VOL. XXII. NO. 12.

DURHAM, THURSDAY, MARCH 22 1900.

WHOLE NO. 1149.

Local and District News.

Honey 10cts a lb at the Big 4.

NOTICE.—All parties indebted to M. Kress, are requested to settle their accounts by April 1st by cash or note.

Mr. S. Arrowsmith, we are glad to hear is recovering from an indisposition which has confined him to the house for over a week.

To discontinue an advertisement, says John Wannamaker, Philadelphia's great merchant, "is like taking down your sign. If you want to do business you must let the public know it."

Miss Wiggins is a pleasant speaker, fluent and graceful in language and delivery, and held the closest attention of those present.—*Kingston Whig*.—Miss Wiggins speaks under the auspices of the W. C. T. U. in Town Hall, on 30th inst.

Lost.—Between Durham and Edge Hill Sch. House, on Monday, March 5, an overcoat. Finder will oblige by returning to Mr. Geo. Ritchie or leaving at Review Office.

Lucas, Wright & Batson will close their Durham Office until the end of the Parliamentary Session at Toronto, after which time Mr. Batson will be at their Durham Office every Monday as usual.

A. W. C. T. W. Day.—The local branch of this body have secured Miss Wiggins for Mar. 30th inst. She will speak with the local body and all sympathizers in the afternoon and address a public meeting in the evening. Miss Wiggins has almost a National Fame as an able and devoted exponent of W. C. T. W. principles.

FOREWARNED &c.—Taking a lesson from the experience of Markdale, Dundalk village council is about passing a by-law "prohibiting children from playing on the streets, lanes or highways, and also from climbing on sleighs and running behind wagons or vehicles in the Municipality."

AND NOW DROMORE.—On Friday evening, Durham Patriotic Club, assisted by local talent will give a patriotic concert in Russell Hall, Dromore. All should go, not only from a patriotic motive, but to hear and see a really first class presentation of patriotic pieces. "Tenting tonight" is worth going miles to see. Admissn 25c and 15c.

PASSED AWAY.—Mr. Jas. Hill, near the Town Line, Normanby and Bentinck, passed away last week, and was buried on Thursday. Deceased was a progressive farmer and very public spirited and was always a prominent exhibitor at South Grey Show. His removal is much regretted as he was highly esteemed as a neighbor and citizen.

The report of the Minister of Education for the year 1899 shows that there are 5,387 Public School in Ontario, an increase of 13 over last year, and 345 separate schools an increase of five. The salaries of public school teachers are decreasing. The average salary for 1899 was \$821 and for 1898, \$824. The profession is being monopolized by women. Last year, of the 8000 teachers, 5,869 were women, an increase of 123, and 2,056 were men, a decrease of 31.

FILLING UP THE COUNCIL.—On Monday night the two vacant places in the Council were filled. When the hour for nomination had expired Clerk Anderson had before him the names of R. Aljoe, A. S. Hunter, E. Lyman, T. Whalen for the two council positions, but as Lyman and Aljoe have resigned no election is necessary. The vacant Trusteeship caused by the retirement of Mr. Adam Robertson is filled by Mr. J. P. Telford. The Council now before Mayor Laudlaw is Messrs. Elvidge, Gorsline, Guthrie, Hunter, Livingstone, Whelan.

GOING WEST.—Again the exodus from Ontario has begun, and this week numbers of our young men are leaving for pastures new. Those we have heard of are: Messrs Adam Little, Varnay; Wm. Stewart and Jno. Torry, Orchard; Duncan Beaton and his cousin Miss M. A. Beaton, Glenelg who leave by C. P. R. for Kamloops. Mr. Rich. Irvine is returning with a well-packed car after a few weeks spent round the old home. Mr. Robt. Watson Jr. left for Toronto, where his son Robert is, and will likely leave from there for Rainy River. Mr. John Morice will go west in about two weeks to fill a position he has secured on a western ranch, and rumor has he will go in good company. Mr. Alex. Mellvride, Brandon, who has been home for a few weeks will also be returning west soon and may be accompanied by his sister Jessie. Those returning are all proud of the West, those going are all hopeful. We wish them all much success.

Mr. John Jack, Jr., is we regret to learn, seriously ill with diabetes.

Miss Williams, evangelist is holding a series of successful meetings in the Methodist church this week and next.

Master Frossard Benton, is round with a children's 10ct. subscription list to the Patriotic Fund, and is succeeding well.

Sorry to hear that Mr. Arch. McKinnon has been for a month in Sault Ste Marie Hospital with typhoid fever. He is now recovering.

Miss Wiggins is an able platform speaker, and she showed a firm grasp of her subject. The lecture was wholesome and logical in every respect, and a slight vein of irony and humor at the right time gave it zest.—*Tilbury Journal*.—In the Town Hall, Mar. 30.

There appears to be a growing sentiment in this Province in favor of abolishing the statute labor system in vogue so long. Thirty-three townships are reported to have decided against the system the last three recently added being Orillia in Simcoe, Osborne in Huren, and Blanchard in Perth.

A man's home paper is worth more to him than any other because it gives him more facts and local news, besides always working for the best interests of the home community. When you subscribe for your home paper and pay for it, you increase the editor's ability to work for the development of your community.

A FAR-TRAVELLED LETTER.—Mr. R. Cochrane received a letter last Friday with a record. It was mailed at Ceylon (Flesherton Station,) early in February and as it contained two five-dollar bills was duly registered. For a month it was wandering seeking for "Durham, Ont." On reaching Durham it was endorsed by the Hamilton postmaster "received by British Mail." Sure enough the letter had been across the Atlantic. The enclosure was all right however. Query: ???

