MINING IN B. COLUMBIA.

A Sketchy Account of Western Mining Camps by an old South Grey Boy.

on the Crow's Nest Road and certainly | rapidly at exorbitant prices and at fat to a tenderfoot it was not a pleasant profits to the real-estaters. Mining one. A great deal has been said reand changed hands at good figures. Nest during its construction. The to the present, with the usual depresgreater part of which I am sorry to say is true. The grievances were caused mainly by persons being placed in positions through a red tape to \$30,000. Strong companies are connection, that was far in advance of established and they have branches in the valleys around Grand Forks and

Last February I left the Crow's Nest and came to Nelson via. Kootenay, that there will be three towns in the succeeded in attracting the attention of the real property of the re on which there is a number of nicely Boundary Creek country—Greenwood, the world to the valuable mineral greater amount of work he will do. the metropolis of the Kootenays, and summit, Greenwood to the west, and promises to be the best town in B. C., Grand Forks to the east, both in valleys several hundred feet lower and though it has never experienced a distant 9 and 17 miles respectively boom. The mountains here are very from Eholt. high and rugged, and at this season | Eholt is a new town-site situated at |

Greenwood through Idaho and Wash- higher than even the highest point on the main line which is Ebelt and land count not steep. She finally discovered the main line which is Ebelt and from Greenwood sixty-fives miles, and over that distance we had to take a ant of these mines having shipping night, and with two bottles, has been abobliged to walk up the mountain sides of which there was not a few,

Twenty-eight miles from Greenwood we passed through a little town called Grand Forks which has bright promises in store, having as its support valuable ranches, valuable for any person to think other than that mineral prospects and a smelter which mines equal to any yet opened up will is in course of construction.

town known as Columbia. Here is an in values found with sinking. example of the injustice shown by the man who has penetrated into the mediate neighborhood which means great amount of it is concentrating. a few paltry dollars to the railway corporation, in some cases ruin to the merchants in the old town, and a general feeling of dissatisfaction and un- struction which will not by any means certainty in the surrounding district be the only one, a half dozen we may as the strike between the two places expect will be required to handle all goes on, one with the advantage of being first established and the other great future in store. Large towns with the influence of an immense cor- will spring up and grow into cities, poration at its back which results and situated as it is, Eholt will not be in a year or two's delay in the general | the least among the greatest. development of the surrounding country which is a very potent factor in a Forks, is expected to be treating ore by says they don't need any.

mining country. This is an evil that January 1st, with a plant of 500 tons should receive the attention of our capacity daily, but that will only be a Canadian government.

the deep valley of the Boundary Creek, everybody hopeful and full of business with their fortunes in sight. I had my first experience in B. C. Real estate was changing hands sion caused by the miners being in the 'hills" at this season of the year.

Bank of Commerce and Bank of Montreal with which to do business.

present a desolate appearance, but to the junction of C. W. R. R. and the and that too by a lady in this country. the miner's eye they are precious branch line leading to Summit and Greenwood camp, the principal camp jewels because they contain valuable Greenwood camp, the principal camp of the Boundary district. The mines mines among which is the Silver King. | of the boundary district. The mines and death seemed imminent. | in these camps will consequently be | For three months she coughed incessantly, From Nelson I took a ticket to tributary to Eholt as they are so much higher than even the highest point on and could not sleep. She finally discoverthe main line which is Eholt, and a bo'tle of Dr. King's New Di-covery for therefore cannot be tapped at any Consumption, and was so much relieved other point. Among the most import- on taking first doze, that she slept all ore are the B. C., Oro Devoro, Stem | solutely cared | Her name is Mrs. Luther Winder, Ironsides, Knot Hill, Brook- Lutz. Thus writes W. C. Hamnick & Co., lyn and the Emma and a score or of Shelly, N. C. Trial bottles free at more of others that have long passed our Drug Store. Regular size 50c and the prospect stage.

On the north side of the railway up Pass Creek, within from one to four miles from Eholt are many valuable prospects. It would be unreasonable be opened in this section of the country, as shown by the big ledges open-Adjoining Grand Forks is a railway ed up and the wonderful improvement

As a matter of fact the Boundary railway companies to vested interests Creek country is all right. All it rein this western country. Because the quires is proper development which is well underway to commence, as a heart of this rough country, and has interested. It must be borne in mind number of capitalists are becoming done all in his power to open it up and that the Boundary is as yet in its ininvested capital in a place that may fancy. No great depth in any of the become something or nothing, will mines has as yet been attained. But not divide his property with the rail- depth. The ore is low grade and way company when they come along, strictly "a smelter proposition," but they boom a town site in the im- large bodies are encountered and a

> When we consider the number of mines just opening up, the railway almost completed through the country, and the first smelter in course of conthe ore of the different companies, it the night. Who they were no one is obvious that southern B. C. has a knows.

small amount of the ore ready for treatment within six months. The B. C. Arriving at Greenwood we found a alone has \$1,000,000 worth of ore in very busy little town with a popul- sight, and the Ironside is said to be ation of perhaps 1,500 and situated in worth more than the Le Roy of Rossland before they shipped, and many of the mines mentioned above will be equally as good.

The amount of work recorded in the Kettle River mining district which is only a portion of the Boundary, since January 1st on "Wildcats" and prospects, represents \$65,500, and the Midgarding the atrocities on the Crow's This state of affairs has continued up you may look forward to an empire of way division about the same. So sir, mines springing up in southern B. C. A considerable amount of timber, such as fir. spruce and cedar, is found in the druggists. valleys of the Boundary district, quite Greenwood has many fine build- sufficient for all building purposes for some time hence.

their ability. This is an evil frequent- of three banks, viz.: Bank of B. N. A., at Midway forty miles further west. Garden vegetables are grown with fair
