Mr. Editor.—We thought perhaps you would be thinking our little villa had been flooded away, but although it kept us fenced in for a while, there is still life left yet, and will endeavor to read in our little budget.

Mrs. Wolf of Hamilton is at present visiting at her sister's Mrs. M. Egan.

Mrs. John Batchelor was the guest of her sister Mrs. McMurdo of Ventry last week.

Miss May Dezell of Hopeville passed through our little village this week and gave us a call.

Mrs. C. McLean who has been ailing for the past few months is able to be around again in our number.

The farmers around here are all busy at their seeding.

Mr. Willie Ellis engaged with Mr. M. Ryan for the summer months.

Glenroaden.

As it is now some time since our town has been represented in your worthy columns, we thought it might be quite beneficial to the country at large to know what we are doing.

Industrious and laborious as usual, Hugh Vaughan has, (May 1st.) got 40 acres of crop sowed.

Mr. Wm. Johnston and staff is making wonderful strides in Agriculture on the McKechnie farm.

A large stock of logs have found their way to the mill yard last winter, and soon the busy hum of the mill will be heard.

Mr. Trux started his stock of Glenroaden and Rocky Saugeen boys for Walkerton last week. Wonder how Jim liked his first boat ride.

Miss Ruth Johnston visited friends in our burg last week.

ed with a blacksmith shop. Mr. Wm. Johnston is not only an expert sawyer but also a scientific blacksmith.

Priceville.

The weather has been exceedingly fine all along since seeding commenced.

The most of those engaged in farming are getting pretty well through with their seeding and are now preparing for the root crops. Fall wheat in general looks well after the severity of the winter in some instances there are patches killed out where it was exposed to the Frost all winter.

Mrs. McIntyre and her son Norman was in Toronto for a couple of days last week. We are pleased to hear that the daughter and sister are getting better and will be able to come home in a few days.

John McArthur, Reeve of Artemesia is busy at present putting a wire fence around his farm on the north line.

As we were taking a view through our cemetery here the other day our attention was drawn to the delapidated state of some of the graves that were made during the winter. In some instances they are sunk half way down.

The cause of so many graves being so sunken is that at the time of burial, as it often happened during the past

winter, the earth got so mixed up with snow and frost and in the filling in a large quantity of snow got mixed with the earth which accounts for so many sunken graves. About twenty new graves were made during winter. The yard is getting full and in a few years at most there will not be room for any more interments. If all protestant denominations would unite in buying the old Currie Farm half a mile west of this village, it would make one of the finest places for a cemetery in the country. We hope to see the cemetery here taken better care of.

Rev. Mr. Matheson preached for the children on Sunday evening last.

The many friends of Duncan McDonald who was laid up after the operation for appendicitis for the last seven weeks will be pleased to hear that he has so far recovered as to be able to drive into our village on Saturday last.

Mr. Hector McKinnon has been rather ill for the last few days, but is getting better again.

Miss Maggie McMillan, daughter of Mr. Alex. McMillan of the south line Artemesia was operated on last Wednesday for, it is supposed, cancer in the tongue, we are pleased to hear that the Dr's are doubtful of it being cancer, but will know more definitely in a few days. We sincerely hope that it is not cancer for it may prove to be a serious case.

Mr. Hilker of London was around painting blackboards in our Schools. He painted the "Top Cliff" school board and warranted it for ten years. His charge of course is high.

Inspector Campbell paid his official visits to our schools recently and found them in a flourishing condition.

A special meeting of the Glenelg Council held one afternoon last week for the purpose of making provision for the repairing of all the damaged bridges on the Saugeen River.

Mr. Donald McKechnie of Georgetown is again back to his brother's Mr. Angus McKechnie's D. R. Glenelg.

Mr. Ginn is able to be around again after an attack of Grippe.

Arch McLean (squealing Archie) has rented John McKinnon's house and lot in this village for a year.

Thos. Patton moved from Mr. Simpson's place to the house lately occupied by Mr. Wm. Conkey, while Cunningham Moore vacated the late Jas. Cameron's house and moved to his old place again on the South Line, Glenelg.

Mr. C. D. McMillan is confined to his house for the last couple of weeks from sickness but will probably be able to be around again in a few days.

LACROSSE FOR DURHAM.

The entertainment by the Lime Juice Stock Co. was intended to help in the formation of a lacrosse club in town. This makes a good beginning, and as our town is included in a league comprised of several places to the west and north of us as far as Warton, we hope that all encouragement will be given our boys to make a good showing in the contests outlined below. At the meeting held at Hanover last Friday a referee was chosen from each club represented, Arthur Laidlaw for Durham, and the schedule of games for the season is as follows:

Warton at Durham	June 2
Chesley at Hanover	June 7
Durham at Chesley	June 14

WORTH REMEMBERING.—Here is a nice law point for business men to remember. A suit was brought by a creditor against a debtor, in the 1st Division Court, Toronto, to recover \$1. The defendant sent a check for this amount, marked "in full of account." Plaintiff claimed this did not settle all that was due and he crossed out the words "in full of account" and had the check cashed. Judge Morgan found that the plaintiff had not notified defendant of the change made in the check, neither had he authority to make such a change, as the words really stood as part of the check. He therefore, gave judgement for the defendant. It appears from this decision that words written upon the face of a check become part of its conditions of payment.
