WANTED.—A smart young girl to
 learn telegraphing at MacFarlane's
 Drug Store.
CEMETERY MEETING.—A meeting of
 all those interested in Durham Ceme-
 tery will be held at the Council Cham-
 ber Durham on Thursday evening at 8
 p. m.
 All persons owning plots in the ceme-
 tery or otherwise interested are invited
 to attend.
J. P. TELFER,
 Secretary.

Major Galloway, one of the No. 2
 Dis. staff officers was in town Friday
 and made an examination of the arms
 and accoutrements of No. 4 Co., 31st
 Regiment. We believe at this summer's
 camp at Niagara the Regiment is to be
 supplied with the Lee-Enfield rifle,
 which are to be kept in store, when not
 in use at the regimental headquarters
 in Owen Sound.

BEGINNING IN TIME.—The Directors
 of the S. Grey Agricultural society
 have part of the copy for the prize list
 ready for the printer: much earlier
 than usual. The show this year will be
 on Sep. 24 and 25, and we think Pres.
 Edge and Secy Davidson should at once
 lay plans to capture the royalties for
 the second day as they will just have
 time to get here, landing at Halifax on
 the 21st.

Mr. Con Knapp at considerable
 trouble and expense on Monday and
 Tuesday lifted and moved a big maple
 to replace a dead one near his property.
 His enterprise will be hope be "catch-
 ing." A move is on front in Upper
 Town to have both sides of the street
 from the hill northward planted with
 maples. We hope to see this move re-
 sult in making one of the pleasantest
 streets in town out of our at present
 brick and barren appearance.

Buy your garden seed by the oz at
 MacFarlane's Drug Store.
 An editor of a contemporary says:
 "Send your items of news when they
 are fresh. We don't like to publish
 births after the child is weaned, a mar-
 riage after the honeymoon is over, a
 death after the widow has married
 again, nor the notice of an entertain-
 ment when the job is done elsewhere
 and the editor is charged for admission"

CRISPIN BRIDGE.—Grey County Com-
 missioners, Ries, McKinnon and Gordon
 and Bruce County Commissioners,
 Cannon, Donley and Fischer, met in
 Hanover, on Tuesday and drove out to
 inspect the Crispin bridge and the Saug-
 een river at the point where it crosses
 the county line. We understand the
 commissioners decided to engage an
 engineer to look over the ground and
 give them estimates of the probable
 cost of a bridge. We trust this latest
 move is the beginning of the end, and
 that the end is near.—Post

NOT SO BAD.—A good story is told of
 a skeptic who was fond of getting into
 arguments of religion. Talking to a
 Salvation Army lassie he asked her if
 she really believed that the whole
 swallowed Jonah. The lassie replied
 that she did not know, but when she
 got to heaven she would ask Jonah.
 Her male acquaintance was quick to see
 his opportunity for a joke, and respond-
 ed with, "But what if Jonah should not
 be there?" "Oh then," replied the cap-
 tain, "you can ask him."

RIFLE ASSOCIATION.—A number of
 citizens of town and vicinity have re-
 quested Lieut. Torry to write to the
 Militia department as to the steps to be
 taken for the formation of a Rifle
 Association in town as proposed by the
 Department. The intention we believe
 is to supply each member with 100
 rounds per yr. of ammunition and suf-
 ficient rifles for the Association's use.
 We hope the application will be
 successful. In the meantime Lieut
 Torry is ready to receive names of in-
 tending members, so as to know the
 number of rifles and quantity of
 ammunition to be sent for. Pass in

DAVID WHITEFORD DEAD.—The very
 sad intelligence reached Mr. and Mrs.
 Robert Whiteford, of Normanby,
 yesterday, that their son, David, had
 died the previous evening at Hawkes-
 bury, of peritonitis. The parents were
 nearly distracted with grief, never hav-
 ing known that their son was ill.
 David, who was a teacher by profession,
 was known to a good many in town.
 He was a well-built, intelligent young
 man, and his death is very sad. The
 remains will be brought home.
 Deceased was 26 years of age. He had
 been principal of the Hawkesbury
 public school for two years. He taught
 the Hampden school at one time.—Post.

 Farlane's Drug Store.

Rev. W. E. Norton, Baptist Minister,
 Owen Sound, is leaving there to accept
 the position of superintendent of Bap-
 tist Home Missions left vacant by the
 death of Rev. J. P. McEwen.

GETTING THROUGH.—This week the
 enumerators of several districts have
 completed their enumeration and they
 have with few exceptions been well re-
 ceived and freely furnished with the
 information they are after.

Mr. S. F. Morlock this spring, in his
 own premises, is showing considerable
 enterprise. The large mirror at the
 back has received many enonniums and
 has completely transformed the inside,
 while the outside is being transformed
 also by a painting finish of black and
 gold.

ASSIGNED.—We notice by a Mt.
 Forest paper that Mr. Colin Blyth, of
 Normanby, has made an assignment for
 the benefit of his creditors. We learn
 from another source that an investiga-
 tion of Mr. Blyth's estate shows him to
 be perfectly solvent. The usual proce-
 dure will have to be followed, but it is
 to be hoped no sacrifice of property will
 result.

A BOGEY.—We received a long tele-
 gram from Minister of Agriculture
 Fisher on Tuesday, warning us a Census
 Commissioner, against the use by enu-
 merators of a schedule reputed to be
 being used for the collection of political
 information. No such schedule is or
 has been in the hands of South Grey
 enumerators to our knowledge and we
 would be glad to learn of one instance
 where any of our 38 enumerators saw
 such a schedule sought for such infor-
 mation or placed it on record. We
 fancy they find the regular schedules
 exacting enough to occupy their time
 fully without dabbling in politics.

