

MR GEORGE BINNIE.

The selection of this gentleman by the Reform Convention last week as their Candidate at the next Provincial elections brings him into prominence and a few words about him is in order.

Mr Binnie was born in Scotland nearly 50 years ago, and at the age of 11 yrs came with his parents to Canada, and is thus practically a Canadian in education, growth and sentiment. He has always resided in Glenelg township and is per- haps the widest know personality in the Riding outside a few of the men who have previously tested public opinion. His work in connection with the Farmers' Institute, and with S. Grey Agricultural Society is responsible for this prominence, and it can be safely said that to him more than to any other one man can be ascribed what ever good has been accomplished by the former Society in its far-reaching operations. As the efficient Secretary of the Institute he has been in touch with hundreds of farmers at its meetings all over the Riding, and not only in the routine of the office has his industry and faithfulness been shown but his platform contributions have been neither few nor small and his part in the discussions has been marked by a public spirited intelligence greatly to his credit. As a director of the Agricultural Society his services have been in constant request, and his aesthetic tastes in flower and fruit departments especially have been very valuable.

Mr Binnie served his township as councillor and reeve for many years, and his abilities in the lesser body were soon recognized in the larger County Council of which he was to say the least, a brilliant member. He held the chairmanship of some of its most important committees, and was honored by his fellow councillors with the wardenship of the County the highest municipal position obtainable.

Mr Binnie is a man of great native intelligence, is widely read on most subjects and especially well informed on matters relating to the farm.

On the platform he is perfectly at home and is a good and clear speaker. Though scarcely claiming eloquence for him, he is a good debater, and would make no mean showing in the wider field of the Legislature to which we hope to see him elected.

A clear-headed, intelligent man, an enthusiastic and progressive farmer, a politician trained thoroughly in municipal work, he is just such a one as farmers and business men every where should feel honored in supporting. By electing Mr Geo. Binnie to a seat in the Legislature, South Grey would have a worthy representative to send down in support of the best premier and the best government Ontario ever had.

Mr Binnie is a member of the Presbyterian church, and is highly respected as a neighbor and a citizen for many estimable qualities.

His rivals at the Convention, Messrs McCannel and Morice are both worthy men and good farmers and the party, and liberal minded men everywhere, could have supported either with great heartiness. Still it is admitted that from a party stand point Mr Binnie's claims are stronger than either and thus being the case the warmest and heartiest support is to be looked for.

We congratulate Mr Binnie on the prestige which placed him in the lead at the convention, and trust his many merits and that of the government he supports, may place him in the lead at the polls.

Another New Department—Dressmaking

Not before it was required however, for our customers were complaining that they could not get their dress goods made up. We have secured the services of The Misses Hughes of Durham who will superintend the Department for us.

All work will be guaranteed and promptly made up. Buy your Dress Goods and Linings here, then all you require to do is walk upstairs and leave your order with Miss Hughes and instead of waiting 3 months for your dress you can have it home with you in a few days.

All our New Goods are in. See Them.

ROBB.

Since our last budget no less than three weddings have come off, as follows:

On Wednesday, Feb. 27th, Mr. Wm. McDougall was married to Amy second daughter of Mr. J. Ross, 3rd con. On March 7th, Rev. N. A. McDonald of Lornessville, formerly of Cedarville, was married to Sarah only daughter of B. A. Fraser. Same day Mr. Robinson, of Meaford, was united to Miss Floss McDonald, youngest daughter of Mr. H. McDonald.

Your correspondent will not go into details about dress and presents, as it would take too much of your space. The first couple take up their abode on lot 1, con. 9. The 2nd go to Lornessville. The last to Meaford. We wish them all happiness.

W. A. Fraser and his daughter Maggie were in attendance at the wedding of Miss Fraser.

BALSAM VALLEY

The people of this Valley are all well. Miss Mary E McDonald is able to be around again.

The weather is soft to-day threatening rain and we hope that it will come and melt the mountains of snow which prevent us from seeing our neighbors houses.

Mr Colin Lamont's sale came off last Friday with success, everything bringing high prices, colts bringing \$61, cows \$39 and sheep \$19 a pair.

The young people of Brownsville, Boothville and Balsam Valley making up two sleighloads drove out last Wednesday night to Mr Jas Marshall's who moved lately onto McKechnie's farm, and put in a pleasant night, getting home some time the next day.

As a young man from Balsam Valley was going towards Boothville the other morning he heard the shrieks of a wild cat in the swamp not 80 rods off and having nothing but a book in his hands he thought it wise not to tackle it. On arriving at Boothville this young man told the Boothville gunners about it and wanted them to go back with him and kill it, but they didn't think it wise to kill Bob Small's hound so they stayed at home.

