50c Union Jack Soap

Rocky.

Intended for last week.

Charley Middleton, Markdale, is spending two weeks with his mother and Rocky friends.

Albert Middleton is on the sick list. He is ill with pleurisy and water on the lungs. We hope soon to hear of him being well again.

The Pie and box social was a grand success, \$23 being taken in. Our teacher, Miss Cassie Fletcher's pie going the highest at 85c.

The debate this week is to be, whether it is good for a man to belong to a lodge or not.

Miss Annie Ritchie, Durham, visited at her grandfather's Mr. Nathan Dunsmore, last week.

Miss Lizzie Firth visited at Mr. John McKechnie's last week.

Mr. Haslip, we are glad to report is getting better.

Mr. Ferguson, our miller, has been laid off work for some time, with a severe attack of La Grippe. He is improving and will soon be at the stones again.

The pie and box social held in School-house on Friday evening Feb. 24, was acknowledged by all to be a grand success. The evening turned out most gloriously fine and afforded every opportunity to those who had a desire to get there. The school was artistically and beautifully decorated, showing the tact and skill of the committee who spared no means to make it a success and indeed it was.

Shortly after 6 o'clock the school began to fill and by 8 o'clock it was crowded. From Durham, Varney, Dornoch, Trayston, Hill Corner's loads came. The door keepers Messrs. McKinnon and McLean were kept busy.

About 8 o'clock, Reeve Staples took the chair and discharged his duties in a very appropriate way. Mr. S. T. Orchard with his gramophone enthralled the audience. He also gave a couple of splendid selections. The well known J. A. Hunter of Durham sang a number of excellent solos and with such an assuming and taking manner received accolades. Miss Via Nester charmed the audience with her sweet solos. Mr. Geo. E. Staples as usual rendered some mouth organ selections well. Messrs. J. Wilson and S. McLean lacked nothing in their violin selections and had to respond.

The auction of pies came, the beauty of pies (showing taste of young ladies) together with Reeve Staples flowing description of them made the boys hungry. Hence bidding was lively and enthusiastic. Pies ranging from 25c to 85c. About fifty were disposed of. Mr. Philip McKechnie was kept busy with cash while Walter Middleton assisted by Messrs Fletcher and McKechnie had to hustle to arrange pies ready for action. Justice given to all next came the eating, and the boys declared that the pies were all worth money they paid for them. Proceeds amounted to about \$23.

Hutton Hill.

Intended for last week.

Mr. J. Noble had a wood bee last week and the neighbors complied readily to his call and aided him in hauling the wood to Durham.

Mr. A. Hopkins had his foot severely cut some time ago. He is not yet able to resume his former employment under Mr. A. Armstrong.

There has been but few in our vicinity who have escaped the clutches of Lagrippe, but we are pleased to report them on the highway to recovery. Last Friday fire had commenced its destructive work on the dwelling of Mr. T. E. Hutton, but a passer-by noticing the flames gave immediate warning and a helping hand. The flames were soon extinguished without any serious damage being done.

Mr. and Mrs. Donnelly, accompanied by their family, attended the wedding of the former's brother, Mr. M. Donnelly, who was united in the bonds of matrimony to Miss Ferguson, of Normanby.

Some of our young people attended the Rocky school house.

The Misses T. and H. Wright visited Hanover friends lately.

Last week a number of the Hutton family attended the funeral of their uncle, the late Mr. J. Williams who resided in Bruce county.

Mr. J. Morris has taken up his abode on the Dargavel farm. We extend our welcome and congratulate ourselves upon again claiming him as one of our community.

Messrs. R. and W. Reid were the guests of their uncle, Mr. T. Reid, of Durham.

Mulock.

Miss Jessie A. Beaton, of Glenelg Centre, is visiting her aunt, Mrs. John Brown.

Mr. Jas. McIntosh, spent Sunday last at home. The day of course was stormy.

Mr. Esra O'Neil left for his home in Calgary, Alberta, where he is ranching on the Bon River district.

Mr. Duncan McKinnon is nursing a heating finger, which he says is very painful. It is not true that it was on his southern trips he bruised it.

Messrs Spaulding and Kinnie moved their saw mill from Klondike to freeze-out and are busy cutting ties.

Messrs Duncan Clark and George Redford are taking time by the log and getting out rafters for a barn they are to build in the summer of 1900. The reason of haste is while it is easy going through Smith's swamp.

Mal, McEachern purchased fifty acres on the 7th con, from Mr. Hugh McQuarrie of Michigan.

Mr. Allan McDougall and family left for their home near Botineau N. D., although minus the young son reported in the Hanover Post and copied in the Review, which was a false alarm. We presume the writer must have had wind in his head at the time of writing.

Mr. Neil McDougall and family left last week for Botineau, N. Dakota, where he intends making his home, having rented his farm in Bentinck for ten years. Neil got his first soring of the Yankees in Durham, by having to pay so much duty on his goods.

A few of the boys were amusing themselves on Thursday night last ringing the bell on Clark's school, when a strong pull brought the bell to the ground with a crash, which fortunately did not break but rather unhandy to replace.