A FAMOUS LECTURER COMING.—On Friday evening, Mar. 30, Miss Charlotte E. Wiggins, one of the Provincial organizers of the W. C. T. U., superintendent of the "Y's" and an "Endeavorer" of Provincial fame, will deliver a lecture in the Presbyterian Church here taking as her topic one or other of the topics "Humanity's Battles," or "The New Patriotism." Miss Wiggins is very highly spoken of as a lecturer, and all should try to hear a lady who has wielded an immense influence in many good works. In the afternoon Miss Wiggins will also give an address in the church at 3 p. m. on "Child Culture in relation to Purity." A full attendance is requested. Collection at both meetings. Silver collection at the door in the evening.

A TIME FOR ACTION.—Last Saturday an employe of the Factory here was called to Hanover his sister being very ill. She died after a brief illness, the disease, the young man says, showing all the symptoms of Black Diphtheria. He returned at the beginning of the week and was about to resume work, when Mayor Laudlaw, incidentally hearing of the circumstances, decided, in conjunction with the Board of Health, to send the young man back as a measure of public safety. This has been done and Reeve Knechtel notified that Hanover will be held responsible for the outcome. Public sentiment will undoubtedly commend the Mayor for his vigilance. We have an extremely healthy town here, never had a case of typhoid fever except it had been contracted elsewhere, and rarely if ever have other infectious diseases obtained a foothold. It is not too much to claim that part of this result is due to an efficient Board of Health and vigilant officers.

PERSONAL MENTION

Miss A. L. McKenzie visited friends at Dornoch last week.

Mr. Will Swallow left last Thursday for Winnipeg.

Mr. Ross of Palmerston, was a guest at Mr. Alex. McComb's of town on Monday.

Mrs. Wm. Mountain spent last week visiting friends at Proton Station and Pricville.

Mrs. R. P. Legate, Ceylon, and son Robert, visited relatives and friends in town at the beginning of the week.

Mr. Thos. Milligan has been a sufferer for a week or two back with his old trouble but we are glad to hear he is improving.

Miss Susie McKinnon spent a week or so at her brother's of Fairwell Corner's, and attended the marriage of her school chum Miss Laura Runciman of Boothville.

Mr. Norman McIntyre jr., of Durham, passed through town on Tuesday on his way home from Seaford, where he has been looking after the timber business.—*Wroxeter Star*.

Master Willie Saunders, brother of Miss May, clerk in the Big Store, left for Rat Portage last Tuesday, to better himself and seek his fortune in that distant city.

FROST & WOOD.

Tuesday was a Frost & Wood day in town, and their pushing local agent here John Livingstone with his energetic assistant Dan Ferguson were busy men as they loaded upwards of 60 teams with handsome and useful new Machinery, the result of their efforts during the past winter among some of the most substantial and progressive farmers of the surrounding townships.

The articles were chiefly Binders, Mowers, Rakes and Disc Harrows. A large number of Drills did not arrive in time for the display. The teams and loads were grouped on the street north of the Hotel corner and photographed and without doubt they made an imposing display. We could not help wondering how many of these fine machines would find their way back as second hand truck before many years are over to the back yards of the agents through carelessness in treatment or exposure.

The firm of Frost & Wood is over 50 years old and stick closely to Smith's Falls, where their increasing business has compelled the erection of large additions to their buildings. At their annual meeting a few days ago reports showed that their volume of business for the past year was much in excess of former years. That they recognized Mr. Livingstone's delivery an important one was evident from the presence there of the General Manager Mr. Horsman, Gen. Secy. Walker, and other representatives of the firm were Messrs J and W. Richardson, W. Armstrong, and J. J. Allison.

The purchasers were hospitably entertained to dinner by the firm, dividing up between the two hotels down town. It is very gratifying to see the evidence of prosperity among our agriculturists, and we hope for all continued prosperity.

Weather and roads were very suitable much better than previous day.

Wearing Of The Green.

From the Queen at Windsor down to some of the humblest subjects, St. Patrick's Day was observed as never before. Shamrocks were never in such demand and the supply of Irish flags was everywhere inadequate. It is, in a sense, a revelation of the power of respected royalty that the example of the Queen should be followed so extensively in all her dominions. The moving cause, —bravery and devotion of Irish soldiers in the field—appeals of course to all readers, and to the Anglo-Saxon the contrast between the Irishmen in battle and the Irishmen in Parliament is another cause why patriotism is honored, and patriotism despised.

All Canadian cities vied with each other in hoisting flags. French, English, Scotch joined with Irish for once heartily, and will we hope continue to show a similar union. The spontaneity with which Great Britain honored the sister Isle by a touch of sentiment, may do more to break down barriers than a century of legislation: the "sweet little Shamrock of Ireland" may be a messenger of unity: the Irish harp may be attuned to a more joyful strain than for many a long day.

An Easy Lesson.

The Sun has received so many evidences of confused minds regarding the beginning of the 20th century, that it will present a proof that the 20th century begins after the year 1900 is set in the shape of at little conversation: Question—What is a year? Answer—Three hundred and sixty-five days. What is a century? One hundred years. When did the year No. 1 end? December 31 of the year 1. When did the No. 2 begin? Jan. 1 of the year 2. When did the year 99 end? December 31, A. D. 99. Did that complete a century? No. When was the century completed? At the close of the year following 99 or at the close of the year 100. When did the 2nd century begin? January 1 of the year 1 of the 2nd century, that is, January 1, A. D. 101. When did the 19th century end? At the close of the nineteenth hundred year, or at the close of 1900. When does the 20th century begin? It begins on day No. 1 of year No. 1 of the twentieth hundred years—that is, on January 1, A. D. 1901.—*New York Sun*.

The Big 4 has received a job line of Stiff hats that were \$1.50, up to \$2.75 each, you can have your pick for 50cts.

BORN.