BLACK AND GOLD.—Mr. J. A. Hunter,
 "The Big Store" has led the van in store
 decorations by having his store front
 tastefully brought out in black and
 gold, thus heading off dame nature who
 is a little slow in getting her spring
 colors on. While the outside is attrac-
 tive the windows are much more so
 being artistically draped and having a
 large number of admirers. Talking of
 windows, we think we never saw the
 windows of Durham in general looking
 so well and having greater care put on
 to them. Better than all there are
 more people than ever looking at them
 and best of all is we believe that more
 people than ever are buying in the
 stores they belong to.

DIED IN LONDON.—The following
 obituary notice has a local reference.
 It reached us on a post card signed
 "Friends of Family," and we give it as
 it came: "There died in London, on
 April 9th, at the residence of Geo.
 Hughes, 561 Bathurst St London, Mrs.
 Honour Gomersal, widow of late Jos.
 Gomersal and mother of Geo. Hughes,
 at ripe age of 81 years. Deceased's
 funeral was held Thursday April 11th
 and was largely attended by sorrowing
 friends. She leaves to mourn her loss
 5 children of whom 3 attended her
 deathbed, her daughter Mrs. R. Yet-
 man, Toronto junction, Mr. R. Hughes,
 Buffalo, N. Y. and Geo. Hughes with
 whom she made her home. Some of
 the grandchildren attended her funeral,
 also Mrs. B. Vaught and daughter of
 Mount Dennis and Mr. Geo. Hughes'
 family. Mr. Archie Hughes well known
 in Durham as scrap iron buyer is one of
 her grandsons.

BUSINESS INTEGRITY.—Very pleasing
 indeed is the action recorded below
 which we take from an exchange.
 Mr. Zoellner is a brother-in-law of Mr.
 S. F. Morlock of this town:
 "Mr. E. F. R. Zoellner has issued in-
 vitations to his personal and business
 friends in Mt. Forest and elsewhere, to
 the number of over a hundred, we
 understand, requesting the pleasure of
 their presence at a complimentary
 banquet to be held at the Arlington
 Hotel, Toronto, Wednesday evening of
 next week, 17th inst., when he proposes
 voluntarily to pay in full all claims on
 Zoellner estate of 1896. Mr. Zoellner's
 conscientious action in wiping out all
 balances remaining from his assignment
 of five years ago not only does him
 credit, but stands out as a unique
 example of honorable dealing and an
 unflinching determination to discharge
 what he chooses to consider a moral
 obligation, and it is that solely, no
 person having a legal right to the
 balances Mr. Z. is about to pay, and
 which amounts to many thousands of
 dollars. As our reporter has been
 honored with an invitation, we hope to
 be in a position to fully report the
 banquet in our issue of the 25th."

DOMINION EXPERIMENTAL FARMS:

**Uniform Co-Operative Dairy Herd
 Test Record**
 The attention of Canadian farmers
 interested in the development of Cana-
 da's greatest industrial factor, the
 Dairy Herd, is drawn to the following
 letter, recently sent out to a few farm-
 ers in each province of the Dominion:
 "Central Experimental Farm,
 Ottawa.

Dear Sir,
 Your name has been handed
 to me as that of a farmer who is par-
 ticularly interested in the production
 of milk. It is a well known fact that
 the great majority of dairy herds, if
 we may judge by cash returns alone,
 are losing investments. It is, how-
 ever, certain that this need not be the
 case if sufficient care and intelligence
 are exercised in selecting and feeding
 the cows intended for milk producers.
 So, in order to be able to work more
 effectively towards improvement along
 this line, I am desirous of securing
 some exact information as to the meth-
 ods of feeding followed in different
 parts of Canada. I should, therefore,
 be much indebted to you if you would
 write me briefly upon the following
 points:

- 1—Kind and quality of roughage
 ration fed to your milking cows in
 winter.
- 2—Kind and quantity of grain fed
 your milking cows in (a) Summer, (b)
 Winter.
- 3—Quantity of milk yielded per cow
 yearly.
- 4—Do you use pure-bred bulls?
 What breed?
- 5—What use do you make of by-
 products (whey, &c.) if you have any?

Would you care to carry on a simple
 dairy herd test during 1901 in conjunc-
 tion with dairymen in different parts
 of Canada and us here? The only ex-
 pense would be a spring balance for
 weighing the milk. We would fur-
 nish you with blanks each month for
 keeping the record. If Canadian
 dairymen are to raise the average
 yield of their herds and make a profit
 it must be by first finding out what
 their individual cows are doing. If
 the cow is not paying her keep and
 leaving a good profit for the dairyman
 either the cow is no good or the dairy-
 man is not feeding her properly. If
 you are really interested in the dairy
 business and care to go into a co-oper-
 ative test as mentioned above I should
 be pleased to send you further particu-
 lars re the same. In any case, I
 should like to hear from you on the
 aforementioned points.
 Yours very truly,
 J. H. GRISDALE,
 Agriculturist."

The replies elicited by this letter
 were of such a character as to indicate
 the advisability of making the matter
 more public. With such an end in
 view, the foregoing is given for pub-
 lication.

It is hoped that many of our dairy
 farmers may see the importance and
 necessity of keeping such records as
 are suggested, and that they may
 think it advisable to join in this Co-
 operative Dairy Herd Record or Test.
 Any farmer interested may obtain
 full particulars by addressing:—"THE
 AGRICULTURIST, EXPERIMENTAL
 FARM, OTTAWA." All letters so
 addressed are carried POST FREE.
