

Words From the Heart.

A Nova Scotian Farmer Tells how He Regained Health.

He Suffered for Years From Kidney Trouble, Sick Headache and Rheumatism—Although Advanced in Life He Has Found a Cure.

(From the Enterprise, Bridgewater, N. S.)
Solomon Meldrum, Esq., of Upper Branch, Lunenburg Co., N.S., is a gentleman of Scotch descent, and well known throughout the county. He is an agriculturist of repute and is prominent in the local affairs of the Baptist denomination. Referring to Dr. Williams' Pink Pills, he says: "I consider them a most wonderful and beneficent revelation in the realm of medicine. Previous to using these pills some two years ago, I had suffered for years from kidney trouble and rheumatism. Many a time had I been so bad that I could do nothing but endure the pain and pray for physical deliverance. My advanced age, being nearly 70 years old, made a cure look almost impossible, humanly considering, in a case of such long-standing but, thanks to the Lord and Dr. Williams' Pink Pills, I am here to-day in excellent health, with scarcely an ill feeling to remind me of my sufferings. Something over two years ago I read of the wonderful cures attending the use of Dr. Williams' Pink Pills. I thought if these testimonials are true it is possible the pills may benefit even me. I bought six boxes first, used them strictly as directed, and with the Lord's blessing they did me much good. But my ailments were chronic, deep-seated, and I am an old man. The cure was not complete, and I got twelve boxes more, with all faith in the result. I only had to use six boxes of the second lot when I found myself quite free from kidney troubles, rheumatism and all other bodily ailments, except the disability incidental to persons of my advanced age, and even these were in a measure relieved. I may add that for a long time before I used the pills and when I began their use, I was the victim of the most distressing attacks of sea-sickness in extreme violence being not a whit more distressing. These attacks came on once or twice a week. After taking the pills, the attacks became less frequent and less troublesome and finally ceased almost entirely. My son who lived at a distance, took the remaining six boxes and seated to me that they did him much good. This I do know, that he looked much fresher and appeared in better spirits. Believing as I do, that an over-riding power suggests to mortals all the wise and beneficial thoughts and inventions which operate to improve our race, and ally and cure our suffering, I say again that I thank the Lord and Dr. Williams' Pink Pills for my prolonged life and present good health.
Dr. Williams' Pink Pills cure by going to the root of the disease. They remove and build up the blood, and strengthen the nerves, thus driving disease from the system. Avoid imitations by insisting that every box you purchase is enclosed in a wrapper bearing the full trade mark, Dr. Williams' Pink Pills for Pale People. If your dealer does not keep them they will be sent post paid at 50 cents a box, or six boxes \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

Tidal Waves and Air Pressure.
The so-called earthquake or tidal waves that are frequently noted along the coast near Sydney, N. S. W., are found by H. C. Russell to be mostly traceable to low atmospheric pressure. The period, about 26 minutes from crest to crest, is that of earthquake waves. Mr. Russell has proved, however, that only 1 per cent. are produced by earth disturbances, while 60 per cent. are due to low pressure areas, which cause the sea level to rise, with currents along the south and east coasts that meet in Bass Strait, producing waves that affect the Sydney and Newcastle tide gauges.

To Retain One's Beauty.
Don't roll your eyes up into your head as if they were marbles; a fine pair of eyes will be utterly ruined by this operation.
A girl with a pretty mouth will purse it into the peevish pout, and continue the habit until many lines form about the lips, and the once lovely mouth has to be put into the hands of the beauty doctor.
Nearly every woman bites or sucks her lips.
Others contract the brows and produce two furrows between the eyes.
Others wrinkle the forehead with frowns.
Others perpetually wear a tip-toed nose.
It must be remembered that a truly expressive face does not consist of a set of features hung on strings or wires.
Do cultivate placid features.

Poor Bobby! Poor Papa.
Bikins was seated in an easy chair enjoying his paper, while his wife was busy with Bobby, the 4-year-old son of the household, on the floor, was fighting a battle with tin soldiers. Presently the little fellow exclaimed, "Mamma, won't you please tell me a fairy story?"
"Mrs. Bikins, 'Go and get your papa to tell you what detained him down town so late last night. That will be a fairy story.'"

CARE OF THE HUMAN BODY.

Teeth, Hair, and Complexion Preparations.

