# SKIN-DEEP BEAUTY!

"Handsome is that handsome does," is the old theoretical adage, but after all it's the skin-deep beauty that's attractive. It would take a big lot of handsome doing to compensate for a skin that is diseased and whose appearance is distasteful to all who see it, and the torment of the patient whose daily burden it is to bear it about. Dr. AGNEW'S OINTMENT is a wonderful cure for all sorts of Skin Diseases-itching, burning, stinging sensations which are accompaniments-tetter. salt rheum, scald head, ring worm, eczema, itch, elcers, erysipelas, liver spots, and all eruptions of the skin-one application allays the irritation, and perseverance in its use results in a speedy cure. For blind, bleeding, itching, and

balm; one application gives comfort and relief in an instant, and in from three to five nights the trouble disappears. Price, 35 cts.

A London lady had ecrema for years so badly, her face and neck were so disfigured she went into a life of seclusion, and the stinging pain of it was so intense that, to use her own words, she "went next thing to mad." She tried many ointments galves and washes—was treated by specialists on skin diseases without getting any lasting benefit. She bought a box of Dr. Agraw's Otherner—one application gave her somfort, and to-day, after using three boxes her skin is as clear and pink as a beby's. skin is as clear and pink as a beby's.

A Toronto gentleman, living on Dovercourt Road, spent a small fortune in treatments and remedies for piles in their very worst form, was treated by electricity with temporary relief only, and had decided to go on the operating table and have a surgical operation performed, but was recommended to try Dr. Agnew's Ointment—he did so. The first application of it relieved the intense distress—he persisted in its use and to-day he's rewarded with a cure after years of suffering.
