

Butter & Eggs

Wanted for Cash

We have decided to pay Spot Cash for all our Produce from First April.

Every sensible thinking individual knows that the only correct way is to

SELL FOR CASH AND BUY FOR CASH WHAT YOU WANT

It leaves you free to purchase at any store in town, and no more than you want. It is not many years ago since people were afraid to ask the store keeper for a few cents cash on the butter and eggs. To-day we ask you to take all cash from us, and then when you have your money, turn around and buy from us, or any one else for cash. This places you on an entirely different footing. We don't ask you to thank us for taking this progressive step, as it is one we should have taken long ago.

IF OUR OPPOSITION pays more for BUTTER in goods than it is really worth in cash he must take the difference from you in the price of the goods. We commenced buying wool this way some few years ago (ie) paying cash, and we are able to say to-day that not one of our many wool customers ever faulted us, but on the other hand complimented us and showed their appreciation by dealing with us on the all cash system.

Take for instance your friends near the city, they would never dream of trading BUTTER for goods. They sell their butter for cash and buy their goods for cash.

We Always Lead

Has been our motto, and we ask you to give the "ALL CASH" system your careful consideration and show your appreciation by giving it your hearty support. This is the only way to encourage buyers to pay a GOOD PRICE FOR GOOD BUTTER. As the market stands to-day you all receive the same price. This is not fair to good butter makers.

Bring your Butter and Eggs to the All Cash Store and GET YOUR MONEY for them.

EGG CASES SUPPLIED FREE.

LIVE STOCK MARKETS.

TORONTO.

We had fifty loads again to-day, and while the run was only an average one, it was too much, at prices going away from 20 to 40c per cwt, all round on shippers' and butchers' cattle. This statement will not perhaps please some of those dealers who want a bad market always reported as a good one, but the statement is correct. Of course the inferior grades of cattle felt the weakness most acutely, and some prime stuff was sold at apparently unchanged figure.

For prime export cattle, the quotations ranged from 4 1/2 to 5c per lb; light export stuff from 4 to 4 1/2c per lb. The weakness in the Old Country markets—reported in our Liverpool cable of this morning (Friday)—had a deterring effect on purchasing, and the cattle was not all sold.

Trade in butcher cattle was easy; choice selections sold at 4 to 4 1/2c per lb; loads of really good cattle fetched around 4c; second at 3 1/2c to 3 3/4c; and inferior stuff down to 3c per lb.

We had a good supply of stockers, some of very inferior quality, and price prices ranged from 3 to 3 1/2c, with 3 1/2c for the best grades; for a few selected lots five to ten cents more was occasionally paid.

Shipping bulls continue weak at from 4 to 4 1/2c per lb.

Feeders of ten to eleven hundred pounds are worth from 4 to 4 1/2c per lb. Not many here.

Calves are unchanged, with a steady enquiry for calves of a better quality, which will sell up to 88 and \$10 each, if of the right kind.

Yearling lambs are fetching from 4 1/2 to 5c, and for extra choice 5 1/2c per lb; with a steady enquiry for the best grades.

For ewes the price is unchanged at from 3 to 3 1/2c per lb.

Bucks are fetching from 2 1/2 to 2 3/4c per pound.

Very few spring lambs were here to-day, and there is practically no enquiry. Hogs continue unchanged, with the old complaint of too many light hogs being sent in.

The top price for "singers" is 4 1/2c per lb; light are bringing 4c; and heavy fat hogs sell at 3 1/2c as the outside price.

Sows are fetching 3c per lb.

Stags sell at 2c per lb.

Stores are not wanted.

Rheumatism & Dyspepsia Cured.

571 St. PATRICK STREET, OTTAWA, July 31st, 1896. To the Phenoline Medicine Co., Ltd. Ottawa, Ont.

GENTLEMEN.—On the advice of a friend I tried one bottle of your famous rheumatic remedy, Phenoline, and to my surprise it cured me of rheumatism, from which I have suffered for many years.

It also cured me of dyspepsia, from which I was suffering at the time, so what I feel now like a new man.

I have tried several remedies for rheumatism, some of which did me a certain amount of good, but nothing that I have taken has done so much for me as your Phenoline, and I have much pleasure in recommending it to other sufferers.

Yours very truly,

DEADLY CATARRH

has fastened its relentless grip upon some member of nearly every family in the land. Competent authorities estimate that from eighty to ninety per cent. of the entire population of this continent suffer from some form of this repulsive and dangerous malady. If you or any of your family suffer either from recognized catarrh or from the lingering colds which mark its early stages—don't trifle with it. It is the precursor of consumption and death.

Dr. Agnew's Catarrhal Powder

never fails. It is the remedy of all remedies, endorsed by the most experienced and eminent nose-and-throat specialists of the day, and having a record of a multitude of radical, permanent cures of chronic cases which had been declared incurable. It also cures cold in the head, influenza, hay fever, loss of smell, deafness, sore throat, tonsillitis, asthma and all similar diseases. It is delightful to use.

"I have had chronic catarrh ever since the war," says J. C. Taylor, of 220 N. Clifton Ave., Trenton, N. J. "I had three bottles of Dr. Agnew's Catarrhal Powder and my catarrh has entirely left me." Rev. C. E. Whitcombe, rector of St. Matthew's Episcopal Church, Hamilton, Ont., was a great sufferer. He used Dr. Agnew's Catarrhal Powder, and now proclaims it a safe, simple and certain cure. The Lord Bishop of Toronto, Can., recommends the remedy over his own signature. Sold by druggists.

Dr. Agnew's Cure for the Heart relieves heart disease in 30 minutes. Dr. Agnew's Liver Pills—20c. for 40 doses—are the best. Dr. Agnew's Ointment relieves in a day eczema, tetter and all skin diseases. Cures piles in 2 to 5 nights. 35c.
