Improved Yorkshire Boat for service season of 1900, at lot 32, con. 9, Bentinck Terms \$1.—Wm. Cook.

NOTICE.—All parties indebted to M. Kress, are requested to settle their accounts by April 1st by cash or note.

Hanover School Board has carried a resolution that its minutes be furnished to the press as well as the Inspector's report.

Dress Goods. The new stock at The Big Store surpasses any thing ever shown in Durham. Call and look over the range of shades and different values.

LOST.—Between Durham and Edge Hill Sch. House, on Monday, March 5, an overcoat. Finder will oblige by returning to Mr. Geo. Ritchie or leaving at Review Office.

Lucas, Wright & Batson will close their Durham Office until the end of the Parliamentary Session at Toronto, after which time Mr. Batson will be at their Durham Office every Monday as usual.

Miss Wiggins is a pleasant speaker, fluent and graceful in language and delivery, and held the closest attention of those present.—Kingston Whip.—Miss Wiggins speaks under the auspices of the W. C. T. U. in Town Hall, on 27th inst.

One of those pleasant and interesting events that are constantly occurring, took place at the residence of Mr. James McComb, in Holland, on Wednesday, the occasion being the marriage of their eldest daughter, Miss Mattie, to Mr. Robert Nesbit, of Chesley—Chatsworth Banner.

J. A. Hunter of The Big Store has purchased a very handsome pair of horses from Mr. Robt. Ewen, Aberdeen. They are full brothers and are marked exactly alike, and when they are fitted up for the city market will no doubt bring a price that will do all credit to the way Mr. Ewen feeds his stock.

Mr. H. A. Hunter, of Minneapolis son of Mrs. Hunter, of Durham Ontario, who with her daughter, Miss Blanche Hunter, has been in town for the winter, was the most congratulated of its foreign representatives at the annual meeting of the Canada Life Assurance Company last week. Though the youngest of the branch managers of the Canada Life, he is the most successful of the new year.—Saturday Night.

OFF FOR LUMSDEN.—Mr. John D. Eweas was in town Monday looking after the car of goods he is taking with him to his western home. In addition to Furniture, &c., he is taking with him 4 good horses. Mr. Thos. Vasey is taking charge of the car while Mr. and Mrs. Eweas, and a number of others from this part have to-day or to-morrow for the west. The Review wishes them all a pleasant trip and success in their new home.

WESTERN ENTHUSIASM.—Late copies of Vancouver papers contain references to the leaving of the Strathcona contingent, couched in the warmest terms and showing a most effusive loyalty to the empire as represented in the sturdy volunteers. Amongst these the name of Geo. W. Ledingham appears, and the News-Advertiser, after referring to the "splendid specimens of manhood" particularizes by noting that "Ledingham is a native of Grey Co. Ont., and has been staying at the Golden Gate Hotel, and was last night presented with a handsome dressing case by his fellow guests." So Durham was not the first to honor the Dornoch Boy, and we feel sure will not be the last. "Cheer after cheer" "triumphant march," "Vancouver's best" are samples of the phrases used in describing Vancouver's magnificent farewell to Major Laurie and his gallant band.

A PRETTY MARCH WEDDING.—A quiet but pretty wedding took place on Wednesday, March 7th, at the residence of the bride's parents, Mr. and Mrs. Malcolm McQuarrie, when their only daughter, Miss Lizzie Henry, was united in marriage to Mr. Alex. Henry, one of Normanby's prosperous young men. The ceremony was performed by the Rev. J. G. Reid, pastor of the Presbyterian church, East Normanby. The bride was attended by Miss Lizzie Henry, sister of the groom, while Hector McQuarrie, brother of the bride acted as groomsmen. The bride looked very charming in a dress of steel gray silk trimmed with ivory duchesse lace and chiffon. The bridesmaid was dressed in gray ladies cloth trimmed with white satin and ribbon. When the ceremony was performed they all sat down to a sumptuous wedding dinner after which the happy couple left on the 8:15 train for Stratford, London and other points.

Big Stock of Ladies White Wear just opened at The Big Store.