The Swamp College Methodist Soires, which took place last Monday evening was a success making heaps of money and giving in return heaps of fun. The chairman was exceedingly comical.

Hopeville.

A part of our report is a little stale this week as we sent some of these items previous and we believe they never reached the office. [Not from knowledge.]

The Methodist Church opening on the 16th con known now as Salem Church had a very successful opening and tea-party on the 3rd and 4th. I expect the Swinton Park correspondent will give full information. We understand the debt is nearly swept out. Hopeville and Esplan were well represented.

Mrs Newkirk, of Michigan, visited at Mr Joseph McArdle's lately.

The storm of Sunday March 3rd did some damage here. The roof of a shed and log stable, on the McArdle farm, was torn off, besides other buildings being a little damaged. The snow is now deep and the roads are bad through Proton.

BEYOND A DOUBT.

Letter upon letter pours in from every point in Canada testifying to the marvelous power of Dr. Pitcher's Backache Kidney Tablets to cure kidney and bladder troubles of the young, middle aged, and aged, and such other troubles as find their origin in a faulty kidney action, and they are many. Such a mass of evidence puts beyond a doubt, and shows that the Tablet is the right thing in the right place.

This is what Mrs. J. W. Hutchins, 82 Portland St., Toronto, has to say, "I cannot say too much for Dr. Pitcher's Backache Kidney Tablets. Before using them I had a gnawing pain in the back all the time, and an acute lameness across the loins. I had not so much aching in my head as between my shoulders and in the back of my neck. Since using the Tablets my back is as it used to be, and the rheumatism in the shoulders has disappeared. Formerly when I did a washing I was utterly tired out, not having a bit of energy left. This morning I did my washing in two hours and I did not mind it. I have no hesitation in recommending Dr. Pitcher's Backache Kidney Tablets, for I never had anything do me as much good."

Any readers of this paper can test the merits of Dr. Pitcher's Backache Kidney Tablets free by enclosing two cents postage for trial package to The Pitcher Tablets Co., Toronto, Ont. Regular size 50c per bottle.

Live Stock Market.

Toronto.
The demand on this part of buyers at the Western Cattle Market today was light and trade was only fair. In some lines there was occasional activity, but the feeling of dullness predominated. Prices showed no material change, and the best lots sold as quickly as ever. Exporters were rather quiet and some buyers were out of the market. Butchers' cattle were freely offered, but sold slowly. The quality was not particularly good, and buyers refused to be loaded up with poor stock. Export bulls were dull and easier. Feeders and stockers showed a little more life and some large lots were sold at steady prices. Milch cows were inactive owing to small offerings. Sheep were steady, but lambs were 25c per cwt lower. Hogs were steady and unchanged. The total run was 50 loads, 22 calves and 900 hogs.

Export Cattle—There is no improvement in the old country markets, and the demand here is rather light. The receipts were fairly good, but trade was not at all active. The highest sale reported was \$4.90 and the sum was paid for a very choice load. Other loads sold at \$4.80 and \$4.70, while medium cattle including light weights, brought \$4.25 to \$4.40.

Butchers' Cattle—Offerings were large but the demand was light and trade was dull. A good difference separated buyers and sellers, and each was inclined to wait until the other should come to terms. Choice to picked lots sold freely enough and the weakness was confined to the medium and inferior grades. Quotations are unchanged. Some fine lots sold at \$4 to \$4.25 and several loads brought \$3.75 to \$3.90.

Feeders—The business was limited to the light weights and these were fairly active. Prices are steady and unchanged, at \$3.75 to \$4.

Stockers—Offerings large and markets steady, with no change in quotations at \$2.75 to \$3.25.

Milch Cows—Only a few were offered and those were of medium quality. Prices are steady; good cows will bring \$50 each. Sheep and Lambs—Receipts unusually light, and business proportionately quiet. Prices of sheep are steady and unchanged. Lambs are weaker; grain-fed are quoted at \$3.75 to \$4.25 and barayed at \$3.50 to \$3.75 per cwt.

Calves—Demand for good veals continues and the market is steady, with prices unchanged at \$2 to \$10 each.

Hogs—Deliveries moderate and market steady. Prices are unchanged at \$6.50 for select and \$6 for lights and fat.

Rainfall .01 inch. Snowfall 18, inches. General direction of the wind S. W. to N. but very variable and blustering. Throughout Canada the snowfall during last month, as we learn from the reports issued by the meteorological office, Toronto, has been below the average, although in some dislocated districts it has been somewhat excessive, as for instance on the northwestern shores of Lake Huron, when snow falls to the depths of 39 to 40 inches, and in Manitoba, the North West Territories the snowfall was generally at an average. Sleighing was exceptionally good in all the provinces, except in British Columbia when the snowfall was light.
