COUNTY COUNCIL.

(Continued from last week.)

Some discussion ensued as to the advisability of making grants to rural rifle associations in order to incite them to become expert marksmen. Col. Telford emphasized the importance of this, but he stated that so far as he knew there was not a suitable range around Owen Sound where the Lee-Enfield rifle could be used with safety. Messrs. Allan and Patterson said such ranges could be secured at Durham and Meaford. The Warden bespoke the Council's best consideration of the application for grants to the battalion and band.

A number of bylaws were passed. No. 577 appointed Commissioner Allan and Mr. John McDonald, of Sydenham, the Board of Judicial Audit, salary \$3 per day; No. 578 appointed R. McNight and Thos. McCarroll Trustees of Collegiate Institute and Meaford High School respectively; No. 579 appointed C. A. Fleming and Thos. Hanbury, of Dundalk, County auditors at a salary of \$40 each.

Mr. Gordon read a letter from Mr. A. F. Wood, ex-Warden of the County of Hastings, a gentleman who was deeply interested and had great experience in roadmaking, stating that he expected to arrive in Owen Sound on Thursday noon and would be at the service of the Council for the convention in the afternoon.

Mr. McKinnon said his committee had endeavored to make arrangement for a shorthand report of Mr. Wood's and Mr. Campbell's addresses, but had hesitated at paying \$10 or \$15, which he had been given to understand it would cost.

Some discussion took place as to whether the convention should not be held in the Town Hall, but it was decided that the Court House would accommodate all and the Reeves might feel more at home there, and be more ready to express themselves than they would be in a larger place.

Mr. Richardson moved that the Warden be authorized to pay Mr. Wood's expenses to the convention.

Mr. Allan said if this were done the Reeves and others who attended the convention on invitation of the council were also entitled to remuneration.

Mr. Richardson said no, they were interested in good roads in this county, whereas Mr. Wood was entirely disinterested. There was no comparison.

Mr. Richardson's motion was carried.

Some discussion took place as to the program, Mr. Allan being opposed to having both afternoon and evening taken up in this way, as business would thereby be hindered, and important matters rushed through at the last. The matter was left in abeyance when adjournment was made.

THURSDAY FORENOON.

Report of Roads and Bridges was presented by Mr. McKinnon, considered in committee of the whole, and after a motion by Mr. Gordon with reference to reporting the meeting on Thursday afternoon was put to the meeting and lost, the report was adopted.

Messrs. Allan and Schenk moved the following resolution:—That each Reeve who attends the meeting of County Council on invitation to consider the good roads movement be paid their time and mileage for so doing at \$3 per day, and 10c per mile one way. The motion was lost on the following division: Yeas—Messrs. Allan, Schenk, and Watson. Nays—Messrs. Brigham, Brown, Frost, McKinnon, Paterson, Preston, Pringle, Richardson, Totten, Willisroft, Gordon and the Warden.

Council adjourned until 2 o'clock p. m. when the Warden was elected chairman and John Rutherford Esq., County Clerk; Secretary. There were present as delegates:

Artemesia—D. McTavish, Reeve; Thos. Kells and W. J. Bellamy. Bentick—S. Dickson, Reeve. Collingwood—A. Campbell and S. R. McKnight. Derby—Thos. Harness, Reeve, and W. Beaton. Egremont—Peter Dickson, Reeve. Euphrasia—John M. Davis, Reeve. Glenelg—Jas. Staples, Reeve. Holland—Wm. Hampton, Reeve. Normanby—Robt. Morice, Reeve. Osprey—W. J. Monahan, Reeve. Saravak—W. Pedwell, Reeve, and J. C. Griffiths and T. Ross. St. Vincent—N. Reid, Reeve. Sullivan—Jas. Thompson, Reeve. Sydenham—Neil McDonald, Reeve. Owen Sound—A. Reid, R. B. Miller, K. Webster. Markdale—M. Armstrong, Reeve.

The afternoon was occupied with addresses by Mr. F. Wood, ex M. P. P. of Hastings, and Mr. A. W. Campbell, Provincial Road Instructor.

In the evening Mr. Campbell gave another lengthy address, at the conclusion of which a number of the delegates expressed themselves on the road

question, most of them being adverse to a county scheme. Votes of thanks were tendered to Messrs. Wood and Campbell for their addresses, and to the delegates for their attendance at the convention, and adjournment was made at 15 minutes past twelve, midnight. (Continued next week.)