An itinerant blind show man held a concert in Corieth school house last week with a view of making a legitimate living. As his blindness prevents him from doing

so like men who have their sight, he took this way. A few of the smart young men 'painfully smart' attended, and wishing to have some fun, proceeded to annoy the door keeper by pretending to stay in without paying, until the door keeper put them out. Hostilities then became common, when some of the party threatened to attend to this man when the concert was over, which was duly carried out. The doorkeeper seeing so many in fighting trim awaiting him drew a toy pistol and proceeded to defend himself. No powder was burnt or lives endangered, but those who were known to law to carry concealed weapons, and forthwith proceeded to lay information against him in Durham. Result—the defendant jaunted to the tune of over twenty dollars. How gratifying it was to these young men to know that they rendered him such a service, and how pleasant to reflect that the blind showman will be so much behind in his way of living, and how many concerts the poor man will have to hold before he pays the levy he had to give on his gramophone to settle this little job they had. No wonder two of the witnesses returned their witness fees.

Working Night and Day.

The busiest and mightiest little thing that ever was made is Dr. King's New Life Pills. Every pill is a sugar-coated globe of health, that changes weakness into strength, listlessness into energy, brain-fag into mental power. They're wonderful in building up the health. Only 25c per box. Sold by our druggists.

Rob Roy.

Intended for last week.

Mrs. Wm. Britton spent a week recently with her mother, who was sick, but we are glad to hear is getting around again.

Mr. Ben Firth of Cleveland returned home last Saturday, looking hale and hearty, and none the worse after spending nearly a year down in sunny Ohio.

Mr. and Mrs. Samuel McComb visited the latter's mother, who has been under the weather for a time.

Miss Kate McKinnon of Bruce, spent a couple of weeks with the McCormick family of late.

Mr. Chas. Kennedy Jr., started drawing saw-logs last Saturday. Charlie is a hustler you bet.

Miss Mary Brown of the Corner's is spending a couple of weeks in the Glen.

Quite a number of our youth and beauty spent a pleasant evening at Mr. Thos. McFadden's last Wednesday. They enjoyed themselves during the evening in music, singing, games and other amusements till the hour was getting late, and all returned home well pleased with the evening's amusements.

Mr. W. L. Daniels of Hanover, spent a day recently with Mr. Thos. McComb.

Robb.

Mr. Samuel Robb, blacksmith, has rented his shop for a term of years to a Mr. Donny, from near Shelburne, who moved in on Wednesday last.

Mr. J. McBride, Jr., had the misfortune to fall on a fence he was crossing one day last week and put his elbow out of joint.

Mr. J. G. Bendall, while loading logs in the woods, had his foot crushed by one rolling on it.

Mr. Geo. Peckover and wife leave today for Manitoba, after spending a couple of months with friends here.

Mrs. Robert Waddell, formerly of this place but now of South Dakota, is visiting friends.

La grippe has had quite a few in its grip during the last two weeks, but with a good supply of hot lemonade, whiskey, ginger, pink pills and other mixtures it has left without thinning our ranks.

Mr. Alvin Durant is laid up with an attack of Pleurisy.

Ice-harvesting is the whole go now. It is a good crop. A number of the farmers are thinking of buying cream separators, and it would save the hard labor of packing ice.

March, April, May.

These Are The Months In Which to Purify the Blood.

This is the season when your blood is loaded with impurities, accumulated during the winter months from close confinement, rich food, and other causes. These impurities must be driven from your system or they may breed serious disease and cause untold suffering. Hood's Sarsaparilla is the greatest and best blood purifying medicine it is possible to obtain. It is what the millions take in the spring. It will purify and enrich your blood, create an appetite, tone up your system, and give you sound, robust health.

CHRISTIAN ENDEAVOR DOINGS.

There is an Australian society with seventeen members, all of one family. That is "Family Endeavor" with a vengeance.

The next International convention will be held in Detroit. The dates are fixed for July 5-10, and the meetings are likely to be held in the Belle Island Park.

Already Christian Endeavor has had a beginning in the Philippines. A society has been started in Manila by Mr. Henry G. Matthewson, of the United States army.

A squad of District of Columbia Endeavorers held a meeting in the trenches before Santiago, with the music of the whistling Mauser bullets as an accompaniment to their hymns. Some of these Endeavorers went out of that meeting to join the white-robed throng above.

The Canadian convention to be held in Montreal during the first week of October, of this year, promises to be the largest and best in the history of the movement in the Dominion. Both the Ontario and the Quebec unions have decided to withdraw their own convention and join in making this first Dominion convention a grand success.

The secretary of the South African Union is Miss Lucilla Sprigg, the daughter of the ex-prime minister of the Cape of Good Hope. For some months she has been living in a Kaffir hut near Lovedale with two other ladies doing mission work. This is but one instance of the practical working of Christian Endeavor in South Africa.

Brave Men Fall.

