## Priceville.

The spring is beginning to make its appearance. The snow is disappearing fast. The fields are all bare with the exception of a bank of snow here and there along side the fences and such like. The warm rays of the sun accompanied by the cool breeze from the north during the latter part of March were not favorable in beautifying the complexion more especially those of us whose daily duties call us to be exposed to all kinds of weather.

All engaged in the tilling of the soil are making preparations to meet all the duties connected therewith. Some are preparing for sugar-making but not much done yet.

The first of April falling on a Sunday feeling was suspended to a certain extent for another year.

We were shown a new book just out by the Rev MacLean Sinclair on "The McLean Clan". The book is a good one and any one having a drop of the McLean blood running in his veins should purchase one. Willie McLeod attended the sale at his late brother's residence at Sunnidale on Friday the 30th ult. The sale went off well. Mr Neil McLean was initiated into the Workman Society at its last regular meeting. This was a good act on his part before taking his departure for his home in Montana. On Tuesday evening of last week about 80 of Mr and Mrs Malcolm Cameron's neighbors and well wishers, who had heard with regret of their intended departure to their new home in Botsman N. Dakota, took Mr and Mrs Cameron by surprise by invading their comfortable and spacious premises. Rev Mr Graham was called on to act as chairman and a really choice program of singing, music and addresses. The latter by some of the old pioneers who had stood shoulder to shoulder with their host and hostess in bearing the brunt of pioneer life and had known and respected them a little over half a century. An interesting part of the programme was the reading of the address given below by Mr D A Smith, after which a bounteous repast was served and a very enjoyable time was spent. Mr Cameron although taken by surprise thanked the company for their presence and well wishes and also for their gifts which he prized so highly.

To Mr and Mrs Cameron Dear Friends

The onward march of time and the perpetual current of events have brought us together on this the eve of your departure to the distant West. Language fails us in expressing our sorrow on this occasion that we are about to sustain by your removal from amongst us. In the church you will be missed as the Sabbath always found you in attendance at the house of prayer, as a neighbor you have been kind, courteous and obliging. We have found you a faithful friend in times of trouble and willing to do what you could to render assistance. Your many friends and well-wishers feel it their duty and esteem it a pleasure to show their good will and respect toward you. We therefore ask you Mrs Cameron to accept this far as a slight token of our respect and love to you, and to Mr Cameron we present this bible and book of praise hoping that their blessed contents may be your guide and light until death. We also ask you Mary to accept this album and Arenie and May these books of praise hoping that you will not look upon these at their value and that you will consider the good-will that is manifest by the friends you left behind in Ontario. We wish you each one health, prosperity and God's blessing in your new home, and should it never be our lot to meet again here below we pray that when time has compassed our existence on earth, we may all meet in our Father's home above.

Signed on behalf of the friends

She was greatly missed all last summer out of her place on Sabbath afternoons as she was a faithful attendant at Sabbath School and afternoon service. She was also a very industrious and saving young woman, and will be greatly missed at home. Much sympathy is extended to her brothers and sister.

## Glorious News

For three months she coughed incessantly, and could not sleep.
