than see him going to Dundalk to get scribbling done. However it is his first year as reeve and commissioner for our division and he will gain courage in the discharge of public duty and see justice done to all. We heard him asked for an auditors' report of 1897 and for a voters' list, but his answer was he had only got 3 or 4 and had none. So our people came out short.

Intended for this week.

The Dundalk Herald comes out again with an attack against poor Tom, and wishes the public to know that he (the Herald man) has a good supply of good grammar in his head. Poor Herald! I thought he got over this little fit of his as the weather became cooler. If we wished to change from 'Tom' we might pick upon the name he suggests, it really has good associations with it, but Tom is good enough for us.

Our sick people are improving and all able to go around with the exception of Daniel Haw, who is still low.

Hay must be very dear in Dundalk if we can believe the Herald item of last week that a load of clover realized \$210.

Mr. C. Jack's son got his hand bruised at Mr. Shaw's raising.

Mr. P. Shaw had a very successful barn raising on Wednesday the 12th. The Herald said it was Tuesday, but that is nothing for him to say.

Norman McAuley and his sister has been at their old home in Melancton attending a brother who has been very sick. He died on Thursday the 18th.

Proton Council met at Hopeville on Saturday 15th. We had some very cold rains last week.

[The Dundalk Herald for the past two weeks has been having a sly drive at "Tom" our Hopeville correspondent; over his bad English among other things. Tom's English, like the Herald's is not "installable" and the "existence" of some bad constructions among his contributions has evidently not prevented them from being read. "Boys" will be careless in their grammar as we well know Mr. G., but really we cannot believe Tom's bad grammar has been responsible for the gannibalic fervor which is alleged to exist. Be a good boy Tom and attend to your English, and the Herald's bad boys won't throw stones at you.—Ed. R.]

DROMORE.

Last Sunday was Communion Sunday in Amos Church, there were 12 new members and 157 members participated. Mr. Jas. Geddes believes in utilizing one of nature's forces and has had erected a new windmill, from the Ontario Co. Mr. Jno Campbell on the north line has also treated himself to one from the McKinnon agency in your town.

Miss Jane Baxter, Toronto, is home for a few weeks visit to Egremont friends. Colin McMillan, our harness maker got 1st prize at Priceville for a fine collection of harness.

A number from Dromore went to Priceville Show and all have got work to say about it.

A large and very successful meeting of the W. F. M. Society of Amos Church was held on Wednesday the 12th inst. in the basement of the church. Mrs. (Rev.) Morrison of Cotarville, was the principal speaker and for the occasion. Mrs. D. Ferguson of Stinson Park also addressed the audience at some length, and also Mr. S. J. Findlay of this place. Miss Bella Lochlan, Treas., read the financial report which showed that a total of \$49.00 and some odd, had been collected during the year, as well as a considerable amount of clothing. The mite boxes distributed by the scattered helpers were then opened, when a further sum of \$24.45 was laid to the hands of the society. Mrs. (Rev.) D. Campbell, Pres. of the society opened and closed the meeting with prayer and prayer. Mrs. Findlay reading the scriptures, lesson and expounded thereon. After the meeting, a sumptuous tea was served and an enjoyable time spent by those present. Our sweet singer Miss Jean Rowick, contributed to the enjoyment by rendering an appropriate solo "If I were a Voice" in a most spirited and enhancing manner, the Secy, Mrs. G. Cousine accompanying on the organ.

Mr. Thos. Leslie of Toronto, brother of Mr. Andrew Leslie is visiting here after many years' absence. Threshing is about over in this locality. The Lotian Bros. have one more team to thresh after threshing over two days in their home barn. A large and abundant crop rewards the labors of the diligent, (Eccles Bros. are "the" threshers).

We notice that Jas. Geddes has treated himself and his large stock to a fine windmill, secured in Toronto at the Exhibition. Mr. Renwick's new chopper is giving good satisfaction.

Almost a MIRACLE

OTTAWA, Sept. 9th, 1896. To the Phenoline Medicine Co., Ltd. Ottawa.

GENTLEMEN.—I hardly know how best to express my appreciation of your valuable rheumatic remedy, Phenoline. My son Gordon, who is 9 years old, has been a sufferer from inflammatory rheumatism for the past two years; was so bad at times that he had to be carried about on a mattress; was attended by two city doctors apparently without the slightest benefit; spent 10 days at Caledonia Springs, came home with no marked improvement; took three bottles of a Homoeopathic remedy now being extensively advertised, which did not relieve him in the least. I was beginning to give up all hope of his recovery, when by chance I mentioned the case to a friend who strongly advised me to give Phenoline a trial.

I did so, with the result that when my boy had taken only half a bottle he was able to get on his bicycle and ride like any other boy around the block.

I feel that I cannot say too much in praise of your medicine, and shall do all I can to make known its value to others. Yours very sincerely,

(Signed) REUBEN CLARK.