Victims to stomach, liver and kidney troubles as well as women, and all the results in loss of appetite, poisons in the blood, backache, nervousness, headache and tired, listless, run-down feeling. But there's no need to feel like that. Listen to J. W. Gardner, Idaville, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down, and don't care whether he lives or dies. It all run down, and don't care whether he lives or dies. It did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 50 cents at our drug stores. Every bottle guaranteed.

THE PARKS OF PITTSBURG.

By John Campbell, formerly a Glenelg Boy.

Schenley Park excels, both in natural beauty and extent of territory, all public grounds in the state of Penn. with the possible exception of the grandeur of Philadelphia's. The magnificent entrance and stone bridge, with the Panther Hollow lake in Junction Hollow, has greatly added to its attractiveness. The park was a gift to the city of Pittsburg by Mrs. Mary E. Schenley, of England, a native and former resident of this city. Naturally the park was called after her.

The formal transfer of this portion of the old Schenley estate to the city of Pittsburg was made on Oct. 13, 1889 under the direction of E. M. Begelow, Director of the Department of Public Works, to whom the people of Pittsburg owe much that they now possess in the line of breathing places. The original area in the gift of Mrs. Schenley, was 300 acres, but the park by recent purchases by the city now has an area of over 439 acres.

The Park is beautifully endowed by nature with retreats of rare beauty, and its natural advantages have been enhanced appreciably during the last six years. Among its attractions are the magnificent Carnegie Library where free musicales are given. It is the gift of Andrew Carnegie the "Iron King" to the city, costing \$800,000, the beautiful Phipps Conservatory, where

H. PARKER,

DRUGGIST & SEEDSMAN - - - DURHAM

all the beauties of the flowery kingdom are to be seen, costing \$110,000 the gift of Henry Phipps, Jr., a propagating house was added in 1896, making a total of \$150,000, also donated by Mr. Phipps, the electric fountain, famous in itself for its magnificent waterfall display costing \$10,000, it being presented by the Pittsburg Traction Company, and can be seen only on special occasions when there are conventions of visitors to the city, Saturday nights excepted. Then Panther Hollow, Panther Lake, and until last year the Zoological Garden, which has now been combined with the Zoo of Highland Park. There are 14 miles of excellent driveways and about 25 miles of bridge paths. The Serpentine drive with its splendid stone wall is one of the finest driveways in the country. The new steel arch bridge, erected at the entrance to the park, is 260 feet long and 80 ft. wide, and cost \$240,000. The stone arch bridge also at the Forbes St. entrance cost \$110,000. The Panther Hollow bridge is one of the most artistic small bridges in the country. There are two bronze panthers at each end. The bridge cost \$165,000. Then the city has recently purchased another plot of ground and erected a bridge known as the Bonquet entrance. This cost many thousand dollars. During the warm season, the park is thronged with bicyclists and pleasure seekers. Director Bigelow arranges a summer theater, both afternoon and night, so the people are furnished with amusements free of charge. On Sunday sacred concerts are also given free. So the one park alone represents a small fortune.

(To be Continued.)

England & Russia

At each others throats would probably raise the prices, but in the meantime

H. H. MILLER

The Hanover Conveyancer offers the following bargains:

TEASDALE FARM; lot 30, con. 2, W.G. R. Bentinck. Will sell this fine 100 acres for but little more than was paid a few years ago than Mr. Teasdale built on it a large brick dwelling which he says cost \$1000.

HOSIACH FARM; at Lamash, about 37 acres, good building, close to Post Office, Store, Church and School. Will sell at a great bargain or trade.

LEWIS ELDE FARM, township of Holland good form in German settlement. Will sell cheap or exchange. Contains 100 acres, well improved.

A 100 ACRE FARM in Bentinck, pretty good lot, at say \$850 should bring \$1200. Who speaks first?

WOOD Wanted on Subscription at the REVIEW OFFICE

INSOMNIA.

SOUTH AMERICAN NERVE RESTORES REST AND HEALTH.

If the digestive organs refuse to do their work, indigestion and dyspepsia follow like lightning's flash—the nerves are shattered and then insomnia runs riot, and the patient is on the road to the mad-house or insane asylum. A well known Toronto newspaper man was a victim of nervous prostration and insomnia through overwork—retiring at night was more of a dread than a welcome to rest—prejudiced against medicines and remedies, he spurned the thought of resorting to what he called nostrums—he became almost incapable of work—he was recommended to try South American Nerve, procured a bottle and when half of it had been taken, he found himself improving—to take the remedy until he had used six bottles, and at the end of that time the twenty pounds he had lost in worry and for want of rest was put on again—today he says, "I feel strong enough to do two days' work in one."

South American Nerve is without a peer in the cure of nervousness, indigestion and insomnia. A few doses will convince the most sceptical. It may seem it is absolutely true. Strong as this statement

South American Rheumatic Cure is never baffled—relieves in six hours and cures after years of agony have been suffered.

South American Kidney Cure cures Bright's disease, diabetes and bladder troubles. A few doses will convince.

Sold by MacFARLANE & CO., Durham, Ont.
