THE EYES OF THE WORLD

Are Fixed Upon South American Nervine.

Beyond Doubt the Greatest Medical Discovery of the Age.

WHEN EVERY OTHER HELPER HAS FAILED IT CURES

A Discovery, Based on Scientific Principles, that Renders Failure Impossible.

In the matter of good health temporary measures, while possibly successful for the moment, can never be lasting. Those in poor health soon know whether the remedy they are using is simply a passing incident in their experience, bracing them up for the day, or something that is getting at the seat of the disease and is surely and permanently restoring.

The eyes of the world are literally fixed upon South American Nervine. They are not viewing it as a nice-day's wonder, but as a discovery of the greatest importance. It has been studied by the most eminent physicians of the world, and the result they have found is exactly the same. It has been found that the nervous system is the seat of all disease, and that the only way to cure it is by restoring it to its normal state.
