Mr. D. McCannel, gave his parents a bad scare one day recently while working in the woods. He walked through the bush to examine a disc harrow he thought of buying and while thus engaged a thunder-storm came up and he remained for the night. Not so Mr McCannel who was in the bush most of the night. All's well that ends well, and the Scotch verdict applies "Not guilty, but don't do it again." He bought the harrow and speaks highly of it.

BACKS THAT ACHE.
Kidneys that won't do Kidney Work.
Durham Talk.
It is but a short time (counted by days) since Dr. Pitcher's Backache Kidney Tablets first came to Durham. It was said they were something entirely out of the common as a specific for Backache and Kidney complaints, and that they acted very quickly and made startling cures of cases that all other medicines had failed to influence. Durham people are quickly coming to the front to substantiate this statement. One of them is Mrs. John Kinnie, Main St. Durham, who relates her experience as follows,—"For some three or four years back I had interrupted attacks of kidney trouble with good hard backache whenever I over exerted myself. At the time of last attack I got a bottle of Dr. Pitcher's Backache Kidney Tablets at MacFarlane & Co.'s drug store and they took hold immediately and by the time the bottle was gone I had no trouble at all and I feel lively and smart again. In fact they acted finely."
If you have the slightest symptom of Kidney or Bladder trouble you can test this great medicine free. Arrangements have been made whereby every reader of this paper can obtain a trial package of Dr. Pitcher's Backache Kidney Tablets absolutely free by enclosing two cent stamp for postage to the Pitcher Tablet Co. Toronto, Ont. When giving address mention this paper.
If you are convinced Pitcher's Tablets are what you want, you can purchase regular size for 50 cents per bottle. If not obtainable at druggists, mailed free of postage on receipt of price.

Is that one. It occupies entirely a three story building, fitted up expressly for College work and separate from other buildings. The premises of most business colleges are unfit for study but everything is so that students can make the best possible progress at the "Northern."
