

Hopeville.

It is some time since I sent you any news from here. The times have been very dull here and nothing much happened until lately.

Our farmers have been very busy fall plowing and taking up the roots. The early part of the season was so dry that little plowing was done until late, but a fair share is now done, but as I write some turnips are still out.

Of course we had the election but it was very quiet, the quietest I think ever Proton experienced. Mr Hartman as I before mentioned had been around organizing his friends and his friends had a meeting here and in several of the school houses. Dr Sproule had one meeting here two nights before the election and a small committee was then chosen to work for him and J W McArdle came from Markdale on election day to look after his interest. This was all that was done for him in this polling division although there was a large vote polled here and everything was quiet and the people were very sociable and agreeable. We have a report that Proton had a Vice-President appointed by the riding Convention of Conservatives, that he held the office as such for years, felt proud of it, but when it came to work at the election he resigned, so they had no organization here.

We have before mentioned that William Deans got married last spring and he and wife went north to Sault St. Marie to work, but now he has returned sick. He has taken up house in Dundalk and is very low.

Mrs Arch Ferguson has been on the sicklist for some time. She visited doctors in Toronto and is back again not much better.

A Mr Rondals of the Guelph Police force drove up here with a horse and buggy before the snow storm and staid with his friend Mr A H Burnet, so when the snow storm came he was stuck. While the sleighing was good he left his buggy here, borrowed a cutter and went towards Durham to see friends. Then the thaw came and he is there with the cutter. He intended to hunt some as he had three nice hounds with him.

George Belfoff, who was in Manitoba all summer, returned a few days ago.

Mr Andrew Deans, who was north working in mills has returned here.

Mr William Copeland a resident for about 20 years here, died at his residence, 14th con on 19th inst and was buried at Dundalk cemetery on 21st. He was 73 years of age. He was a good farmer. He came from Hastings County, was born in the north of Ireland and spent some years in the southern states. In religion he was a strong Episcopalian. Rev Mr Hill officiated.

Mr Thos Parslow passed away on the 22nd, his health has been bad for some years and he took suddenly ill with inflammation of the lungs and lasted only a few days. He was buried on the 24th at the Methodist cemetery 17th con. Proton. The new Methodist minister of Priceville officiated at the house and church. The funeral was large. Mr Parslow was one of the pioneers of Proton and was a hard working man in his young days before he fell ill.

On Friday evening the 23rd a social was held in the house of Miss Elizabeth Campbell in behalf of the Methodist Church fund. The minister from Priceville officiated.

Quiet a stir now in Proton about school matters. The council held a meeting on 17th Nov. here and a number of petitions came into the council to redivide all the township into school sections. This it appears had been pre-arranged by some of the Councilors and some parties, so the Council passed a motion to not receive them, but let them go to the County Council. This was done but we have not heard the result. It appears to be very unsatisfactory as neither the trustees or people knew anything of this move until the parties who were in the plot.

We here that considerable dissatisfaction exists with the Council and considerable pull among themselves. Miss S Scarlett has gone to Toronto.

Glascott.

The maiden squaw winter, which developed for a time rapidly but again vanished out of sight and turnip pulling, ploughing &c., is again in operation.

Miss Eliza Duncan who left for Toronto about three weeks ago, while there, took serious ill, her father was speedily sent for and arrived at her bedside in due time, remaining nearly a week. The patient has since been able to come home and is improving nicely.

The past week has proven to be rather an eventful one, in which we have witnessed the pleasures of a wedding and the sadness of a death. The former event took place on the 14th inst., at the residence of Mr Chas. Boyle, when his second daughter Elizabeth was made the wife of the man of her choice in the person of Mr George L Ledingham of Dornoch. The happy event took place about five o'clock p. m. Miss Wray Jackson of Holiac Centre commenced to play the wedding march. Rev Mr Graham of Dornoch, took his place as officiating clergy. The bride was escorted from the parlor and was given away by her brother William and the rest of the bride party having taken their places Rev Mr Graham lawfully began to make them man and wife. The bride was ably assisted by her sister Hannah while the groom was attended to by his brother Mr A Ledingham of Paisley, after the customary congratulations being over the assembly sat down and partook of a richly prepared dinner for the occasion and after ample justice had been done in this line all prepared to spend a pleasant evening in different amusements to their heart's content till

Hampden. Intended for last week. On Nov the 14th the home of Mrs Geo

near midnight when all dispersed to their homes wishing the happy couple a pleasant voyage on the sea of time. Two large tables were heavily laden with useful and ornamental presents to the bride, showing the esteem in which she was held by her numerous friends. We noticed in the display a \$5 bill sent by a relation, also in a velvet case lay a \$10 gold piece which would make your eyes glitter, the case and contents given by the friends were equal to the above sums. Altogether it was a pleasant affair and the young couple start out on life's voyage with brightest prospect in view. Congratulations.

