POSSIBLY A NEW LEADER.

A movement is afoot among the Conservative party in Ontario which may result in a change of masters. Some people may distrust it on the principle that it's better to hear the ill than to fly to hear the ill they know not of. At any rate, the movement indicates that the Conservative party is dissatisfied with itself, and chafes at the old leaders, who have ridden everywhere for a fall. The men who are thrust forward by the new shuffle are W. F. Maclean, M. P. and Dr. Beattie Nesbitt, whose political ambitions so far have been equalled only by his disappointments. With these two gentlemen in the foreground it is not unreasonable to suspect that Clarke Wallace lurks somewhere behind the scenes. Dr. Nesbitt has been known for a long time as Mr. Wallace's aide-de-camp, and Mr. Maclean has on one or two occasions used the knife for him, notably when Mr. E. F. Clarke was defeated for Mayor of Toronto because he didn't suit Mr. Wallace's book. Of course it is pure speculation, but it's worth while observing that Mr. Wallace's prospects at Ottawa are closed. He can never hope to be a leader of the Conservative party in the Federal House, and his eyes may well turn wistfully to the Provincial arena, where he imagines a fair chance of being Caesar. Mr. Wallace can never be acceptable to Quebec. He has no career as a unifier in front of him. He must follow his bent, which is to be sectional and extremist. The new movement may mean, therefore, that Mr. Wallace is to transfer his activities, and that the next Provincial election will again see the Protestant horse galloping through the land. This horse is a bad steeplechaser. It has always thrown its riders, as Sir William Ralph Meredith might testify if he were consulted. However it is not the cue of the new movement to consult anybody. Mr. Whitney, we are told, endorsed the new constitution, and so did the party organizers when submitted to them. But the rub lies in this—they were not consulted until the constitution was made and the movement fairly launched. In fact, they were held up, and with the pistol under their noses they threw up their hands. Ex.

VICTORIA.

The Scientific American though dealing with the hard facts of Science and Art has the following touching tribute to our late Queen.

"As a journal devoted to the interests of the arts and sciences, we offer our tribute of respect to the august sovereign, whose reign of three score and three years, just closed, has witnessed an advancement of mankind in the history of the world.

How far the manifold virtues of the Queen conducted to the industrial pre-eminence of the people over whom she ruled—a pre-eminence which is only now being challenged—is a matter for conjecture; but if, as some affirm, the stability of a nation is to be measured by the purity and strength of its home life, we may well believe that to this noble lady, who was at once a model mother, wife, widow, and Queen, much of England's greatness is due.

In an age which is, or is supposed to be, less sympathetic and more cynical than any that preceded it, there is something profoundly reassuring in the universal wave of regret that swept around the world with the tidings of her death; for, in the instantaneous, unsolicited display of sympathy that broke forth, as in this city, in a thousand half-masted flags, we see the impulsive tribute of the twentieth century world to a lady who, amid the unbounded opportunities for display and self-aggrandizement that surrounded her throughout the sixty-three long years of her reign, preferred always to be queenly among women rather than queenly among queens. Yet she was both; and it is in the happy commingling of her public and private virtues that she has won the love of her people and the profound respect of the civilized world.

The Proton township Council appointed a committee to consult lawyer McKay, of Owen Sound, as to taking action against the Owen Sound Sns for slandering the council regarding the Patrick Ryan case. I would advise the township fathers to not be so quick going into law for a small affair, the Sns perhaps want a little too far about the Proton Council, but some times newspaper men are led a little astray and we all know here that poor Ryan was not used any too good by the Proton Council.

There is great preparations for building next summer, in Proton, three bars close to Hopeville and a number of brick houses are going up in our township.

As this winter has been noted for entertainments of various kinds another enjoyment broke out on the 8th, last week, when a few in number took the home of Mrs x McDougall by surprise, an aged lady of eighty two yet representing the age of thirty in social spirit.

Pastor Leslie exchanged pulpits with Rev Mr Patterson, of Chesley, last Sunday.

Quite a number of the friends and neighbors met at the home of Mr R Boice, on Friday night last where a good time was spent till the wee small hour in the morning.

GENERAL ROBERTS

Says, in speaking of the part taken by the Canadians at the battle of Paardeburg, that it was their forward position which was the final move that compelled commandant Cronje to lay down his arms on the anniversary of Majuba Day.

The Weekly Globe is enabling its subscribers to hand down to their children an excellent memento of that important event by presenting them with a cleverly executed picture which conveys a very correct idea of the Boer laager and the position of the Canadian troops at that time.

Mr Fredrick Hamilton, the Globe's correspondent and others, who were eye-witnesses, express the greatest satisfaction with the picture, and it is certainly worthy of that Journal's enterprise in making it possible to keep the event ever in memory. The picture may be secured by becoming a subscriber to the weekly Globe at the regular price. The picture can be seen at this office.—Read our clubing rates.]

The Walkerton Telescope says:

This week it is our sad duty to chronicle the death of Mr Anthony Robertson which occurred on Friday evening last at 7.30, p. m. Mr Robertson was born in the County of Cumberland, England, in 1823 and was therefore 78 years of age at the time of his death. Mr Robertson came to Canada in the year 1879 and spent that year in the County of Oxford.

In January 1880, Mr Robertson came to Bruce County, settling on the farm continuing to remain there until the time of his demise. Deceased was a member of the Methodist church, and was a liberal in politics, and was an excellent man respected by everyone. He being a widower for the past eight year's leaves a family of twelve to mourn his loss, six sons and six daughters. Jos. on the homestead, Thomas on the adjoining lot Anthony in Delta Co. Mich. Jacob and Wm. in Detroit, Jacob in Peterboro Estier at home, Mrs Ridley of Bay City, Mrs Tackett in Detroit, Mrs Teasdale in Bentinck, Mrs Burgess in Durham, Mrs Childs in the vicinity of Walkerton.

The funeral took place on Tuesday and was very largely attended, the service being conducted by the Rev. R. L. Ockley. On the coffin was a beautiful wreath of flowers (contributed by the members of the family) in the form of a wheel two spokes and two fellows being out to represent breaks made in the family circle, by that griu reaper, death.

Also a beautiful bouquet of flowers the contribution of Mr and Mrs C. W. Keeling. The decorations at the grave were of a striking and impressive character it being lined throughout with evergreens.
