WHOLE NO. 1120.

### Local and District News.

Labor Day on Monday next. Schools in town re-open on Tuesday, Sep. 5.

Lucas, Wright & Batson.—At Durham office Mondays and Court Days, from 10 a. m. to 4 p. m.

The words of praise bestowed upon Hood's Sarsaparilla by those who have taken it prove merit of the medicine.

MODELLITES.—About 13 modellites have already signified their intention of spending the term under Prin. Allan's tuition.

Postmaster McKenzie and Mr. John Fifth have been both very low during the past week. The latter is somewhat better at time of writing.

T. H. Blacklock, late principal of Dundak Public School and J. Gibson, Fisherton, have bought the Chesley Free Press.

A SEND OFF.—The Presbyterian church, to-night (Wednesday) will have a farewell word with Mr. A. D. Galbraith, who leaves in a few days for Idaho.

We have received the annual report of the Fruit Growers' Association, which to lovers of Flowers and Fruit, and especially to fruit growers must be an interesting volume.

LE JOURNAL.—This is the name of a French paper published in Chicoutimi, Quebec, a copy of which kindly sent by Rev. J. L. Campbell, who was a probationer here, has drifted to our office. As our French education was badly neglected, we intend to call on our better half to reveal its secrets.

Several of our exchanges have of late been naming different postmasters as being the oldest in Canada. William Buchanan, of Williamsford, has a claim on this distinction, having held the position of postmaster continuously since 1843-56 years. This is two years better than any yet given.—Chatsworth Banner.

GARDEN PARTY.—Mr. B. Warner's beautiful grounds, beautifully lit by electric light presented a pleasing picture Thursday evening last to the large number who were in attendance. The tables seemed to be constantly surrounded, and the waiters were very efficient, while the booth was well patronized. There was no formal program and disappointment was felt at the unexpected absence of the band. Proceeds about \$45.

The Rev. James Buchanan, M. A., of North Pelham Ct., lectured in Priceville on the night of August 22nd on the Subject "The waking Giant and his future." The Reverend gentleman kept audience intensely interested for an hour and a half as he vividly described Canada as it is, and as it may become. Mr. Buchanan has spent ten years in the West and is thoroughly conversant with the resources, the problems and the people of that great country.

SUGELY HOUSED.—Mr. J. Kress on Monday last completed the removal of furniture, etc. to the fine new store he has built in the Calder block. We had the pleasure of a look through the ground flat the other day, where excellent possibilities exist for a fine display of Mr. Kress' elegant stock of plain and fancy home furnishings. Here Mr. Kress hopes to meet his many customers with more comfort than was possible in the old building. In fact comfort enters very largely into Mr. Kress' reason for removal, as he was doing a good business at the old stand, where for forty years or more he or his father have conducted business. We wish for Mr. Kress and family in his new store and home prosperity and happiness.

PICNIC.—The Presbyterian picnic held in T. McGirr's grove on Thursday last was voted a great success. Six densely packed loads in livery rigs besides five or six private conveyances, some of whom ran several trips, conveyed the children and a goodly number of the elders to the spot, where swings were soon agoing, and provision made to dispense the contents of the numerous baskets. This was successfully accomplished, and the tea kindly prepared by Mrs. T. McGirr, was the best ever seen at a picnic, and the way the lemonade disappeared it must have been good also. While a few of the more sedate enjoyed a game of quoits, the others took to baseball while a fine program of races, etc., for the children was carried out under the supervision chiefly of R. MacFarlane, Jr. The hours sped happily on, the weather behaved well and the return journey was thoroughly enjoyed, though perhaps Druggist Jas. R. Gun had rather more work than play in the running of six trips to and fro.

Jeweler Gordon is having the old business front of his residence modelled to residential style. Mr. Geo. McDonald is doing the work.

MIXING.—We give space this week to a letter from Mr. J. W. McKinnon well known in the east of this riding on the great work going on in the far West. It is a warm and readable account of the new country and we thank Mr. McKinnon for his interesting letter.

The Messrs. McKechnie removed the plate glass from their store on the old Woodland corner last week intending to utilize it in their new store, but a mistake in measurement may prevent this being carried out.