Miss Wiggins is an able platform speaker, and she showed a firm grasp of her subject. The lecture was wholesome and logical in every respect, and a slight vein of irony and humor at the right time gave it zest.—Tilbury Journal.—In the Town Hall, Mar. 27.

Mr. Geo. Ledingham was "caught" last Monday evening at the station in Mt. Forest and was given a miniature celebration there also. Mr. Corley, sr. must have been deeply gratified to have privilege of sending a personal message with Mr. L. to his wounded son should the two soldiers meet. The papers were very favorably impressed with the Dornoch boy.

Rev. Jas. Farquharson, of Pilot mound, Manitoba, is expected to visit his brother at the manse, for a day or two this week. Should nothing prevent he will occupy the Presbyterian pulpit here Sunday next. Mr. Farquharson, comes east on an annual trip in connection with the mission work of the church, and, as his duties in connection with the various committees are quite onerous, his stay is necessarily brief.

You can always get good Table Butter at J. A. Hunter's The Big Store.

THE INVENTOR'S HELP.—A revised and enlarged edition of this valuable book has just been published by Messrs. Marion & Marion, the well known patent attorneys, of Montreal and Washington. It is a complete expose of patent laws, giving the cost of patents in every country, and how successful inventors have made money. The work concludes with "A word of warning to patentees," and "Hints on the sale of Patents"; the pitfalls in which an unwary inventor would stumble are pointed out. It is a trustworth guide to inventors and is sent by mail for the nominal price of ten cents.

Mr. Robert Watson, Jr. of Iserwood, Rainy River, is spending a week or two with friends here at present. We were pleased to have a call from him not only to brush up old association but to learn of his success and that of his family in their far away—though still in Ontario—home. As farmers, no milway do they want in that fertile valley, for with the mines near. Oats range from 30cts a bushel upwards. Eggs 31 to 40 cts a dozen and butter never less than 25cts a lb and often more. Mr. T. Whitmore, son of Mr. John Whitmore, Egremont, is reeve of the municipality. Mr. Jas. Hastie, is assessor, a number of the Stewarts of Normandy are nearby and all prospering. Mr. Watson, was in Toronto looking into the title of some land in the district near him. "Bob" is hale as ever, the years resting lightly on him as they pass, this reflecting the good stock he comes from for his parents are still wonderfully vigorous though they can look down on three generations.

PATRIOTIC DISCOURSE.—As announced last week Rev. Mr. McGregor on Sunday evening last addressed a full church taking as his topic the present British—Boer War. He opened by referring to well-known principles of British government, such as justice, liberty and equal rights for all, and showed at a later stage how all these had been violated by Boer leaders. In a graphic manner he sketched the first settlement of S. Africa by the Dutch, its transfer to Britain at the beginning of the century and the subsequent changes and "trekking" of the Boers to new fields. It was clearly shown that by conquest, by cession, and by missionary discovery Britain had first claims on the country, and the great "trek" of the Boers in 1835 from British territory was not in protest of British injustice, but because the decree had gone forth in 1833 that no slaves could be kept in British dominions. Even yet the natives are treated by the Boers as inferiors and animals, and no Catholic or Jew has any rights where their power prevails. The oppression of the natives brought on a native uprising and the Boer sought British help which was given, and the Zulus were crushed. British settlers and British capital were invited to the now protected state over which British suzerainty was retained and when the enterprise and diligence of these invited Britishers was commercially evident, keep a dynamite monopoly, and in every way make them simply a storehouse from which to extract money not for philanthropic purposes, but to buy warlike stores for a future contest with Britain. Kruger is a tricky, scheming fellow, according to Mr. McGregor, but his day is about over for British law and order would soon be paramount in S. Africa. The facts of the case as collated by the speaker clearly demonstrate the righteousness of the British cause.

Ireland & Co. have added lines of winter goods which they are selling regardless of cost. See Ad.

Mr. Brian, the efficient Secy. of the Farmers' Institute has a timely article in this issue on the selection of grasses for permanent pasture.

