### Priceville.

Died, at the residence of Mr. John McLeod, North Line, Arden, on Thursday the 6th inst., Mr. John McLean, native of the Isle of Tyree, Argyshire, Scotland, aged sixty-seven years. Mr. McLean was an old resident of the north line, Glenelg, being there for 46 years. He moved with his family to Dakota a few years ago, and only came back to the place where he died about a month ago. His remains were buried beside his two wives in Priceville cemetery, on Saturday last. His first wife died about 32 years ago, and his last seven years ago, and was a member of the Presbyterian church. Rev. Mr. Matheson officiated at the home and the grave.

The sacrament was dispensed in the Presbyterian church here on Sunday last. The day was fine and a large crowd assembled on the occasion. About 40 new members were added to the church this last 15 months.

We had the pleasure of attending the C. E. Convention held in Durham on Thursday of last week. It was indeed a pleasant sight to behold so many young and old people assembled, of different denominations.

Mr. and Mrs. Beaton, of Pomona, attended church here on Sunday last. We had the pleasure to congratulate both on their recent union. They are a pleasant and happy young couple. May they have a long and pleasant voyage through the journey of life together.

Mr. Arch McCaughey, Mrs. McCaughey, Mrs. McCannell, Sr., and Miss Maggie McCannell and Mrs. McPhail attended a wedding at Mr. Donald McCannell's of Burgoyne, Bruce County, on Wednesday of last week.

Miss Kate McIntyre of Toronto is at her mother's, South Line Glenelg.

Miss Mabey, of the Township of Adjida, sister of Mr. Dagald McCormick, of this village, and Mrs. Allan McInnes D. R., spent a pleasant week with both brother and sister and other friends, and returned again to her home on Saturday last.

We received a letter lately from Mr. Robert McDonald, of Idaho, Montpelier. His many friends in this part will be pleased to hear that he is keeping well.

His son Donald was arthritic. His brother Donald of the Rockies was almost at the point of death, after a lingering illness of many months, but now they have hopes of his recovery. Mr. McDonald gets the Review and is always pleased to hear from Priceville, although in his declining years he has yet hopes to meet with his friends in and around Priceville, where he spent his happiest days.

Rev. Mr. Matheson is to preach a series of sermons for the next six weeks. Next Sunday morning he will preach on "Infidelity."

Rev. Mr. Whitefield, of Meaford, preached in the Disciple church on Sunday last. Our main street has received a fresh coat of gravel lately, which makes it a little unpleasant for driving for the present, but will add much to the advantage of drivers when the tall and muddy days of the year comes.

We have always a fair share of business done in our town. Everybody that is willing to work are getting along well and we hear no complaints whatever. Like every other place in the country we may have a few that are slothful in business, who may be busy bodies, blaming the slowness of the town, when they only go forth with hands folded day after day, expecting that the heavens will shower upon them bread without earning it with the sweat of their brow.

### Giaseott.

A lot of rain has fallen during the past ten days, which will have good effect on the growth of the crops, except fall wheat, which is more or less rusted.

Mr. A. Dittmer lately invested in fourteen head of young cattle, which he purchased from Mr. Geo. Ryan of your town.

Miss Emma Lee, after visiting the parental home for a month or so has returned to Toronto. Miss Fannie Dittmer is also up from the city visiting her parents and friends and will shortly return.

Mrs. Wm. Stedwell and family have lately left for Fort William, to join Mr. S. who proceeded there about three months ago.

Mr. and Mrs. Neil Livingston now enjoy a comfortable ride in their new top buggy lately purchased in your town.

Rev. Mr. Graham, of Dornoch, preached at Townsend's Lake on Sunday July 2nd, to a crowded church. His excellent discourse was much commented on, and he has made a good impression on the people in this part, it being his first appearance.

Miss Rachel Betty has been lying seriously ill for some time under Dr. Ego's careful attention. We hope she will soon be brought back to her usual health and vigor, as she is a particular favorite by all who know her.

Mr. Geo. Lamb is for the past few days suffering with sciatica pains in his hip joint, and is somewhat confined to the house.

Master John A. Lamb was up at Owen Sound last week, struggling with examination papers, and will, no doubt like many others, be anxious to know the result.