ADVICE THAT IS WORTH HEEDING

The following toilet hints are given by Dr. Gordon Stables in the Young Woman: "A tooth, remember, is a far more delicate instrument than many may be aware of. Its strongest portions are a kind of bone covered with enamel; it has a cavity containing pulp, and up through the centre of each root runs a nerve and an artery, the latter to feed the tooth and keep it healthy; the used-up or deteriorated blood is returned by a vein. As far as beauty is concerned, the enamel is of most interest. It is most beautiful in the young, but with care may be retained white for a long period. It is destroyed by powders that scour it, such as sand composed of cuttlefish, etc. I commend a mixture of charcoal and prepared chalk, or chalk itself, or charcoal. This latter is the best of all tooth powders for whitening and disinfecting. A little borax mixed with prepared chalk is very good. It should be rubbed up in a small mortar, with a tiny dust of carmine, enough to give a pink shade, and a little powderedorris root. It is elegant and safe and beautiful. An ounce of tincture of myrrh, three to five grains of burnt alum, and half an ounce of borax, dissolved in one pint of water, after shaking it well, and pour off the top. Used on the tooth-brush. A hollow tooth cannot be too soon stopped. Only a dentist can do this. Gold is the best filling.
THE HAIR.
For Scurf in the Hair.—I am in the habit of recommending this: Vaseline and lanoline, of each a dram, a dram and a half of purest sulphur, two drams of glycerine of borax, and benzoin, of each one dram; add a little essence of bergamot, and mix well. Apply a little to the roots of the hair every night.
Sampsonated spirits may be used to damp the hair with for dandruff, and this will also promote its growth. The hair can be washed with lukewarm water and a little ammonia, or with a weak solution of a new-laid egg, mixed with a little warm water first, into the roots of the hair.
If your hair is falling out use this: Rum, five ounces; spirits of wine (not the strong), one ounce; rosewater, four ounces; tincture of cantharides, one dram; and carbonate of ammonia, one dram. Rub well in, and after, say, twenty minutes, use the egg wash, finishing with filtered rain water.
Filtered rain water should be always used for the face when procurable. Keep a tin of it well corked and some eau de Cologne added.
LIP SALVE.
Here is a delightful lip salve: One ounce of white wax, two ounces of almond oil and a dram of alkali; melt together, keeping it in a warm place and stirring occasionally till colored, and stir in about five drops of otto of roses. You need not make so much as this at a time.
FOR THE COMPLEXION.
I should remind you that you cannot have a good complexion if either stomach or liver is out of order. Get your liver first. Do not depend upon powder and paint for complexion. The Greek girls are as pretty as any I ever saw; but have seen a woman here a perfect host at thirty—high cheek bones, yellow, wrinkled skin, eyes like a barn owl, and straggling thin hair. They begin to paint when very young—make cheeks and lips like roses, touch the temples with blue, and darken the edges of the eyelids and eyelashes. They powder plentifully also. Hence the hag-like appearance that comes to some on soon after they are out of their teens.
I may mention that what a young woman drinks has an effect for good or bad on the complexion. If she is her own friend she will take no wine or rich and heating sauces.
Here is a safe face wash: Orange flower or rose water, five ounces; a dram and a half of Frier's balsam. Put it on at night with a bit of sponge.
Rouge is simply levigated French chalk tinged with carmine. Face-white is this same chalk without the carmine, but finely powdered.

To Whiten the Neck.
When the neck and throat have become brown or yellow looking they may be whitened by the persistent application every night of the following paste, spread on a soft rag and wrapped round the neck: Honey, one ounce; lemon juice, one teaspoonful; oil of bitter almonds, six drops; the whites of two eggs. Add enough fine oatmeal to make a smooth paste.

DID NOT KNOW.

Plight of a London, Ont., Man.

Had Bright's Disease and Didn't Know It—Had Existed for Years, and He Didn't Know What It Was—Then He Found What It Was and Took Dodds' Kidney Pills.

London, Ont. 9.—Mr. G. E. Brady, 229 Talbot street, this city, feels that he is a lucky man. For three years he has been slowly sinking into a quicksand, deeper and deeper all the time and he was not aware of his danger. Mr. Brady had Bright's Disease. Bright's Disease is generally considered incurable—in fact there is only one known cure. It is a kidney disease, those organs decaying and neglecting to filter the blood. Well, Mr. Brady never found out what was the matter with him until the disease had run three years and eaten right into his kidneys. He was then brought to the quicksand. There was only one thing to save him. Mr. Brady found out what was the matter with him by chance. He read a remedial, but none more recent than the light one, in a paper and at once recognized his own case. Then came the cure. Again he was lucky. After trying for several months in vain, he read the right one, the only one that is a particle of use in Bright's Disease—Dodd's Kidney Pills which have never failed yet. Says Mr. Brady himself: "I have been troubled for three years with Bright's Disease and I did not know it until I read the symptoms in one of your papers. I tried several remedies, but none more recent than the light one, in a paper and at once recognized his own case. Then came the cure. Again he was lucky.