The death referred to above was that of Mrs John English who departed this life on Tuesday the 20th inst. As will be remembered by some the deceased lady's husband presented her about four months ago, he being over ninety and she over eighty four years of age. Just one week previous to death the aged lady while sitting near the stove became unconscious and was removed to her bed where she remained in this condition until she died. The remains were on Thursday, followed by a large number of friends and neighbors to the Latona cemetery and there interred beside her late husband. Rev Mr Graham of Dornoch officiated at the house and grave. Deceased leaves to mourn her loss three sons and two daughters, R. E. and Richard resides here Thomas at Chippawa Falls, Wisconsin U. S. and the two daughters reside in Chicago, U. S.

### Henry's Corner.

Things are looking up around the corner for Andrew Henry has purchased a new organ from C McKinnou. Mrs David Hamilton we are sorry to say is very poorly at present with an attack of bilious fever, but we hope to hear of her speedy recovery. Mr Moreland Matthews is home just now and is preparing to move onto his farm which he purchased in Proton and the girls are all wondering who will be the lucky one.

Messrs George Henry, James Banks and Thomas Lawrence left for Hepworth for the winter but returned on Thursday as the swamps were all flooded and the boys do not care for a bath this time of year.

Robert Matthews purchased a fine horse the other day, and it had the misfortune to take blood poison in the leg, but is getting better again.

Mrs Adams sr near Dornoch is very poorly just now with appendicitis but we hope to hear of her recovery before writing again.

Master Willie Hunter has gone to Ogdensburg, New York State, to have his stuttering cured and we are glad to hear he is progressing very favorably and will soon be home again.

We here some reports going around of a pie social to be held in S S No 12 and we heard some of the boys saying they wished it would hurry up before the roads get to bad and the nights too cold so they could get standing a little longer at the little gate.

R Picken and a young lady from Beattuck visited at John Allan's the beginning of the week.

We see quite a number of the school children wearing rather long faces just now because they are losing their teacher at the end of the year and we believe they have engaged Miss Gordon of Durham for next year and we hope she may do as well in the future as the present one has done in the past.

### Hampden.

Intended for last week. On Nov the 14th the home of Mrs Geo

Henderson, Hampden, was the scene of a pretty and happy event. The occasion being the marriage of her third daughter Miss Maggie, to Mr Robt Johnston of Beattuck. At a quarter past five the bride entered the drawing room on the arm of her brother Jas while Mrs R Morris and Mr Wm Johnston brother of the groom played the wedding march. The ceremony was performed by the Rev Mr Craigie in the presence of some 65 near relatives and friends. The bride looked pretty in her going away dress of dark blue cloth. The bride being attended by the groom's sister Miss Lena, who looked quite smart in cream cashmere. Mr John Henderson brother of the bride assisted the groom through his somewhat trying ordeal. At the conclusion of the ceremony the appropriate congratulations were warmly tendered, after which all sat down to a capital supper. The bride received many valuable and useful presents. The evening being spent in music and games. At a late hour the guests dispersed to their homes well satisfied the knot was well tied.

Mrs Thos Geddes is at present visiting friends in Hepworth.

Mrs Jas Kerr sr is at present under the Dr's care.

Mr Jas Henderson sr has gone to Earrie to reside with his daughter Mrs R Luick.

Ma Jas McAuley called on friends here last week. We would like to know where A G was till the wee sma' hours one evening last week. Trilby.

### ADVERTISING PAYS

provided that the advertiser is able to do what he advertises to do and a man is a fool to pay good money for advertising what he is not able to carry out for the public soon find out that such a man is a deception and a fraud. I am not professing to do business for fun or entirely for the other fellow's benefit but I have found during the twenty years that I have been doing business in Hanover and Durham that I can make the most money for myself by doing the very best I can in every instance to save money for my customers. Every customer who once does business with me to his own profit continues to patronize me and gives me, not only his business, but his influence and this accounts for the very large business that I am doing to-day. Farmers are now busy and will not be paying much attention to business affairs while busily engaged on their farms. Some of them, however, will require to borrow money and I wish to say that I am at present lending at five per cent and in some cases at less. I am also paying closer attention than ever before to the collection of old debts and claims placed in my hands will be collected if it is possible by any means in the world to get the money—no charge for my trouble if nothing collected. I also buy old notes. I have had great success in setting up and arranging business entanglement and difficulties and in making settlements with creditors and any such business placed in my hands will be faithfully attended to the profit, I think, of them who deal with me. I have always a number of farms in hand which I am able to sell at very low figures and on very easy terms. After so long a residence in this locality I have formed a connection with all the leading Loan Companies and when they have farms in hand for sale they are placed in my hands and I am thus always in a position to offer bargains. I have always on hand farms and other properties belonging to myself which I am always ready either to sell or exchange for other property. Just now I happen to have a splendid 100 acre farm and a very fine 64 acre farm, both well situated in Bentinck and each having good buildings. I will sell them or trade them. I also offer at a sacrifice 100 acres, belonging to a man who has gone out west and is bound to sell at some price. I place insurances in good companies at lower rates and in fact attend to all kinds of financial business. My rule continues to be "Always prompt—never negligent."