### Scotch Town

Rain in abundance, crops are looking fairly well. Some are commencing haying this week.

The Keyland and McLeod bridge will be finished this week. The work will stand inspection to any party or parties who wish to inspect it, which is good credit to the builders, as well as John A. and Reeve Staples and the ratpayers of the whole township.

Mr. and Mrs. John McKay from Toronto were welcome callers in our burg last week. Mr. McKay returned to the city, but his wife will spend a few weeks at the old homestead.

Miss Maggie Stewart from Shelburne is visiting with Mrs. Evans, and the McLeLellan family at present.

Mr. George Blackburn from across the lines, is a welcome visitor with his many friends in Pomona and Scotch-town this and last week.

Messrs. R. J. Black and John J. Walsh spent a few days in Toronto, and returned last week somewhat happier.

John G. Beaton has erected a handsome wire fence around his orchard and residence, and has the well known John Hozan of Pomona in his employ at present, putting in new stabling.

A big baby boy causes Alex. McMillen to smile steadily since the 2nd inst. All are doing well, we predict Alex. will name him Alex.

Mr. Frank McLeLellan from Bruce was a caller in the burg a week ago Sunday. He returned to his destination accompanied by Miss Jessie A. Beaton.

Mr. Jas. White was in your town on Saturday on special and private business.

### Wattersville.

Colin McArthur purchased a fine young horse from McKechnie for the sum of \$60.

Henry Clark exchanged a fine horse for a new wagon with Wm. Calder.

A few of the youth and beauty of the burg gathered at Mr. T. Melosh's on Tuesday evening and spent a very enjoyable time.

While out driving last Sunday N. Melosh's horse became frightened and ran away, throwing both occupants out. Mr. Melosh's shoulder was slightly injured, but the horse and buggy came off very safe.

Mr. Alex. Ellison lost a fine young horse lately, while Jas. Goodwell had the same misfortune.

O. McDonald spent Saturday and Sunday with friends in this burg.

Mrs. McArthur is ill. Hope to hear of her speedy recovery.

The previous rains have put a stop to haying, which was just nicely started. The more rain the more rest.

We would like to know how the Traverston goat feels after getting such a boating at J. McNally's barn raising.

Robt. Barclay of Owen Sound visited here at the beginning of the week.

Allan Boyd left on Monday for St. Mary's to spend the summer months.

Miss Kate Henderson, who has been in the States for the past two years, returned last week.

Dugald McKechnie, London, paid a business visit to friends in the burg.

John Lachlan is hired with John Hunt for haying and harvest while G. Furneaux has secured the services of Wm. Lachlan for the same purpose.

W. Ledingham now rides a 60 horse. Who wouldn't have a wheel?

Mt. Forest tax rate is 2 1/2 mills on the dollar.

— "At any rate, no question which could occupy the House was of greater importance than that of securing the rights of the people at the polls. The will of the people must be expressed, no matter who might suffer the consequences. (Applause.)" Such were the honest and manly words of Sir Wilfrid Laurier, when assenting to have the West Huron and Brockville Election cases brought before the Committee on Privileges and Elections. This was at the request of the Conservative, Mr. Borden, and furnishes a notable instance of the desire of Government leaders to strike a blow at corruption in politics. It has yet to be shown there was corruption in these elections, but we have perfect faith that if such is proved, the expression "no matter who might suffer," will not be meaningless.

### Hopeville.

The McLeach party have gone to Woodland miss Dezell leaving to assist.

The S. S. Fennie was fairly well attended. Everything went nice.

Epiphany Church people had a good bee improving the church grounds.

Visitors here—Wm. Dezell, Badjeros, Mr. Humphreys, Sr., Prievely, John and Miss Minnie Reid, of Kilsyth, at D. McArthur's.

Mrs. Rowland, of Toronto, and children have left for home after visiting friends.

Mrs. Scarlett, Sr., drove to Mr. John Dezell's on a visit, and while the horse was new one, was being unlatched something scared him, causing him to run off with the new buggy, but, after exploring a couple of fields he was captured, not much harm being done.

We have to say to our readers that we missed one week, but one extra budget sent some weeks ago, did not appear. [We must honestly shoulder the blame, left over for a week, it inadvertently got destroyed.—Ed.]
