"You are lucky in that

your Customers stick to you, that once customers they are likely to remain so," said one of our patrons the other day. There may be an element of luck in it. We believe, however, that it is more largely due to the fact that we never regard the 'present' transaction with any one as the 'last' one we are likely to have with him, but rather regard it as a preliminary to 'future' business with him. We believe that this has more to do with the fact that our customers of 50 years ago are our customers to-day.

ZION.
Our usually healthy district appears to be fast losing its good name these days as we have scarcely a family without one or two under the weather.

Several loads of Zionites accompanied by the choir, attended the tea meeting at the Baptist church on the 10th con. They all report having a good time. Some say they were a little crowded, but all know that they will be there next year. The genial Bob Edwards of Zion held the chairman's post of honor and they say he handled the wand with great skill.

On Friday evening last a jolly party consisting of the members and adherents of Knox Church assembled at the residence of Mr and Mrs Jas Watson to spend a social evening with that estimable couple. After some time had been spent in pleasant conversation the real object of the gathering became apparent, when two handsome chairs were placed before that astonished couple, and Mrs R Morrice stepped forward and proceeded to read a very flattering address setting forth the deep sense of appreciation Knox congregation felt for the invaluable services Mr and Mrs Watson had so long and cheerfully rendered in the musical part of the worship of that congregation and expressing the pleasure they had in presenting them with the chairs mentioned as a slight token of their appreciation. Here Mr and Mrs Watson were installed in their respective chairs by Mrs Stewart. The address concluded by wishing the worthy couple many years of future usefulness. In a few well chosen words Mr Watson then thanked the members of the congregation for their splendid presents and concluded by inviting the visitors to enjoy themselves to their hearts content, which they proceeded to do right royally with games, music and song until lunch. Much of another pleasant hour was spent and then after singing "Auld Lang Syne" and "God Save The Queen" the party dispersed, everyone feeling they had spent an evening long to be remembered.
Following is the address:
DEAR MR. & MRS. WATSON.—The members and friends of Knox Church Normanby have been long desirous of showing their appreciation of your services in connection with the musical part of our church worship, and your unflinching goodness and willingness in helping along any good cause or work in the church. Your help has been much appreciated and has aided us in enjoying church worship much more than we might otherwise have done. We trust in the future we may still have your valued aid, and we sincerely wish you both many years of life to enjoy these two easy chairs and other tokens of our affection and appreciation, and hope you will live to be a blessing to yourselves, and to us all and the church you have helped so much. Signed on behalf of the Congregation.
(MRS. ROBT. MORRICE,
MRS. SAMUEL STEWART.)

All receive the hearty and unanimous thanks of the congregations.
The congregational meeting was held in the church on Tuesday the 31st and all the business done up well with the accounts of the church building settled, and the congregation stands on good financial footing.
