Great Alteration Sale.

WE INTEND making Extensive alterations in the interior of our Store during this month. Contracts have already been let for taking down walls between our two stores, putting in new shelving, putting in a plate glass front in the Store, Plate glass counters, repainting and Kalsomining etc. How we are going to do all this work and carry on our business at the same time, we hardly know.

THIS WE DO KNOW

Our present stock must be very much reduced to enable the work to go on. The Carpenters, Masons, Plasters and Painters will be hard after us. We want to reduce our stock by two thousand dollars. Can we do it? We will, try hard and do our part. More about the store later on. Meanwhile gather together all the money you can and invest it in Dry Goods, as such an opportunity to buy first class Goods at Cut prices will not occur for a long time.

MILLINERY.

The special display of new Hats will be of the greatest interest to all lovers of stylish millinery. Their different designs, their color Combinations, their artistic effects, cannot but win admiration from all who visit our Showroom,