CRICKET.—Durham cricketers went to Palmerston on Friday last to play a return game with the team of the railroad town, and came home with victory against them to the extent of an innings and a run. It must be said for them however, that some of their best players were compelled to be absent, or the result would have been different.

The Fall Term at the Northern Business College, Owen Sound, opens on Sept. 1st. Students may, however, enter at any time during the year. The N. B. C. has a record unrivalled by any other college in Canada. Principal Fleming knows just what business men require and trains young people in correct business ways. Catalogue sent free.

It is seldom that a person attains to the age of one hundred years, but such is the age of the late Mrs. Henderson, who departed this life on Aug. 17, at her home in Holland Centre. Mrs. Henderson was the oldest person in Holland, and was for many years a resident of the township. The remains were interred in McLean's cemetery on Saturday.—Chatsworth Banner.

11000!—Such is the number reported to have entered Manitoba by the C.P.R. from these Eastern provinces during the past 10 days. Letters back are arriving reporting such a demand as to cause a speedy scattering of the harvesters. So far the weather has been delightful and one-third of the harvest at least is assured; with a week more of good weather a harvest "greater than has been" will be a certainty and the western prairies will receive many new inhabitants as a result.

EBENEZER.—A social got up by the members of this appointment on the Town-line Glenelg and Egremont, came off last week and was quite successful. The object was to secure funds for the renovation of the church. Rev. D. L. Campbell, Rev. Mr. Sharp, Durham and the Pastor made addresses while music was furnished by part of the Dromore Choir. On Monday evening a social was held when the program, consisting entirely of music furnished by a home choir organized on the spot was rendered well for the first, also by Mrs. Humphreys & Miss A. James, by the Misses Hooper, and by Humphrey, Sr. Proceeds of both about \$20.00.

HOTEL OPEN NIGHT AND DAY.—Rules for visitors—Board, 50c per square foot. Meals extra. Guests are requested not to speak to the dumb waiter. Guests wishing to get up without being called can have self-raising flour for supper. Guests wishing to do a little driving will find hammar and nuts in the closet. If you're fond of athletics, and like good jumping, lift the mattress and see the bed spring. Baseballists desiring a little practice will find a pitcher on the stand. If the lamp goes out, take a feather out of the pillow; that's light enough for any room. Anyone troubled with nightmare will find a halter on the bedpost. Don't worry about paying your bills; the house is supported by its foundations.—Exchange.

A SORE AFFLICTION.—Mr. and Mrs. John Clark, of Aberdeen, were called upon last week to endure a heavy cross, when two of their little ones died within a few hours of each other from an acute attack of cholera morbus. Only those who have been similarly afflicted can realize the acute wrench to human heart-strings implied in the loss of children. They were ill for but a short time, the elder, Elsie, aged 2 years and 2 mos, dying at 11.30 p. m. Thursday, and an infant daughter of 7 weeks 3 days following 4 hours later. The two were laid to rest in the Rocky cemetery, in one grave, on Saturday, a large number of friends by their presence testifying at once their sorrow and respect. Rev. Mr. Graham conducted appropriate and touching funeral services assisted at the grave by Rev. Mr. Little, Chatsworth, their old pastor. Mr. Little had heard of the deaths in time to jump on his wheel and be at the grave, a touching testimony to his warmth of heart, always ready to share either sorrow or joy. We join with the rest of the community in extending sympathy to the sorrowing parents. Mr. Clark's son was also very ill but is now happily out of danger.

### PERSONAL MENTION

Miss Aggie McRae returned to Hamilton on Tuesday.

Mr. A. McKenzie, Jr. Buffalo is home to see his father in his severe illness. Addie Meredith left for British Columbia last week.

Mr. and Mrs. H. Parker left for Toronto Tuesday morning and will be away until next week.

Rev. Mr. Heyland, of Knox College, was licensed by Saugeen Pres. at Mount Forest on Monday and a hearty call from Woodland & Co. was presented him.

Mr. Walker, of Newburg, has been engaged by the Trustee Board as Model School assistant for the Fall term.

Miss Nettie Brown left Friday to visit her brother James in Owen Sound. Archie came from there this week and is assisting in the Chronicle office.

Miss Tillie White returned from Priceville Saturday last, after spending two or three weeks pleasantly with her many friends.

