A careful study will make its ments fall into line.

cents in the townships now commuting. 37. Mildred J. C. Leeson, teacher. If statute labor is entirely abolished,

levy a rate on the assessment of the township to raise the money required. For road purposes, divide the town-

road divisions, viz., importance of roads, | Edge. Etta Henghan. Pt 2nd-Johnny works needed on them, benefit resulting Newell, Maggie Morton. Ist-Archie to the greatest number of people, Watson. Smith Ewen. C. Fletcher. amount of traffic, assessment, etc.

Appoint one township road commissioners, or, if preferred, one commissioner for each road division, to advise, consult with, and carry out the direction of the council.

The office of road commissioner should be similar to that of township clerk or

Councillors shall not act as commissioners, as they are subject to undue influence from ratepayers and their term of office is uncertain.

A general plan for road improvement should be laid down by the council for the commissioner or commissioners to follow.

This plan should specify the width to be graded, width and depth of road metal, character of drainage, etc., of all

Early in the year the commissioner should go over the roads to consider the

work to be undertaken, and report to the council. Work of construction, such as hauling gravel, ditching and drainage, building of bridges and culverts, should

be done by contract, and supervised by the road commissioner. No account for labor or material should be paid by the treasurer except

Minor work and repairing should be done by day labor, only the road commissioner being authorized to operate

the machinery. If a member of the council desires to interfere in any of these matters he should do so through the commissioner.

The same man and teams should be hired to operate the machinery for the entire season, or longer if possible, as they become proficient and do better work. This applies particularly to the operation of a road grader, or for the grader, a traction may be hired.

roll, to return quarterly to the council, caused horrible Ulcers that no treatment showing who had been paid and the helped for 20 years. Then Bucklen's Aramount, the re'l to be then filed for the | nica Salve cured him. Cures Cuts, |

Work should be divided as much as Druggists. possible among the residents of the township desiring it.

Work should be commenced with a definite end in view and continued systematically from year to year if necessary, until the entire road mileage has been brought to a proper standard."
