Wanted for Cash at The Cash Store.

We have made extensive purchases in every department of this large store ready for a heavy wool trade. The month of June last year was our largest month, and we intend to make this June a record beaker.

for Wool and sell our Goods for Cash. Sell in the early markets is good advice, and by all means adopt the only proper system of dealing on a Cash basis. We could give you a long price for Produce if we choose to do so, by simply adding the difference to the selling price of our Goods-This idea is out of date now. We commenced the Cash for Produce idea in Durham and have proved it to be a success.

With the exception of the light shower day. He went on horse back. that fell on the 24th of May, that no doubt landered many people or m being present, the celebration of Her Majesty's buthday and prente was a grand success, The early part of the day was all that could be expected and an ideal picnic day, and by the hour of 11 o'clock many were The Wheels making their way to the lar famed Hayward's Fall-, so that by one o'clock quite a number of people had gathered there About that time however, black clouds began to mar the beautiful sky, and those who had not left home thought it best not to leave that place of stielter. But while the surrounding country received quite a heavy shower there was only a light sprinkle on the ground, so that no one was made uncomfortable, and nothing was speiled. It was, however, so cloudy and doubtful that it was not fit to go on with a program till it was too late to have one, This was not missed so much though as Prof. Hind with the banjo, and Mr. Thos Anderson, violinist, did all they could to keep the feet going on the large platform erected for dancing and eyeryone says they are the ones to keep it going. believe however that the person who found that he had two bridles next morning will surely be honest enough to bring it back to the Falls when they can all be put to rights again. But people should be more careful with such

things as it is easy to make a mistake in the dark. The bridle missing is a heavy one with a red brow band and nickle side plate. To mention all the visitors who have been to Zion this past week would fill a

lwok so we will just mention a few.

Mr. and Mrs. Hugh McInnis have moved onto Mr. Lauchlan McMillan farm, the McDonald farm which Mr. McInnis has been occupying for the past few years having been sold to the Keyland brothers, of Batchlor's Corners.

Mr. Archie McMillan lost a valuable mare and foal last week. Also Mr. G. Binnie lost a fine young colt.

Reeve Staples and John A. were busy men one day last week in ward 2, letting CATARACT REMOVED.—The Paisley bridges as well as several other big jobs Advocate of last week contains a notice that were unpassable. Mr. Alex. Mcof a successful operation by Dr. Mal- Millan is contractor for the McLean and Black of this town. Dr. Black's many Fomona, will be manager over the Black and Murchison railway bridge. John A. has a bad ward to look after, especially after such high floods as we had this spring. There are fifteen bridges crossing the Saugeen river in ward 2, and has been afflicted with cateract on both about half of them more or less damaged. We predict the mills on the dollar will be away up to a baker's dozen this fall.

We join in hearty congratulations to our old schoolmate and neighbor, Mr. John A. Graham and his estimable bride, wishing them much joy and happiness, health, weath and prosperty and other blessed tokens.

SOUTH AMERICAN NERVINE RESTORES REST

If the digestive organs refuse to do their work, indigestion and dyspepsia follow like lightning's flash—the nerves are shattered and then insomnia runs riot, and the patient is on the road to the mad-house or insane asylum. A well riot, and the patient is on the road to the mad-house or insane asylum. A well known Toronto newspaper man was a victim of nervous prostration and insomnia through overwork—retiring at night was more of a dread than a welthought of resorting to what he called nostrums—he became almost incapation abottle and when half of it had been taken, he found himself improving—silver was induced, the nerves grew quieter, the appetite returned—he continued a bottle and when half of it had been taken, he found himself improving—
sleep was induced, the nerves grew quieter, the appetite returned—he continued
to take the remedy until he had used six bottles, and at the end of that time the
twenty pounds he had lost in worry and for want of rest was put on again—
South American Nervine is without a peer in the cure of nervousness,
gives immediate relief and effects a cure in every case. Strong as this statement
may seem it is absolutely true.