Mrs. Davey Toronto, nee Lizzie Whitmore and children visited Mrs. C. McArthur and other friends here and near here last week.

Mr. D. Campbell, liveryman, has bought the Smith Foundry property, and Mr. Smith will reinstate the Foundry in the old Cochrane buildings which he now owns.

Rev. Mr. Ferguson has been spending few days in Southampton, his former pastorate. Mr. Brethour, High School teacher of Mount Forest, supplied his pulpits last Sunday.

Miss Lottie Beaton accompanied by Mrs. Irwin left Tuesday for Toronto where she will be the guest of friends and enjoy fair and fair time at her leisure.

Mrs. J. H. Hunter arrived at the "Hedges" on Monday night in time to see her son, James A., who left next day by C. P. R. rail and lake route for the west.

Rev. Mr. Burns, Bentinck, father of Pastor Burns, of Mulock, leaves this Wednesday morning for Listowel and other places, and has bidden good bye to Bentinck.

Mrs. Whelan left Wednesday morning for Toronto, Niagara and Stonyville on a visit to relatives. Miss Scott who has been visiting here accompanied her to Toronto.

Mr. Irwin, Heatheote, brother of the editor visited here last week and left for home at the beginning of this week, accompanied by his sister, who has been the guest of her brother here for a week or two.

Pleased to have a call this week from Miss Alla Patterson, of Flint, Michigan, who has been rusticated for several weeks in Glenelg and Durham. She returns on Saturday to her home. Alla was for several years a member of the Review staff.

Mrs. John McKelvey leaves for Toronto this week and will be the guest of her son, George, during exhibition days. While there she will also meet her son, Angus, who is down from Temiscaming in charge of an exhibit of the productions of that new northern country.

### WM. LAIDLAW

Mr. Kelly purchased lately the old Moody property at the foot of the hill, one of the best residential sites in town.

Dr. Park and brother, James, came home this week from a fine pleasure trip through the Thousand Islands, and by lake and river to Montreal, Quebec, etc. They also visited the great shrine of St. Anne de Beaupre, saw the famous relic and formed conclusions that the commercial instinct of the natives is highly developed.

Rev. Wm. Morrin B. A., Toronto, will preach in the Presbyterian Church on Sabbath next. A meeting of the Kirk Session is called for 10 a. m. on Monday, and of the congregation for moderation in a call at 2 p. m. same day. Rev. D. L. Campbell, the moderator, of Dromore, would like full meetings.

Mr. James A. Hunter left on Tuesday morning on a visit to his brother in Minneapolis. "Harry" has been conducting a land agency with great success in the flour city and recently made a sale of 240,000 acres upon which he expects to realize or has realized a handsome figure.

### The New Knapp House And Other Matters.

Such we may call it, for no change made by the enterprising proprietor Mr. Con. Knapp, and he has made quite a few, has so altered not only the house, but also the appearance of the corner and the street, as has the addition of a third storey to the old and well-known hostelry. Mr. Knapp's accommodation will now be ample and first class, and when finished, as we understand it is to be by brick veneering, above and below, the building will be an ornament to the town as well as a credit to its proprietor. Mr. George Moore had charge of the change and with 10 carpenter assistants he razed the roof and raised the storey (funny language ours) in one day, Monday, and to-night, Tuesday the roof, a fine metal one, is on.

In due time Mr. McIntyre intends to place a fine building on his corner and we hope to see the fine Stewart Corner also developed before long.

The citizens, many of them, treated themselves last year to fine sidewalk, and the enterprise being shown in many quarters this year betokens a determination to maintain our town as a thriving business centre.

The coming fall and winter we have no doubt will witness a very large farmer trade, and we trust our enterprising buyers are preparing to meet it with just such inducements as will retain to our town the trade which naturally belongs to it.

With our merchants keeping first class stocks of goods, and selling at living profits, our buyers giving thoroughly honest weights, (for which they are famed), and the highest market price for all commodities, our mechanics turning out work not excelled anywhere for the facilities available, our farming population should find here inducement sufficient to supply all their needs.

There is an inter-relationship between town and country by which each to the other is profitable if all dealings are conducted in strict integrity. The inter-relationship implies duties on both sides also, the neglect of which recoils on both parties to their disadvantage.