A. W. C. T. W. Day.—The local branch of this body have secured Miss Wiggins for Mar. 27th inst. She will speak with the local body and all sympathizers in the afternoon and address a public meeting in the evening. Miss Wiggins has almost a National Fame as an able and devoted exponent of W. C. T. W. principles.

The brethren of the Canadian Foresters had a very pleasant social evening last night at Bro. Knapp's, when after a sumptuous supper the usual loyal toasts were duly honored in song and speech. It was their annual reunion and the chair and vice chair was occupied respectively by Bros. Wm. Calder and J. L. Browne.

OFF FOR AFRICA.—The Strathcona Horse left Ottawa Monday morning and were feted in Montreal for several hours. This fine force sent by Montreal's famous citizen was royally honored, and if Strathcona had been there himself they would have crowned him. They leave Halifax to-day and will have the long ocean trip anyway, even if the fighting should be over.

\$48 FOR THE INDIAN FARMER.—On Monday afternoon Misses Mamie Hunter and Ella Laidlaw went out in connection with the Christian End. Society and collected about \$40. At the meeting in the evening a collection brought this up to \$48. The young ladies deserve great credit for this effort on behalf of a most necessary work, relief to famine, which is sore in the land, and its claims have been overshadowed by the patriotic fervor over war issues. When all has been done there will still be much suffering—and death. The list will be left open for a few days, and is in charge of Miss Wallace at the Telephone office.

GRASS SEEDS.

Editor Review Dear Sir.—I have been asked quite frequently for the list of grass seeds for permanent pasture as given by Mr. Glendinning at the Farmer's Institute meeting at Durham. I thought it might be useful to many of your readers to have that list, and so I make that my only excuse for asking for a little space.

The grasses are, timothy 3 lbs; orchard grass, 5 lbs; a disk clover, 2 lbs; white clover, 2 lbs; kentucky blue grass, 1 lb; and trefoil 4 lbs. in all 20 lbs. Timothy is a strong, hardy grass, tall and luscious, but rather poor pasture grass, orchard grass is deep rooted, always green, early and constant, grows bunchy, and is very nutritious and requires to be pastured pretty close. A disk is a biennial, but re-seeds itself, good for flat damp soils, is an early grass, but not good for fall pasture. White clover is a good nutritious grass, good for milk and flesh. It is almost a kind of clover, is a good pasture grass and stays in the ground. Kentucky blue grass is considered the best of all naturally growing grasses, but is deep rooted and keeps green the summer through and makes an excellent fall pasture. I believe that on a rough hard working field, it would be well to seed down with this mixture. I intend to try it this season and will be able to speak from experience. If sown with spring grain, the grain should be sown thinner than usual, especially oats. G. BINSIE.

FROM STRATHCONA'S HORSE.

Geo. W. Ledingham's Appreciation of Durham Friends.

We were much pleased on Monday afternoon to receive the following letter from Mr. Ledingham who sends a farewell word to the Durham friends for their patriotic send off.

Dear Friends Allow me to send you a few words to thank you for the kind way in which you treated me while on my visit to see the dear folks of Durham and Dornoch. I was very much surprised indeed at the warm reception, and more so indeed when the present was made to me of the handsome sum of \$50 in clear-bright gold.

It was all so unexpected that I was unable to make any suitable reply to the kind addresses that were tendered to me.

And the way in which the Band and Boys of No. 4 Co. came down to see me off, I felt I was doubly repaid for my trip even if I had not received the purse. I did not realize the amount till after I was in the train. I'm sure Durham will always be a bright spot in my heart and also in my thoughts and I hope I may have the good fortune when the campaign is ended to see you all again whom I shall always consider among my best friends and rejoice with you at the establishment of righteous British rule over the whole of S. Africa.

We expect to leave Ottawa next Monday morning entrain all the horses and baggage on Sunday after Church parade which takes place in the morning.

At Montreal we shall remain a few hours, parading there—having received an invitation from the city—proceeding the same night (Monday) on our way to Halifax where we shall embark almost immediately, the transport being under orders to sail on March 15th inst.

Again expressing my most sincere thanks to all of you for your kindness.

I remain Yours very sincerely Geo. W. Ledingham.
