

Balsam Valley.

Mrs. Donald McCormack is improving slowly and we trust she will soon be able to be around again.

Mr. Joseph Phillips has finished his term on H. Lamont's farm and has bought Tom Ferris' farm for \$2400. As Mr. Phillips is a hustler and a good farmer, we wish him success.

Joe Campbell is talking of moving to Klondike this winter with a full force of British arms to fight the Boers.

We expect to relate to readers before long about a couple of weddings on this line.

Threshing is all done in this neighborhood and everybody seems well pleased with the turn out this year.

We had a number of threshers in our midst this year, Highland Scotch, English and Irish. Of course it would not be wise to mention here which was the best, but everybody got warmed up anyway.

Misses Janet and Mollie Ferguson left for the city last week. One of the threshers will be lonesome now.

Mrs. Jewel returned home from Toronto accompanied by her mother and uncle.

Mr. Joseph Haw of Toronto, a former resident of this part is visiting at his brother's Mr. George Haw. Mr. Haw was a resident of this part when but a standing mass of bush, and he with a great many others hewed for himself a home, and now in his old age he has the pleasure of seeing electric street cars, horseless carriages and other wonderful inventions which have been devised since Mr. Haw first struck Ontario.

Mrs. Falconer of Owen Sound visited her parents Mr. and Mrs. Harrison last week.

Hopeville.

Rev. Mr. McDonald changed pulpits with Rev. Mr. Morrison of Conn on Sunday October 28.

November 1st was patronized by the Proton people in marriages for

Mr. Joseph Ferris, a prosperous young farmer here was married to a Miss McDonald near Priceville in Artemesia. There was a large wedding party but we will not state particulars as we expect to hear of it in the Review by the Priceville correspondent.

On the same day Mr. Charles McDonald youngest son of the late W. B. McDonald formerly Reeve of Proton, was married to Miss Ida Irwin, daughter of Mr. Robert Irwin near Dundalk. Mr. and Mrs. McDonald have settled down in our village.

Mr. Wm. Curry of Mount Forest spent a couple of days with his dogs and gun in this neighborhood last week.

The first sleigh bells were out on the road here on Saturday, November 4th. We had considerable snow.

Halloween passed off quietly not even as much noise or mischief as was done some nights ago that we were compelled to write about. We believe that the lesson given to some of the boys by the older heads has proved effective.

Mrs. Scarlett has returned home after a lengthy visit in Toronto and York County

Bismark's Iron Nerve

Was the result of his splendid health. Indomitable will and tremendous energy are not found where Stomach, Liver Kidneys and Bowels are out of order. If you want these qualities and the success they bring, use King's New Life Pills. They develop every power of brain and body. Only 25c at the drug stores. 2

ZION.

The people of this district have just got through threshing and we are pleased to report that the yield of grain is favourable in nearly all cases.

As usual it was the Bartley firm of threshers that rattled out most of the crop around here and they are hustlers. They usually average one thousand bus. of grain per day.

One of our young fellows who spent a season in the North West last year, now turns his steps direct west. Well it is a nice place to go to and scarlet is fascinating especially to those of English descent.

Another of rather stout calibre is often seen wending his way east, while another looks lonely and wonders if the fairest of ten thousand and the altogether lovely will ever visit these parts again.

Mr. Sam. Edwards put in a few pleasant days on a visiting trip since we last wrote and we sojourned believe something will yet come out of these trips especially as they are getting more frequent, why shouldn't they have a happy and very suddenly some of these days.

Schools like postoffices are awkwardly placed around here, in some instances the children have to go a distance of three miles. Of course this is an impossibility when the roads are blocked as they often are in our long winter. This fact has caused Mr. Thomas Jack to rent the farm of Mr. Townsend near the Townsend lake. The little Jacks will have every chance of learning now as that farm is close to school.

NORTHERN Business College OWEN SOUND, ONT.

Has opened for Fall Term with a good attendance. Students however may enter at any time as our instruction is largely personal. This is an excellent time to begin studies at the Northern Business College as it is held on in the course before the majority of students enter at the beginning of the year. There is a library of reference books and two of our teachers are graduates of the Institute of Chartered Accountants of Ontario and two of our teachers are graduates of the Institute of Accountants of Ontario. It is the best place in Canada to get a thorough Business Education.