Their Business Booming.

Probably no one thing has caused such a general revival of trade at our drug stores as their giving away to their many customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable remedy, from the fact that it always cures and never disappoints Coughs, Colds, Asthma, Bronchitis, Croup, and all throat and lung diseases are quickly cured. You can test it before buying by getting a trial bottle free, large size 50c, and \$1.00. Every bottle

Balsam Valley.

The weather has been very cold around here for the past week and still continues so, but cold as it is the sound of the axes can be heard far and near.

O. Konold is engaged with Joe Campbell at present taking out logs Riverside.

W. Kinsman of Boothville paid a flying visit to Jim McDonald's one evening lately, and it is expected he will soon be again.

Mr. O. Konold met with a serious accident while working in the bush, he fell over a log and knocked his knee cap out of place, but with the help of a stick he managed to get home. Under good treatment we hope soon to hear of his recovery.

W. Kinsman is engaged with J. A. McKechnie at present. There will be no moss grow under their feet.

The home of Mr. and Mrs. Lamont was brightened by a young daughter. Mother and daughter are doing well.

The mill has been a success so far, large shipments of logs are daily on the move. D. McCannel is tail Sawyer and P. McDonald engineer.

O. and S. were visiting friends in Proton lately.

Mr. P. McDonald spent Thursday with the McCormick family.

Red Hot From The Gun.

Was the ball that hit G. B. Steadman of Newark, Mich., in the Civil War. It caused horrible Ulcers that no treatment helped for 20 years. Then Bucklen's Arnica Salve cured him. Cures Cuts, Bruises, Burns, Boils, Felons, Corns, Skin Eruption. Best Pile cure on earth. 25c a box. Cure guaranteed. Sold by our Druggists.

Dromore.

The severe cold weather in the past week has almost led us to believe that Moses Oates was entirely out of his latitude when he predicted a mild winter and only 18 days sleighing. Judging from what we had to stand last winter in the line of cold and what we have been experiencing the past week or so we have no need to go further west to see the thermometer register 20 below zero.

Misses Maggie and George Kennedy, of Toronto, who have been visiting friends here have gone to visit Mr. and Mrs. D. Ferguson, Proton, before returning to the city.

Miss J. Elatt, of Mt Forest is at present visiting her cousins Mr. and Mrs. J. M. Findlay.

Mr. Wm. Adams has got all the timber on the ground for a new barn which he intends putting up next summer.

We understand the managers of Amos church graveyard have engaged Mr. Stephen Boaks to act as sexton. This is a step in the right direction.

Next Friday evening there will be another meeting held in the school for the purpose of trying to form a beef ring and as this is the third meeting called for this purpose we hope all the farmers close in touch will try to be present. Beef can be obtained cheaper and better for the summer months this way than any other and it has been highly successful in other places.

We are again sorry to report that Miss Jane Bell is not likely to recover. Cancer of the Liver being the cause.

Last Sunday evening the C. E. S. held a question drawer meeting. The topic for questions being success and failures of the C. E. Over twenty questions were handed and answered we believe to the satisfaction of all, by Mr. G. Lathian and J. Snell. We would recommend this kind of a meeting once in a while to other societies who have not tried them as we believe them helpful.

Next Sunday the Sacrament of the Lord's Supper will be dispensed here and preparatory service will be held on Friday at 11 a. m. by the Rev. Mr. McDonald, Cedarville.

Again the messenger of death has visited us and this time removed from our midst another of the early settlers in the person of Mrs. John Small. Last Wednesday she was attacked with a paralytic stroke and on Friday morning she passed away to her long home. She was buried in Amos church graveyard Saturday afternoon followed by a large number of friends who came from far and near to pay their last tribute of respect to one whom they had always found ready and willing to help them in times of sickness and trouble. Mrs. Small was born in Haddington shire, Scotland, 68 years ago coming to this country in the year 54 and settled on the farm on the 19th con. Egremont where she died. In the year 71 she suffered the sore trial of widowhood and in 78 her son Andrew was taken from her by death. She leaves 3 sons and 4 daughters to mourn her loss who have the sympathy of the whole community.

Holstein.

Our annual meeting of the Farmers Institute was held on the 1st February. Although the weather was cold and stormy there was a large attendance out both afternoon and evening.

A lead of our young people went up on Friday evening to the residence of Mr. James Allen of Murdoch and spent a very enjoyable evening in games and other harmless amusements.

