The "Quick Move" Basis

Of Selling Soods.

It takes some time and work to measure and count the thousands of dollars worth of goods in this Big Store. We are just about through however. We discovered quite a number of articles in our shelves which we consider should have sold last season and rather than keep them any longer we turn them over to you at extremely low prices. Some instances 1 regular price.

Its impossible to mention all or even one quarter in paper, but we do say candidly that we intend that these goods will go out on the "quick move" system. This is your harvest time and our losing time. Our Store Room is filling up with Spring Goods ready to be opened as soon as we make room for them.