The service in the Presbyterian Church on Friday afternoon was conducted by the Rev. Mr. Reid, of Bethel and East Normanby.

The sacrament of the Lord's Supper was dispensed in both Methodist and Presbyterian churches on Sunday.

We believe that Mr. W. T. Petrie, James Swanson and Geo. Calder take an unusual interest in farming as all three attended the meeting at Ayton and we think that all men will soon be brothers when two conservatives and a reformer will drive one outter.

Mr. Wm. Johnston, of Glenroaden made a short visit to his sister Mrs. Wm. Walker last week.

Mrs. R. Crozier and Mrs. R. Prebble have been visiting their sister Mrs. Jas. Rodgers for a few days.

Mr. Thomas McNulty attended the funeral of his brother-in-law Mr. Thomas Allen of Varney on Sunday last.

Mrs. Thomas Brown has been confined to her bed for the last week, but we are glad to know that under the skilful treatment of Dr. Brown she is rapidly improving.

The Rev. W. J. Magwood is conducting revival services in his circuit at Orchard.

Priceville.

The social held at the Methodist parsonage, under the auspices of the Epworth League, on Wednesday last 31st January, was well attended. The evening was favorable, and everything was done by Mr. and Mrs. Humphreys to make the evening a pleasant one, and all present enjoyed themselves in a most fitting and becoming manner. The chair was occupied by Mr. C. C. James, who in his usual good manner filled the duties to perfection, and after delivering an able address to the audience, was presented with the following program, after partaking of the good contents of the baskets: Singing by the choir at intervals, solo by Annie James, speech by Mr. Blakeston. Instrumental music by Mrs. Sydney Blakestone, speech by Mr. Reiley, music by Miss G. McLeod, speech by the pastor Rev. Mr. Humphreys. Instrumental music by Mr. McCrae our new saw miller, duet by Mrs. Humphreys and Annie James, after which all joined in singing the national anthem, and then proceeded homewards.

The Rev. Mr. Matheson spent last week at the Alumni meeting at Knox College, Toronto and returned Friday evening.

Some of our citizens are suggesting that union concert or entertainment be held by all the fraternal societies in town at some future date in aid of the patriotic fund. We hope the good suggestion will be put in force. If so, we are assured that a large crowd will be in attendance for the purpose of giving their mite in aid of suffering humanity.

The Annual soiree will be held in the Presbyterian church in this village on Thursday evening the 16th Feb., when one of the largest gatherings of the kind ever held in Priceville is expected to take place, for the committees are bound to make it a grand success. Speakers, singers etc., are expected from distant towns to take part. All are invited to attend and get an extra good value for 25c.

Mr. and Mrs. John Graham of Boothville were visitors at the former's father D. Graham of this village on Saturday last.

Miss Mary Campbell of Swinton Park spent a few days with Miss McLean, South East Glenelg, last week.

Mr. McCrae our new saw-mill man is getting in a large quantity of logs for which he is paying good prices.

Mr. Donald McDonald, we are informed is engaged in S S No. 1, Normanby for the year.

The sacrament will be dispensed in Gaelic in the Presbyterian church on the 18th inst., preparatory services on Friday previous at 2:30 o'clock in the afternoon. English communion the following Sabbath 25th Feb. in the same manner as the former. Assistance expected at the preparatory services on both occasions.

We are having lots of snow now and the roads in some places are getting in an elevated position and rather uneven for traveling, but if they don't get any worse than they are there won't be much room for complaints. The mercury ranged from 15 to 20 below zero for a few days last week.

The sick in the locality are somewhat better, and the most of them will soon be able to be around again.

Excuse us Mr. Editor for trespassing on your columns so often, but as Priceville is always a new place, we feel it our duty to report accordingly.

Working Night and Day.

President Kruger once said with great bitterness; "It's not the English who worry me, it's those confounded (yerdome) Scotchmen. There would never have been any Uitlander difficulties if it had not been for the Scotchmen. A Scotchman would rather go without anything than his political rights." President A. Lincoln, strange to say, said pretty much the same thing: "First thing an Englishman wants when he strikes America is an hotel, an Irishman wants a uniform, a Scotchman a vote—and he takes the rest."

Natural Inference.

The following conversation took place between a 20th century youth and his 'pa':

Boy—Papa won't you take me to the circus?
Papa—No my son, the circus is the abiding place of Satan.
Boy—Say papa, he knows a good thing when he sees it, don't he?
